4. ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Milan Cathedral 3D Puzzle. The estimated assembly time is approximately 4 hours. No glue or scissors are required as pieces interlock precisely.

1. **Unpack Components:** Carefully remove all puzzle sheets and the instruction manual from the box.
2. **Review Instructions:** Read through the entire instruction manual before beginning. Familiarize yourself with the illustrations and numbered steps.
3. **Identify Pieces:** Each puzzle piece is numbered. Locate the corresponding pieces for each step as indicated in the manual.
4. **Punch Out Pieces:** Gently punch out the required pieces from the foam boards. Be careful not to tear or bend the pieces.

5. **Assemble Step-by-Step:** Follow the detailed illustrations in the manual to connect the pieces. Ensure each piece interlocks securely.
6. **Pay Attention to Detail:** Some sections, particularly the spires and intricate facades, require careful alignment. Refer to the diagrams closely.
7. **Complete Sections:** Assemble smaller sections first, then connect them to form larger parts of the cathedral.
8. **Final Assembly:** Once all sections are complete, connect them to form the final Milan Cathedral model.

7. MAINTENANCE

To ensure the longevity and appearance of your CubicFun 3D Puzzle Milan Cathedral model:

- **Dusting:** Regularly dust the model with a soft, dry cloth or a soft brush to prevent dust accumulation in intricate areas.
- **Storage/Display:** Display the model in a stable location away from direct sunlight, high humidity, or extreme temperatures to prevent warping or fading.
- **Cleaning:** Avoid using liquid cleaners or abrasive materials, as these can damage the paper and foam board components.
- **Handling:** Handle the model with care, especially the delicate spires and architectural details, to prevent breakage.

8. TROUBLESHOOTING

If you encounter any issues during assembly, consider the following:

- **Pieces Not Fitting:** Double-check the piece numbers and the corresponding steps in the instruction manual. Ensure pieces are oriented correctly. Do not force pieces together, as this can cause damage.
- **Missing Pieces:** Carefully re-check all puzzle sheets and the packaging. If a piece is genuinely missing, contact CubicFun customer support.
- **Damaged Pieces:** If a piece is damaged during punching out or assembly, attempt to carefully repair it with a small amount of craft glue if necessary. For significant damage, contact customer support.
- **Difficulty with Complex Sections:** Take a break and return to the section with fresh eyes. Sometimes, a different perspective helps in understanding the assembly diagram.
