iLive Electronics iSB35B

iLive iSB35B Portable Wireless Speaker with Color Changing Glow Ring

Model: iSB35B

INTRODUCTION

This manual provides instructions for the setup, operation, and maintenance of your iLive iSB35B Portable Wireless Speaker. Please read this manual thoroughly before using the device to ensure proper functionality and to maximize your listening experience.

Image: The iLive iSB35B Portable Wireless Speaker, a compact black speaker with a color-changing glow ring visible at its base, reflecting on a white surface.

KEY FEATURES

- Portable speaker with Bluetooth v2.1 support for wireless audio streaming.
- Integrated color-changing glow ring with customizable color selection.
- Wireless operating range of up to 60 feet.

- Built-in rechargeable lithium-ion battery providing approximately 3 hours of playback.
- Micro USB port for convenient battery recharging.
- Auxiliary input for wired connection to audio devices.

WHAT'S IN THE BOX

- iLive iSB35B Portable Wireless Speaker
- Micro USB to USB charging cable

SETUP

1. Charging the Speaker

1. Locate the Micro USB port on the speaker.
2. Connect the smaller end of the included Micro USB to USB cable to the speaker's Micro USB port.
3. Connect the larger USB end of the cable to a powered USB port (e.g., computer, USB wall adapter).
4. Allow the speaker to charge fully before first use. The charging indicator light will typically change color or turn off when charging is complete. A full charge provides approximately 3 hours of playback.

2. Powering On/Off

- To power on, press and hold the Power button (refer to device diagram for location).
- To power off, press and hold the Power button again.

OPERATING INSTRUCTIONS

1. Bluetooth Pairing

1. Ensure the speaker is powered on and within 60 feet of your Bluetooth-enabled device.
2. The speaker will automatically enter pairing mode, indicated by a flashing LED light (refer to device diagram for location).
3. On your device, navigate to the Bluetooth settings and enable Bluetooth.
4. Select "iSB35B" from the list of available devices.
5. Once paired, the LED indicator will typically stop flashing and remain solid, and a confirmation tone may sound.
6. You can now stream audio wirelessly from your device to the speaker.

2. Auxiliary Input (AUX)

1. Connect one end of a 3.5mm audio cable (not included) to the AUX input port on the speaker.
2. Connect the other end of the 3.5mm audio cable to the headphone jack or audio output of your external audio device.
3. The speaker will automatically switch to AUX mode.

3. Controlling Audio Playback

- Volume control is typically managed directly from your connected device.

- Playback controls (play/pause, skip track) may be available on the speaker via touch controls, or primarily through your connected device.

4. Color Changing Glow Ring

- The glow ring automatically cycles through a spectrum of colors during operation.
- To select a specific color, refer to the speaker's touch controls. A tap or press on a designated area (refer to device diagram) may cycle through colors or lock onto a preferred hue.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the speaker. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge the speaker regularly, even if not in constant use.
- **Water Exposure:** This speaker is not waterproof. Avoid exposing it to water or excessive moisture.

TROUBLESHOOTING

Problem	Possible Solution
No Power	Ensure the speaker is charged. Connect the Micro USB cable to a power source and allow it to charge.
Cannot Pair via Bluetooth	<ul style="list-style-type: none"> ◦ Ensure the speaker is in pairing mode (flashing LED). ◦ Make sure Bluetooth is enabled on your device. ◦ Move the speaker closer to your device (within 60 feet). ◦ Forget "iSB35B" from your device's Bluetooth list and attempt to re-pair. ◦ Turn both the speaker and your device off and on again.
No Audio Output	<ul style="list-style-type: none"> ◦ Increase the volume on both the speaker and your connected device. ◦ Ensure the correct input mode (Bluetooth or AUX) is selected. ◦ If using AUX, ensure the 3.5mm cable is fully inserted and functional.
Glow Ring Not Changing Color	Refer to the operating instructions for controlling the glow ring. Ensure the speaker is powered on.
