## Maintenance

Proper care will ensure the longevity and appearance of your die-cast model.

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the model. For stubborn dirt, a slightly damp cloth with mild soap can be used, followed by immediate drying. Avoid abrasive cleaners or solvents.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent fading of paint and decals. Keep it in its original packaging or a display case to protect it from dust and accidental damage.
- **Moving Parts:** Operate opening parts (doors, hood, trunk) gently to avoid stress on hinges and mechanisms.

## Troubleshooting

Most issues with a die-cast model are related to handling or display. Here are some common concerns and solutions:

- **Stiff Moving Parts:** If doors, hood, or trunk are stiff, apply gentle, even pressure. Avoid forcing them open. Repeated gentle opening and closing may loosen them.
- **Dust Accumulation:** Refer to the 'Maintenance' section for cleaning instructions.
- **Scratches or Paint Chips:** These are typically a result of impact or abrasive cleaning. Handle the model with care to prevent such damage. Repair may require specialized model paint.
