

## Brookstone 647156

# Brookstone Towel Warmer User Manual

Model: 647156

## INTRODUCTION

---

Thank you for purchasing the Brookstone Towel Warmer. This appliance is designed to provide you with warm, cozy towels, robes, and blankets, enhancing your comfort after a shower or bath. Please read this manual thoroughly before operating the unit to ensure safe and efficient use.

## IMPORTANT SAFETY INFORMATION

---

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

- Read all instructions before using this appliance.
- Do not immerse the unit in water or other liquids.
- Do not operate the unit with a damaged cord or plug, or if the unit malfunctions or has been dropped or damaged in any manner.
- Keep the cord away from heated surfaces.
- Do not use outdoors.
- Unplug from outlet when not in use and before cleaning.
- Do not allow children to operate this appliance.
- This appliance is for household use only.
- Do not place the unit near water or in areas where it may get wet.
- Ensure the unit is placed on a stable, flat surface.
- The exterior of the unit may become warm during operation. Avoid direct contact with hot surfaces.

## PACKAGE CONTENTS

---

Please check the package contents to ensure all items are present:

- Brookstone Towel Warmer Unit

- Lid
- Power Cord (integrated)
- User Manual (this document)

## SETUP

---

1. **Unpacking:** Carefully remove the towel warmer from its packaging. Retain packaging for future storage or transport.
2. **Placement:** Place the unit on a firm, flat, heat-resistant surface in a dry location, away from water sources like sinks or bathtubs. Ensure there is adequate space around the unit for ventilation.
3. **Power Connection:** Plug the power cord into a standard electrical outlet.

Image: The Brookstone Towel Warmer, a cylindrical unit with a light grey top and a darker grey body, resting on wooden feet. The control panel is visible on the top edge.

## OPERATING INSTRUCTIONS

---

1. **Loading Towels:** Open the lid and place dry towels, robes, or blankets inside the warmer. The extra-large design can accommodate two oversized towels. Ensure items are unfolded and placed loosely to allow for even heating. Do not overload the unit.
2. **Closing the Lid:** Securely close the lid.
3. **Power On:** Press the power button on the control panel.
4. **Setting the Timer:** Use the timer controls to select your desired heating duration: 15, 30, 45, or 60 minutes. The heating element will thoroughly warm the entire towel, inside and out.
5. **Heating Process:** The unit will begin heating. Indicator lights may show the selected time.
6. **Retrieving Warm Items:** Once the timer completes, the unit will automatically shut off. Carefully open the lid and remove your warm towel or item. Be aware that the item will be hot.

## MAINTENANCE AND CARE

- **Cleaning:** Always unplug the unit before cleaning. Allow the unit to cool completely. Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water.
- **Storage:** When not in use, store the towel warmer in a cool, dry place.
- **No User Serviceable Parts:** Do not attempt to disassemble or repair the unit. Refer all servicing to qualified service personnel.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in; Power outlet not working; Unit malfunction.	Ensure the power cord is securely plugged into a working outlet. Test the outlet with another appliance. If still not working, contact customer support.
Towels are not warm enough.	Overloaded unit; Insufficient heating time; Items not unfolded.	Ensure only the recommended number of items are placed inside. Select a longer heating duration. Make sure towels are unfolded and placed loosely.
Unit emits an unusual odor.	New unit odor; Foreign object inside; Overheating.	A slight odor is normal for new appliances during initial use. Ensure no foreign objects are inside. If the odor persists or is strong/burning, unplug immediately and contact customer support.
