# CubicFun Queen Anne's Revenge 3D Pirate Ship Model Instruction Manual

Brand: CubicFun | Model: T4018H

## INTRODUCTION

---

This instruction manual provides comprehensive guidance for assembling and maintaining your CubicFun Queen Anne's Revenge 3D Pirate Ship Model. Designed for enthusiasts aged 5 and up, this intricate 3D puzzle offers a rewarding building experience, culminating in a detailed replica of Blackbeard's legendary ship. Please read all instructions carefully before beginning assembly.

## SAFETY INFORMATION

---

**WARNING:** Not suitable for children under 3 years of age due to small parts which may present a choking hazard.

- Keep all packaging materials away from children.
- Handle puzzle pieces with care to avoid damage.
- Ensure a clean, well-lit workspace during assembly.

## PACKAGE CONTENTS

---

Your CubicFun Queen Anne's Revenge 3D Pirate Ship Model package should contain the following items:

- 308 pieces of pre-cut puzzle sheets (made from durable paper and EPS foam board).
- Detailed instruction booklet with assembly diagrams.
- Specific detailed parts for features such as hidden guns, black bridge, and captain's rest cabin.

## SETUP AND ASSEMBLY

Assembly of the Queen Anne's Revenge 3D Pirate Ship Model typically takes **10 hours or more**. Patience and attention to detail are key for a successful build. No scissors or glue are required for standard assembly, as pieces are designed to interlock securely.

### General Assembly Tips:

- **Organize Pieces:** Before starting, carefully punch out all pieces from the sheets. Organize them by number or type as indicated in the instruction booklet.
- **Follow Diagrams:** The instruction booklet contains detailed, step-by-step diagrams. Follow them precisely. There are no text instructions, only visual guides.
- **Gentle Handling:** While the pieces are durable, apply gentle, even pressure when connecting them to avoid bending or tearing.
- **Test Fit:** If a piece seems difficult to fit, gently test its alignment before forcing it. Some slots may require slight adjustment.

## MAINTENANCE

---

To ensure the longevity and appearance of your 3D model, follow these simple maintenance guidelines:

- **Dusting:** Regularly dust the model with a soft, dry brush or a microfiber cloth to prevent dust buildup in intricate areas.
- **Avoid Moisture:** Keep the model away from water and high humidity, as moisture can damage the paper and foam materials.
- **Sunlight Exposure:** Prolonged exposure to direct sunlight may cause colors to fade. Display in a shaded area if possible.

## TROUBLESHOOTING

---

While the CubicFun 3D puzzles are designed for precise fit, minor issues may occasionally arise. Here are some common troubleshooting tips:

Problem	Solution
Pieces do not fit easily.	Ensure you are using the correct pieces as per the diagram. Gently wiggle the piece or slightly enlarge the slot with a small, thin tool if necessary. Avoid excessive force.
Assembled sections feel wobbly.	Double-check that all interlocking tabs are fully seated. While not required, a small dab of craft glue can be used on internal tabs for added stability if desired, especially for permanent display.
Missing or damaged pieces.	Carefully re-check all puzzle sheets and packaging. If a piece is genuinely missing or damaged upon opening, please contact CubicFun Customer Service for assistance.
