### Umbra Dima Mirrors (ASIN: B010XD6FTS)

# Umbra Dima Mirrors Instruction Manual

Brand: Umbra | Model: Dima Mirrors (ASIN: B010XD6FTS)

## 1. PRODUCT OVERVIEW

The Umbra Dima Mirrors are a set of three diamond-shaped decorative mirrors designed to enhance your wall decor. These mirrors are versatile and can be arranged in various patterns to suit different spaces, such as entryways, powder rooms, bedrooms, or as part of a gallery wall. They feature powder-coated metal frames and are suspended by chains with decorative rounded knobs for mounting.

## 2. PRODUCT FEATURES

---

- **Unexpected Impact:** The mounting hardware is integrated into the design, serving both functional and decorative purposes.
- **Decorative Versatility:** Suitable for various rooms including entryways, powder rooms, bedrooms, or as part of a larger gallery wall.
- **Customizable Arrangement:** Individual diamond-shaped mirrors can be hung separately or combined to create unique reflective wall decor patterns.
- **Eye-Catching Hardware:** Mirrors are suspended by delicate chains and secured to the wall with rounded, button-like knobs.
- **Durable Construction:** Made with powder-coated metal for longevity.

## 3. SETUP AND INSTALLATION

---

The Umbra Dima Mirrors are designed for easy installation. All necessary mounting hardware is included.

### **Included Components:**

- 3 Diamond-shaped mirrors
- 3 Chains (attached to mirrors)
- 3 Rounded mounting knobs (screws)

### **Installation Steps:**

1. **Plan Your Layout:** Determine the desired arrangement for your three mirrors on the wall. You can hang them in a linear fashion, a staggered pattern, or any creative configuration.
2. **Mark Mounting Points:** Hold each mirror in its intended position and mark the spot where the mounting knob will be installed. Ensure the chains hang freely and the mirrors are level.
3. **Prepare Wall for Screws:** For easier installation, it is recommended to hammer a small nail into the marked spots first. This creates a pilot hole for the mounting screws.
4. **Install Mounting Knobs:** Screw the rounded mounting knobs into the prepared holes until they are secure. The chains will hang from these knobs.
5. **Hang Mirrors:** Carefully hang each mirror's chain onto its respective mounting knob.
6. **Adjust Chains (Optional):** The chains can be shortened if desired. This can typically be done by carefully opening and closing chain links with needle-nose pliers. Exercise caution to avoid damaging the finish.

## Mounting hardware concealed by matching metallic caps provide a polished look

## 4. OPERATING INSTRUCTIONS

The Umbra Dima Mirrors are decorative items and do not have operational functions. Once installed, they serve as aesthetic enhancements to your living space.

## 5. MAINTENANCE

---

To maintain the appearance and longevity of your Umbra Dima Mirrors:

- **Cleaning:** Wipe mirrors with a soft, lint-free cloth and a glass cleaner. Avoid abrasive cleaners or materials that could scratch the mirror surface or frame.
- **Frame Care:** Clean the metal frames with a soft, damp cloth. Do not use harsh chemicals.
- **Dusting:** Regularly dust the mirrors and chains with a dry, soft cloth to prevent buildup.

## 6. TROUBLESHOOTING

---

As decorative mirrors, extensive troubleshooting is generally not required. However, consider the following if issues arise:

- **Mirror Appears Loose:** Ensure the mounting knob is securely fastened to the wall. If the mirror is swinging excessively, check that the chain is properly seated on the knob.
- **Scratches on Wall:** The mirrors are equipped with foam pads on the back to prevent scratching. Ensure these pads are intact and making contact with the wall.
