

Invision HDTV-E

Invision Ultra Slim Tilt Swivel TV Wall Bracket Mount (HDTV-E) Instruction Manual

Model: HDTV-E

INTRODUCTION

This manual provides comprehensive instructions for the safe and proper installation, operation, and maintenance of your Invision Ultra Slim Tilt Swivel TV Wall Bracket Mount (HDTV-E). Please read all instructions carefully before beginning installation to ensure correct assembly and to prevent damage or injury. Keep this manual for future reference.

Package Contents:

- Invision Ultra Slim Tilt Swivel TV Wall Bracket Mount
- Mounting Hardware Kit (various screws, anchors, washers)
- High Speed HDMI Cable (1080p 1.4v)
- 6-inch Tri-axis Spirit Level
- Instruction Manual

Figure 1: Invision Ultra Slim Tilt Swivel TV Wall Bracket Mount (HDTV-E) components, including the main mount assembly, VESA plate, and accessories like the spirit level and HDMI cable.

IMPORTANT SAFETY INFORMATION

WARNING: Failure to read and follow these instructions can result in serious personal injury, property damage, or voiding of your warranty.

- Do not install this product on walls that are not structurally sound. Ensure the mounting surface can support the combined weight of the mount and your television.
- Always use a stud finder to locate wood studs or ensure you are mounting into solid concrete/brick.
- Do not exceed the maximum load capacity of 36.2kg (80lbs).
- This product is designed for indoor use only.
- Ensure all screws are securely tightened, but do not overtighten.
- Keep children and pets away during installation.
- If you are unsure about any part of the installation process, consult a qualified professional.

SPECIFICATIONS

Feature	Detail
Model Number	HDTV-E
Brand	Invision
Material	High-grade Steel
Color	Black
Screen Size Compatibility	24-55 inches
VESA Compatibility	100x100mm to 400x400mm (Not suitable for 75x75mm VESA)
Maximum Load Capacity	36.2 kg (80 lbs)
Wall Profile (Min-Max)	55mm (2.2 inches) to 500mm (19.7 inches)
Movement Type	Tilt, Swivel
Maximum Tilt Angle	5 to 8 degrees
Included Accessories	High Speed HDMI Cable, Tri-axis Spirit Level

READY FOR ANYTHING

LOAD CAPACITY 36.2KG

55mm
WALL PROFILE

500mm
MAX EXTENSION

INVISION®

Figure 2: Key specifications of the Invision HDTV-E mount, including load capacity (36.2kg), minimum wall profile (55mm), and maximum extension (500mm).

