4. SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended that two adults perform the assembly to ensure stability and prevent damage. Clear a spacious area for assembly and keep all hardware within reach.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Support Legs:** Connect the left and right support legs to the crossbar using the provided hardware. Ensure all connections are secure but do not fully tighten screws until the entire base is assembled.

3. **Secure Armoire Body to Stand:** Position the armoire body onto the assembled stand. Align the pre-drilled holes on the armoire body with the holes on the support legs. Insert the bolts and tighten them securely.
4. **Final Tightening:** Once all components are in place, carefully tighten all screws and bolts. Avoid over-tightening to prevent stripping.
5. **Positioning:** Place the assembled armoire on a flat, stable surface.

Note: Some customer feedback indicates that the mirror may have a protective film. If the mirror appears distorted or cloudy, check for and remove any protective film from the mirror surface.

5. OPERATING INSTRUCTIONS

5.1 Using the Mirror

The cheval mirror can be tilted to your desired angle. Gently push or pull the top or bottom of the mirror frame to adjust its position. The side pins will hold it in place.

5.2 Accessing Jewelry Storage

To access the jewelry storage, open the mirror door. The door is typically secured with a small latch or lock. Insert the provided key (if applicable) and turn to unlock, then gently pull the door open. The interior features various compartments:

- Hooks for necklaces and bracelets.
- Slots for rings.
- Shelves or trays for earrings and other small items.

5.3 Using the Drawers

The two external drawers located at the bottom of the armoire provide additional storage space. Pull the drawer handles to open and push to close.

6. MAINTENANCE

6.1 Cleaning the Wood Finish

Wipe the espresso wood finish with a soft, dry, lint-free cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.

6.2 Cleaning the Mirror

Clean the mirror surface with a standard glass cleaner and a soft, lint-free cloth. Spray the cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges and damaging the mirror backing or wood frame.

6.3 Interior Care

The interior lining can be gently vacuumed with a brush attachment to remove dust. Avoid using liquid cleaners on the fabric lining.

7. TROUBLESHOOTING

- **Mirror Appears Distorted:** Check for and remove any protective film that may be covering the mirror surface. Ensure the armoire is placed on a level surface.
- **Armoire is Unstable:** Verify that all assembly screws and bolts are securely tightened. Ensure the armoire is placed on a flat, level floor.
- **Door Does Not Close Properly:** Check for any obstructions in the door's path or within the latch mechanism. Ensure the armoire body is correctly aligned on its stand.

- **Drawers Stick:** Ensure the drawers are properly seated on their glides. Check for any debris or obstructions in the drawer tracks.
