## 2. PARTS LIST

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

Part No.	Description	Quantity
A	Headboard Panel	1
B	Headboard Legs/Supports	2
C	Hardware Pack (Bolts, Washers, Nuts, Allen Wrench)	1
D	Instruction Manual	1

*Note:* The headboard is designed to attach to a standard California King bed frame. Bed frame, mattress, and footboard are not included.

### 3. SETUP & ASSEMBLY

---

Assembly is required for this headboard. It is recommended that two adults assemble the headboard to ensure safety and ease of installation. Please follow these steps carefully.

- 1. Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches. Verify all parts listed in Section 2 are present.
- 2. Attach Headboard Legs:** Align the pre-drilled holes on the headboard legs (Part B) with the corresponding holes on the back of the headboard panel (Part A). Secure the legs using the bolts, washers, and nuts from the hardware pack (Part C). Do not overtighten at this stage.
- 3. Adjust Height (Optional):** The headboard legs typically offer multiple height settings. Choose the desired height that best suits your mattress and bed frame combination. Securely tighten all bolts once the desired height is set.
- 4. Attach to Bed Frame:** Position the assembled headboard against your California King bed frame. Align the pre-drilled holes on the headboard legs with the mounting brackets on your bed frame. Use appropriate bolts and nuts (*not included with headboard, typically provided with bed frame*) to secure the headboard to the frame. Ensure all connections are tight and stable.
- 5. Final Check:** Gently shake the headboard to ensure it is stable and securely attached to the bed frame.

### 4. OPERATING INSTRUCTIONS

---

This product is a stationary headboard designed for decorative and supportive purposes. No specific "operating" instructions are applicable beyond its proper assembly and placement. Ensure it is securely attached to a compatible bed frame to prevent movement and ensure stability.

### 5. MAINTENANCE

---

To ensure the longevity and appearance of your headboard, follow these maintenance guidelines:

- **Cleaning:** The fabric is designed to be easy to clean. For general dusting, use a soft, dry cloth. For spills or stains, gently blot with a clean, damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners, as these can damage the fabric.
- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading of the fabric.
- **Pet Care:** If you have pets, consider using protective covers to prevent scratches or damage to the upholstery.

### 6. TROUBLESHOOTING

---

If you encounter issues with your headboard, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Headboard is wobbly or unstable.	Loose connections to bed frame or headboard legs.	Ensure all bolts connecting the headboard to its legs and to the bed frame are securely tightened. Check for proper alignment.
Headboard does not align with bed frame.	Incorrect size bed frame or improper leg attachment.	Verify your bed frame is a California King size. Recheck headboard leg attachment and ensure they are oriented correctly. Some bed frames may require adapter plates (not included).
Fabric appears uneven or wrinkled.	Natural settling of upholstery or minor compression during shipping.	Allow a few days for the upholstery to settle. Gentle steaming (from a distance) may help smooth minor wrinkles, but test on an inconspicuous area first.
New product odor.	Common with new upholstered furniture.	Ensure adequate ventilation in the room. The odor should dissipate within a few days.