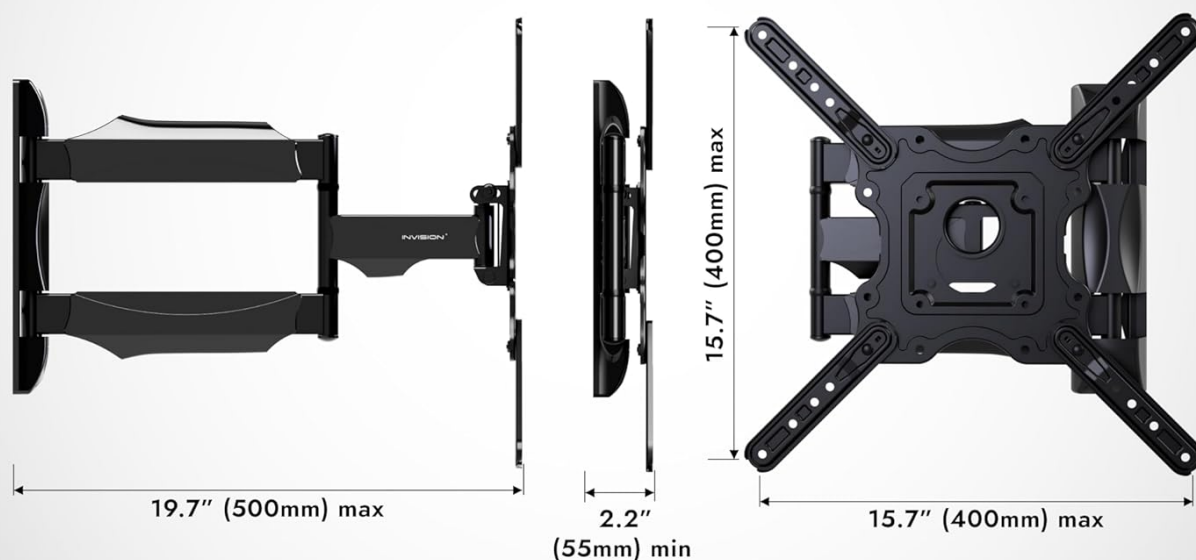

SETUP AND INSTALLATION

1. Pre-Installation Checklist

- **Verify VESA Compatibility:** Check the back of your TV for four mounting holes. Measure the horizontal and vertical distance between these holes. This mount supports VESA patterns from 100x100mm to 400x400mm.
Note: Not suitable for 75x75mm VESA.
- **Wall Type:** Determine if your wall is wood stud, solid concrete, or brick. Different mounting hardware is required.
- **Tools Required:** Pencil, drill, stud finder (for wood studs), level (included), measuring tape, socket wrench, screwdriver.
- **Weight Check:** Ensure your TV's weight does not exceed 36.2kg (80lbs).

COMPATIBILITY

INVISION®

Please check your VESA mounting hole measurements on the back of your monitor before purchase.

Measure the distance between the top 2 mounting holes (centre to centre) for the width

Measure the distance from the top mounting hole to the bottom mounting hole (centre to centre) for the height

This is your VESA

100mm (W) x 100mm (H)
200mm (W) x 100mm (H)
100mm (W) x 200mm (H)
200mm (W) x 200mm (H)
300mm (W) x 200mm (H)
400mm (W) x 200mm (H)
300mm (W) x 300mm (H)
400mm (W) x 300mm (H)
400mm (W) x 400mm (H)

PLEASE NOTE: Not Suitable for 75mm x 75mm VESA

Figure 3: Guide to checking VESA compatibility. Measure the distance between mounting holes to determine your TV's VESA pattern. The image illustrates how to measure width and height for VESA standards.

2. Attaching the TV Brackets to Your Television

1. Carefully place your TV face down on a soft, clean surface to prevent screen damage.
2. Identify the correct screws (M4, M6, or M8) from the hardware kit that fit your TV's mounting holes. Use washers if necessary.
3. Attach the two vertical TV brackets to the back of your television using the selected screws. Ensure they are securely fastened but do not overtighten. The brackets should be centered horizontally on the TV.

3. Mounting the Wall Plate to the Wall

1. **Determine Mounting Height:** Decide on the desired height for the top of your TV. Mark this on the wall.
2. **Locate Studs (for wood stud walls):** Use a stud finder to locate the center of two adjacent wood studs. Mark these locations.
3. **Position Wall Plate:** Hold the wall plate against the wall at the desired height, aligning it with the marked stud centers. Use the included spirit level to ensure it is perfectly horizontal. Mark the drill holes.

4. Drill Pilot Holes:

- For wood studs: Drill pilot holes using a 5.5mm (7/32 inch) drill bit to a depth of 60mm (2.36 inches).
- For solid concrete/brick: Drill pilot holes using a 10mm (3/8 inch) drill bit to a depth of 70mm (2.75 inches). Insert concrete anchors into the holes.

5. **Secure Wall Plate:** Attach the wall plate to the wall using the lag bolts and washers provided. Tighten all bolts firmly.

4. Hanging the Television

1. With assistance, carefully lift the television with the attached brackets.
2. Hook the TV brackets onto the wall plate. Ensure the TV is securely seated on the wall plate.
3. Engage the safety locking screws or mechanisms on the bottom of the TV brackets to prevent accidental dislodging.

OPERATING INSTRUCTIONS

The Invision HDTV-E mount offers flexible viewing options with its tilt and swivel capabilities.

EXCEPTIONAL PERFORMANCE

Figure 4: The mount's design allows for extensive swivel and tilt adjustments, providing optimal viewing angles from various positions in a room.

Adjusting Swivel

Gently grasp the sides of your television and carefully pull it away from the wall. You can then pivot the TV left or right to achieve your desired viewing angle. The mount allows for a wide range of swivel motion, up to 500mm (19.7 inches) extension from the wall.

Adjusting Tilt

To adjust the vertical tilt, gently push the top or bottom of the television forward or backward. The mount supports a tilt angle of 5 to 8 degrees. The lockable tilt mechanism ensures the TV stays at your chosen angle.

Cable Management

The mount features integrated cable management covers on the arms. Route your cables (including the included HDMI cable) through these covers to keep them organized and out of sight, ensuring a clean installation.

UNRIVALED QUALITY

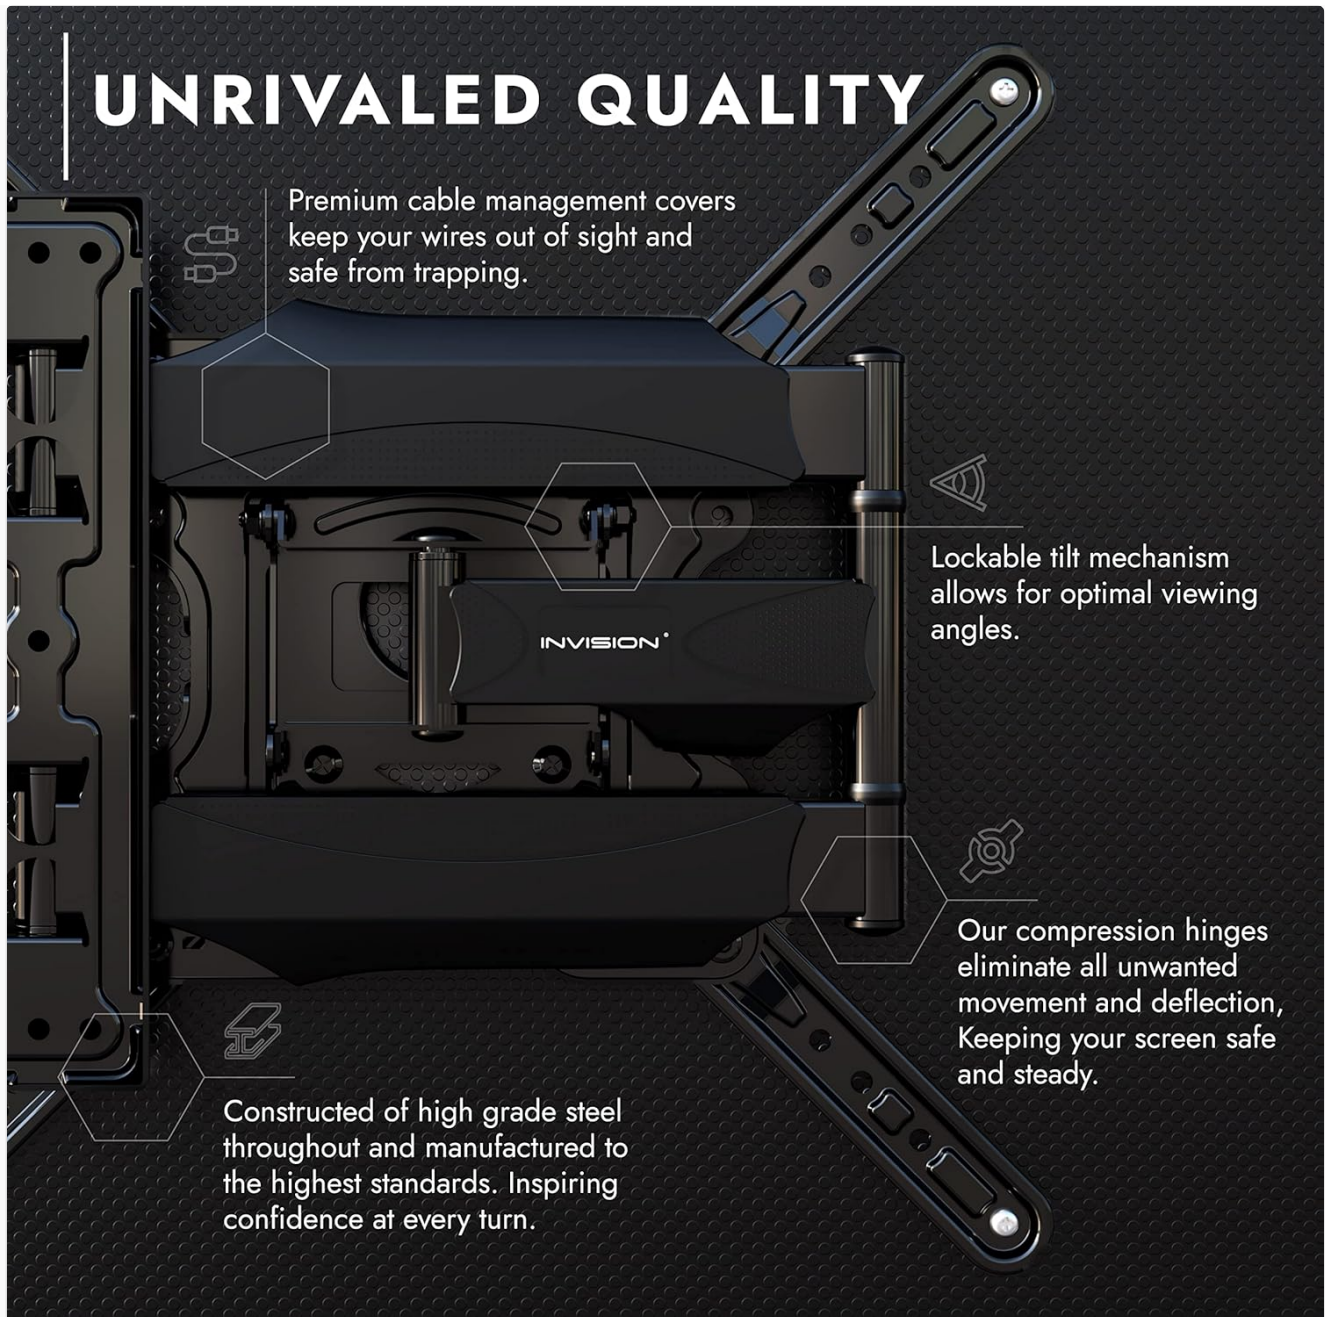

Figure 5: Detailed view of the mount's cable management system and the lockable tilt mechanism, designed for a tidy and secure setup.

MAINTENANCE

- **Regular Inspection:** Periodically check all mounting screws and bolts to ensure they remain tight. Over time, vibrations or adjustments can cause them to loosen slightly.
- **Cleaning:** Clean the mount with a soft, dry cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Lubrication:** The moving parts of the mount are designed for smooth operation and generally do not require lubrication. If you notice any stiffness, contact customer support.
- **Weight Limit:** Never exceed the maximum weight capacity of 36.2kg (80lbs).

