

## Hot Wheels DJC05

# Hot Wheels Super Score Speedway Trackset

## USER MANUAL

### Introduction

Welcome to the Hot Wheels Super Score Speedway Trackset user manual. This guide provides comprehensive instructions for assembling, operating, and maintaining your new trackset. Designed for thrilling racing action, this trackset allows you to launch Hot Wheels cars through a loop and aim for scoring targets.

Please read this manual carefully before use to ensure proper setup and safe operation. Keep this manual for future reference.

### Safety Information

**WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years.**

- Adult supervision is recommended during assembly and play.
- Ensure all track pieces are securely connected before launching cars.
- Do not aim cars at eyes or face.
- Use only official Hot Wheels cars with the trackset.

### What's in the Box

Your Hot Wheels Super Score Speedway Trackset package includes the following components:

- Playset components (track pieces, loop, launchers, scoring targets)
- One (1) Hot Wheels vehicle

## Setup and Assembly

Assembly of the Hot Wheels Super Score Speedway Trackset is straightforward and typically takes 15-20 minutes. Follow the included graphic instructions for detailed steps. Ensure all connections are firm to prevent the track from separating during play.

1. **Unpack Components:** Carefully remove all pieces from the packaging and lay them out.
2. **Assemble Base Sections:** Connect the grey base track sections together, ensuring they click into place.
3. **Attach Loop and Launchers:** Secure the orange loop section to the main track. Attach the blue launcher mechanisms to the designated points on the track.
4. **Install Scoring Targets:** Place the purple, yellow, and red scoring targets onto their respective grey support towers and attach them to the track.
5. **Final Check:** Verify that all track pieces are securely connected and the track is stable on a flat surface.

## Operating Instructions

The Super Score Speedway Trackset is designed for competitive play, where players launch cars to hit

scoring targets.

1. **Place Car:** Position a Hot Wheels car onto the launcher at the starting gate.
2. **Prepare to Launch:** Pull back the launcher mechanism until it locks into place.
3. **Launch Car:** Press the launch button or lever firmly to propel the car through the loop and towards the scoring targets.
4. **Score Points:** Aim to hit the scoring targets. Each target may represent different point values (refer to any included scoring guide or create your own rules).
5. **Repeat:** Continue launching cars and accumulating points.

## Maintenance

To ensure the longevity and optimal performance of your Hot Wheels Super Score Speedway Trackset, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down track pieces and components with a dry or slightly damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the trackset in a cool, dry place away from direct sunlight. Disassemble the track for compact storage if desired.
- **Inspection:** Periodically inspect all track connections and moving parts for any signs of wear or damage. Replace any broken components if necessary.

## Troubleshooting

If you encounter any issues with your Hot Wheels Super Score Speedway Trackset, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Car does not launch effectively.	Launcher not pulled back fully; insufficient force applied to launch button; car type not suitable.	Ensure the launcher is fully cocked. Apply firm, quick pressure to the launch button. Try a different Hot Wheels car; some cars perform better than others on this track.
Car derails on the loop or track.	Track pieces not securely connected; car launched with too much or too little force; track not on a flat surface.	Check all track connections to ensure they are firm. Adjust launch force. Place the trackset on a completely flat and stable surface.
Scoring targets do not register hits.	Car not hitting the target correctly; target mechanism jammed.	Ensure the car makes direct contact with the target's activation point. Check if any debris is obstructing the target's movement.

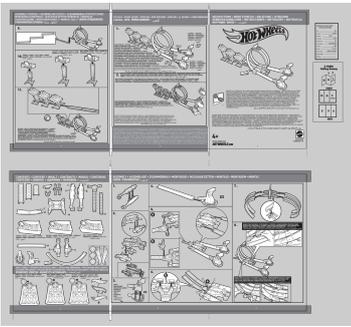

## Specifications

Feature	Detail
Product Dimensions	20 x 12 x 2.75 inches
Item Weight	2.42 pounds
Model Number	DJC05
Manufacturer Recommended Age	4 - 18 years
Manufacturer	Mattel

## Customer Support

For further assistance, replacement parts, or any inquiries not covered in this manual, please contact Hot Wheels customer support. Refer to the official Hot Wheels website or product packaging for the most current contact information.

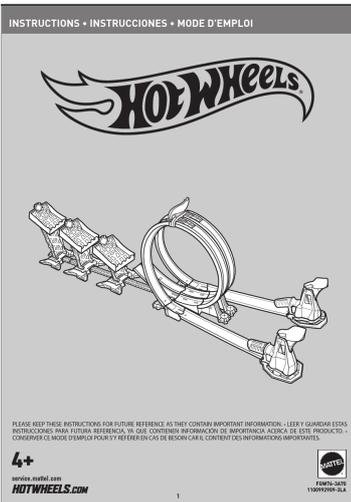

*Note: Warranty information is typically provided with the product packaging or on the manufacturer's official website. Please retain your proof of purchase for any warranty claims.*
