

Logilink PA0112

Logilink PA0112 USB Charger with Integrated Power Outlet Instruction Manual

Model: PA0112

1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your Logilink PA0112 USB Charger with Integrated Power Outlet. Please read these instructions carefully before using the device and retain them for future reference.

The Logilink PA0112 is designed to provide convenient power access, featuring two USB charging ports and one standard AC power outlet, all in a compact wall-plug design.

2. SAFETY INSTRUCTIONS

Observe the following safety precautions to prevent damage to the device or personal injury:

- This device is intended for indoor use only.
- Do not expose the device to moisture, water, or extreme temperatures.
- Do not disassemble, modify, or attempt to repair the device. Refer all servicing to qualified personnel.
- Ensure the power outlet used is properly grounded and matches the device's voltage requirements.
- Avoid overloading the power outlet or USB ports beyond their specified limits.
- Keep out of reach of children.
- Unplug the device from the wall outlet when not in use or before cleaning.

3. PACKAGE CONTENTS

Please check the package for the following items:

- Logilink PA0112 USB Charger with Integrated Power Outlet (1 unit)

Figure 3.1: LogiLink PA0112 in retail packaging. The packaging shows the product's brand, model, and key features, including the two USB ports and the AC outlet.

4. PRODUCT OVERVIEW

The LogiLink PA0112 features a compact design for easy integration into any standard wall outlet. It provides both USB charging capabilities and a pass-through AC power socket.

Figure 4.1: Front view of the Logilink PA0112. This image displays the two USB charging ports at the top and the integrated AC power outlet below them. Text on the device indicates "USB-Ladegerät" (USB Charger) and "Ausgang: 5V ~ 1000mA x 2" (Output: 5V ~ 1000mA x 2).

Figure 4.2: Angled view of the Logilink PA0112. This perspective shows the side profile with the two-pin European-style plug, along with the front-facing USB ports and AC outlet.

- **USB Charging Ports:** Two ports located at the top, providing 5V output at 1000mA each for charging mobile devices.
- **Integrated AC Power Outlet:** A standard grounded AC socket for connecting other electrical appliances.
- **Power Plug:** A two-pin European-style plug for direct insertion into a wall outlet.

5. SETUP

1. **Unpack:** Carefully remove the Logilink PA0112 from its packaging.
2. **Inspect:** Check the device for any visible damage. Do not use if damaged.
3. **Plug In:** Insert the Logilink PA0112 directly into a standard, properly grounded wall power outlet. Ensure it is securely seated.

6. OPERATING INSTRUCTIONS

6.1. Using the USB Charging Ports

1. Once the Logilink PA0112 is plugged into a wall outlet, the USB ports are ready for use.
2. Connect your USB charging cable (not included) to one of the two USB ports on the device.
3. Connect the other end of the cable to your smartphone, tablet, or other USB-powered device.
4. The device should begin charging automatically. The USB ports provide a stable 5V, 1000mA output each.

6.2. Using the Integrated AC Power Outlet

1. The integrated AC power outlet functions as a pass-through socket.
2. Plug any standard electrical appliance into this outlet.
3. Ensure the appliance's power consumption does not exceed the maximum rating of the Logilink PA0112 (refer to Specifications section).

7. MAINTENANCE

- **Cleaning:** Disconnect the device from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and moisture when not in use.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device not charging via USB.	Device not properly plugged in. USB cable is faulty. Connected device is not compatible or requires more power.	Ensure the Logilink PA0112 is securely plugged into a live wall outlet. Try a different USB cable. Verify your device's charging requirements.
AC outlet not providing power.	Logilink PA0112 not properly plugged in. Wall outlet is not live. Connected appliance is faulty.	Ensure the Logilink PA0112 is securely plugged into a live wall outlet. Test the wall outlet with another device. Test the appliance with another power source.

9. SPECIFICATIONS

Feature	Detail
Brand	Logilink
Model Number	PA0112
USB Ports	2
USB Output	5V, 1000mA (1A) per port
AC Outlet Type	Standard European (Schuko compatible)
Material	Plastic
Color	White
Dimensions (W x D x H)	9.3 cm x 5.2 cm x 9.3 cm (approximate)
Weight	105 Grams
Power Source	Electrical Cable (Wall Plug)

10. WARRANTY INFORMATION

Specific warranty details for the Logilink PA0112 are typically provided with the product packaging or can be found on the official Logilink website. Please refer to these resources for comprehensive warranty terms and conditions.

11. SUPPORT

For further assistance, technical support, or to view additional product information, please visit the official Logilink website:
