Child Craft F09514.06

Child Craft Toddler Bed Guard Rail for Redmond 4-in-1 Convertible Cribs

Model: F09514.06

INTRODUCTION

This instruction manual provides essential information for the safe and proper installation and use of your Child Craft Toddler Guard Rail. This conversion kit is designed to transform your compatible Child Craft Redmond 4-in-1 Convertible Crib into a toddler bed, offering a secure transition for your child. Please read all instructions carefully before assembly and retain this manual for future reference.

IMPORTANT SAFETY WARNINGS

- **READ ALL INSTRUCTIONS BEFORE ASSEMBLY AND USE.** Keep instructions for future use.
- **DO NOT** use this guard rail if any parts are missing, damaged, or broken. Contact Child Craft for replacement parts and instructional literature if needed. **DO NOT** substitute parts.
- This guard rail is intended for use with the Child Craft Redmond 4-in-1 Convertible Crib only. Use with other crib models may result in an unsafe condition.
- Ensure all assembly fasteners are tightened securely. Periodically check fasteners for tightness.
- The mattress used with the toddler bed must be at least 51 5/8 inches (131 cm) in length, 27 1/4 inches (69 cm) in width, and a maximum of 6 inches (15 cm) in thickness.
- **STRANGULATION HAZARD:** Never use plastic shipping bags or other plastic film as mattress covers because they can cause suffocation.
- **FALL HAZARD:** When the child is able to climb out of the toddler bed, the bed shall no longer be used.

PACKAGE CONTENTS

Before beginning assembly, ensure all components are present and undamaged. The package should contain:

- Child Craft Toddler Guard Rail (Model F09514.06)
- All necessary hardware for attachment
- Instructional literature

SETUP AND INSTALLATION

This section outlines the steps to convert your Child Craft Redmond 4-in-1 Convertible Crib into a toddler bed using the guard rail. It is recommended to consult your original crib instruction manual for specific details on removing the front panel.

1. **Prepare the Crib:** Ensure the crib is empty and the mattress support is set to its lowest position.
2. **Remove Front Panel:** Carefully remove the front panel of your Child Craft Redmond 4-in-1 Convertible Crib. Refer to your crib's original assembly instructions for the correct procedure. Keep all removed hardware in a safe place, as some may be needed for future conversions.
3. **Position Guard Rail:** Align the Child Craft Toddler Guard Rail with the designated attachment points on the crib where the front panel was previously located.
4. **Attach Guard Rail:** Using the provided hardware, securely attach the toddler guard rail to the crib frame. Ensure all screws are tightened firmly but do not overtighten.
5. **Verify Stability:** Once installed, gently shake the guard rail to ensure it is stable and securely fastened to the crib. There should be no wobbling or loose connections.

OPERATING THE TODDLER BED

Once the guard rail is installed, the crib functions as a toddler bed, allowing your child to independently enter and exit. The guard rail provides a barrier to prevent accidental falls while sleeping, offering a sense of security during the transition from a crib to a larger bed.

- Ensure the mattress is properly fitted and there are no gaps between the mattress and the bed frame.
- Regularly check the guard rail for any signs of wear or damage.
- Do not allow children to hang or climb on the guard rail.

CARE AND MAINTENANCE

To maintain the quality and longevity of your Child Craft Toddler Guard Rail, follow these simple care instructions:

- **Cleaning:** Wipe the guard rail with a damp cloth. Use mild soap if necessary, then wipe dry immediately. Avoid abrasive cleaners or strong chemicals, as they may damage the finish.
- **Inspections:** Periodically inspect all hardware and connections to ensure they remain tight and secure. Tighten any loose fasteners as needed.
- **Storage:** If storing the guard rail, ensure it is clean and dry. Store in a cool, dry place away from extreme temperatures or humidity.

TROUBLESHOOTING

If you encounter any issues with your Child Craft Toddler Guard Rail, please refer to the following common solutions:

- **Guard Rail is Loose:** Check all screws and bolts. Tighten any loose fasteners using the appropriate tools. Ensure the guard rail is correctly aligned with the crib's attachment points.
- **Difficulty Attaching:** Re-read the installation steps and consult your original crib manual for proper front panel removal. Ensure you are using the correct hardware.
- **Damaged Parts:** If any part of the guard rail is damaged, discontinue use immediately and contact Child Craft customer support for replacement parts. Do not attempt to repair damaged parts yourself.

SPECIFICATIONS

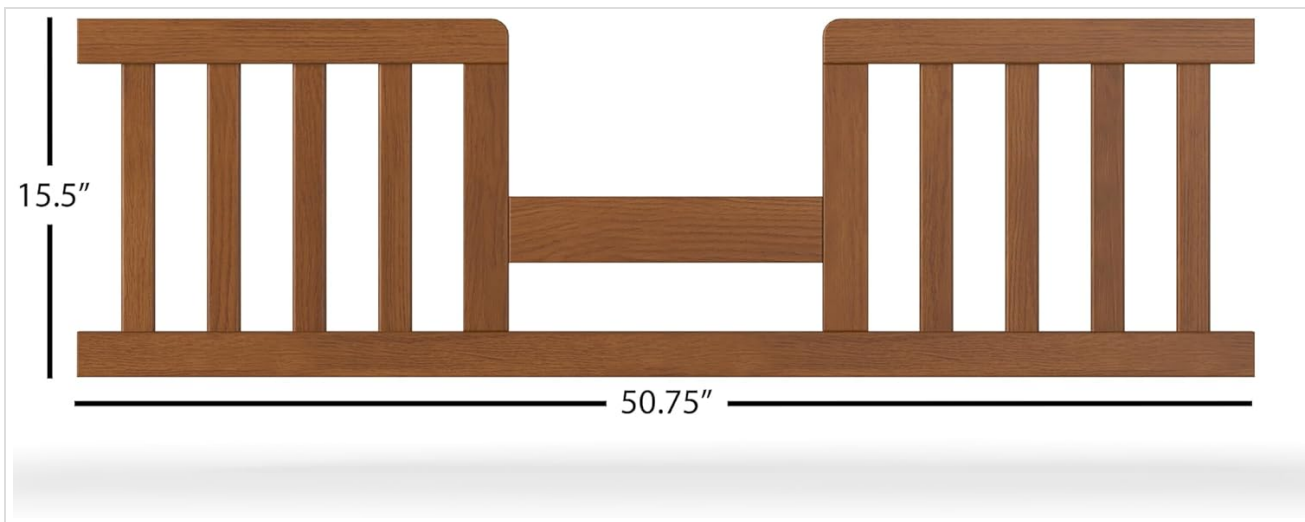

Image: The Child Craft Toddler Guard Rail with key dimensions indicated.

Feature	Detail
Brand	Child Craft
Model Number	F09514.06
Product Dimensions	53 x 19 x 2 inches
Item Weight	12 pounds
Material	Pinewood
