## Key Features:

- Genuine RC4848 remote control.
- No programming required for immediate use.
- Specifically designed for Telefunken TV models.
- Infrared connectivity for reliable operation.

## SETUP

---

### Battery Installation:

1. Locate the battery compartment on the back of the remote control.
2. Slide the battery compartment cover downwards or press the latch to open it.
3. Insert two AAA batteries (not included), ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Close the battery compartment cover securely.

**Note:** This remote control does not require any programming. It is ready for use once batteries are installed, provided it is compatible with your Telefunken TV model.

## OPERATING INSTRUCTIONS

---

Point the remote control directly at the infrared receiver on your Telefunken television. Ensure there are no obstructions between the remote and the TV.

### Basic Functions:

Refer to your Telefunken TV's user manual for specific functions and menu navigation details.

## MAINTENANCE

---

### Battery Replacement:

Replace batteries when the remote's response becomes sluggish or stops working. Always replace both batteries at the same time with new ones of the same type (AAA). Do not mix old and new batteries or different types of batteries.

### Cleaning:

Wipe the remote control with a soft, dry cloth. Do not use liquid cleaners, sprays, or abrasive materials, as these can damage the remote's surface or internal components.

Storage:

Store the remote control in a dry place, away from direct sunlight and extreme temperatures. If the remote will not be used for an extended period, remove the batteries to prevent leakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Remote not responding.	Dead or incorrectly inserted batteries.	Replace batteries with new ones, ensuring correct polarity.
Remote works intermittently.	Weak batteries; obstruction between remote and TV.	Replace batteries. Ensure clear line of sight to the TV's IR receiver.
Specific buttons not working.	Button stuck or internal fault.	Gently clean around the button. If issue persists, the remote may require replacement.
Remote does not control TV.	Incompatible TV model; IR receiver on TV is blocked or faulty.	Verify your TV model is compatible with RC4848. Check TV's IR receiver for obstructions.
