Thule 3203009

Thule EnRoute Triumph 2 Daypack Instruction Manual

Model: 3203009 | Brand: Thule

PRODUCT OVERVIEW

The Thule EnRoute Triumph 2 Daypack is a versatile 21-liter backpack designed to keep your essentials organized and protected, whether you're commuting in the city or embarking on an outdoor adventure. It features dedicated compartments for a laptop and tablet, along with innovative protective features and smart design decisions for enhanced usability.

KEY FEATURES

- **Dedicated Device Protection:** Fits 15" MacBook Pro (or 14.1" PC) and a 10.1" tablet in dedicated, padded

compartments.

- **SafeZone Compartment:** A crush-proof, hard-shell compartment provides secure storage for delicate items like sunglasses or a smartphone.
- **Hydration Bladder Compatible:** The laptop sleeve can also accommodate a hydration bladder, with a dedicated port for the drinking tube.
- **Expandable Stash Pocket:** A quick-access front pocket allows for easy storage of a light jacket, book, or other frequently needed items without unzipping the main compartment.
- **Organization Panel:** Internal organization pockets help keep smaller items neatly arranged.
- **High-Quality Zippers:** Durable and smooth-operating zippers ensure longevity and ease of use.
- **Comfortable Design:** Padded back panel with air channels and comfortable shoulder straps provide support and breathability.
- **Chest Strap:** Offers additional support and stability, especially when the backpack is fully loaded.
- **Tuck-Away Lash Points:** External lash points can be used to attach extra gear or tucked away for a cleaner, urban look.

SETUP AND USAGE

Loading Your Daypack

The Thule EnRoute Triumph 2 Daypack is designed for efficient organization. Utilize the various compartments to distribute weight evenly and protect your belongings.

- **Main Compartment:** Ideal for larger items like clothing, books, or general gear.
- **Laptop/Tablet Sleeve:** Carefully slide your 15" MacBook Pro (or similar sized PC) and 10.1" tablet into their respective padded sleeves. This sleeve can also be used for a hydration bladder.
- **SafeZone Compartment:** Place delicate items such as sunglasses, a smartphone, or small electronics in this crush-proof pocket located at the top of the backpack.
- **Expandable Front Pocket:** This pocket is perfect for items you need to access quickly, like a light jacket, a map, or a small book.
- **Side Pockets:** Use the mesh side pockets for water bottles or other quick-grab items.
- **Internal Organization:** Smaller pockets and an organization panel within the main compartment are suitable for pens, keys, and other small accessories.

Figure 4: Back view of the backpack, illustrating the padded back panel and shoulder straps for comfort.

Adjusting for Comfort

For optimal comfort and weight distribution, adjust the shoulder straps and chest strap to fit your body. The padded

back panel and shoulder straps are designed to provide support during extended wear.

- **Shoulder Straps:** Adjust the length of the shoulder straps so the backpack sits comfortably on your back, with the weight distributed evenly across your shoulders.
- **Chest Strap:** Fasten the chest strap across your sternum and adjust its height and tension to provide additional stability and reduce strain on your shoulders. This is particularly useful when the backpack is heavily loaded or during active use like hiking.
- **Lash Points:** If not in use, the external lash points can be neatly tucked away into their designated pockets for a streamlined appearance.

SPECIFICATIONS

Attribute	Detail
Item Package Dimensions L x W x H	18.5 x 12.6 x 2.99 inches

Maintenance

Proper care will extend the life of your Thule EnRoute Triumph 2 Daypack. Follow these guidelines for maintenance:

- **Cleaning:** For light cleaning, wipe the backpack with a damp cloth and mild soap. For deeper cleaning, hand wash with cold water and a gentle detergent. Do not machine wash or tumble dry.
- **Drying:** Air dry the backpack completely before storing to prevent mildew. Hang it upside down with zippers open to ensure all compartments dry thoroughly.
- **Storage:** Store your backpack in a cool, dry place away from direct sunlight when not in use.
- **Zippers:** Periodically clean zippers with a small brush to remove dirt and debris. Lubricate with a zipper lubricant if they become stiff.
- **Avoid Overloading:** While durable, consistently overloading the backpack beyond its intended capacity can strain seams and zippers.

TROUBLESHOOTING

Most issues with your Thule EnRoute Triumph 2 Daypack can be resolved with simple adjustments or cleaning. If you encounter problems, consider the following:

- **Stiff Zippers:** If zippers are difficult to move, ensure no fabric is caught. Clean any visible debris and apply a silicone-based zipper lubricant.
- **Discomfort During Wear:** Re-adjust shoulder straps and the chest strap to ensure proper fit and weight distribution. Ensure the backpack is not overloaded.
- **Unusual Odors:** Air out the backpack thoroughly. If odors persist, clean the interior with a mild soap solution and ensure it is completely dry before storage.

WARRANTY AND SUPPORT

Thule products are tested rigorously and are guaranteed against defects in materials and workmanship. For specific warranty details, claims, or support inquiries, please refer to the official Thule website or contact their customer service directly. Keep your proof of purchase for any warranty claims.