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

TV is not level after installation.	Wall plate was not installed level.	Remove TV, loosen wall plate screws, adjust with spirit level, re-tighten.
Mount feels unstable.	Screws are loose; wall not suitable; weight exceeded.	Check all screws for tightness. Verify wall type and TV weight. If issues persist, consult a professional.
Difficulty adjusting tilt/swivel.	Mechanism might be stiff or overtightened.	Ensure no cables are obstructing movement. Check for any adjustment knobs that might be too tight. Do not force movement.
Missing parts.	Packaging error.	Contact Invision customer support immediately for replacement parts.

WARRANTY INFORMATION

The Invision Ultra Slim Tilt Swivel TV Wall Bracket Mount (HDTV-E) comes with a **25-Year Product Warranty**. This warranty covers defects in materials and workmanship under normal use. It does not cover damage caused by improper installation, misuse, accidents, or unauthorized modifications. For warranty claims or further details, please contact Invision customer support.

CUSTOMER SUPPORT

If you have any questions, require assistance with installation, or need to report a missing/damaged part, please contact Invision Technology (UK) Ltd. customer support.
Manufacturer: Invision Technology (UK) Ltd
Global Trade Identification Number (GTIN): 05060264551392
Please refer to the product packaging or the official Invision website for the most current contact information.
