

## EZICLEAN E.ZICHEF & MIX CLASSIC

# EZICLEAN E.Zichef & Mix Classic Multifunction Cooking Food Processor User Manual

Model: E.ZICHEF & MIX CLASSIC

## 1. INTRODUCTION

---

Thank you for choosing the EZICLEAN E.Zichef & Mix Classic Multifunction Cooking Food Processor. This appliance is designed to simplify your cooking tasks with its versatile functions. To ensure safe and efficient operation, please read this manual thoroughly before first use and retain it for future reference.

## 2. SAFETY INSTRUCTIONS

---

Always observe basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- Read all instructions carefully before operating the appliance.
- Do not immerse the motor unit, cord, or plug in water or other liquids.
- Keep hands and utensils away from moving blades during operation to prevent injury.
- Ensure the lid is securely locked in place before operating the appliance.
- Exercise extreme caution when handling sharp blades. Always use the blade cover when storing or cleaning.
- Unplug the appliance from the outlet when not in use, before assembling or disassembling parts, and before cleaning.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Avoid contact with hot surfaces, especially during and after cooking functions. Use oven mitts or handles.
- This appliance is for household use only. Do not use outdoors.

## 3. PRODUCT OVERVIEW

---

Familiarize yourself with the components of your E.Zichef & Mix Classic food processor.

**Figure 3.1:** The EZICLEAN E.Zichef & Mix Classic Multifunction Cooking Food Processor, fully assembled with its stainless steel bowl and control panel visible.

**Figure 3.2:** The base unit of the food processor, showing the motor housing and control panel without the cooking bowl attached. This view highlights the slot where the bowl is inserted.

**Figure 3.3:** Rear view of the EZICLEAN E.Zichef & Mix Classic, showing the ventilation grilles and power cord connection point. The stainless steel cooking bowl is in place.

### Components:

- **Main Unit:** Contains the motor, control panel, and heating element.
- **Cooking Bowl:** 2-liter capacity, stainless steel.
- **Lid:** Secures the bowl during operation.
- **Blades:** Stainless steel blades for chopping, mixing, and blending.
- **Accessories:** (Specific accessories may vary, refer to packaging for full list)

## 4. SETUP

---

Follow these steps for initial setup before first use.

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for storage or transport.
2. **Initial Cleaning:** Before first use, wash the cooking bowl, lid, and blades with warm soapy water. Rinse thoroughly and dry completely. Wipe the main unit with a damp cloth.
3. **Assembly:**
  - Place the main unit on a stable, flat, and dry surface.
  - Insert the blades into the bottom of the cooking bowl.
  - Place the cooking bowl onto the main unit, ensuring it is securely seated.
  - Place the lid onto the cooking bowl and twist or lock it into position according to the markings on

the lid and bowl.

4. **Power Connection:** Plug the power cord into a grounded electrical outlet. The appliance is now ready for use.

## 5. OPERATING INSTRUCTIONS

---

The E.Zichef & Mix Classic offers 10 functions and 10 motor speeds, with cooking temperatures up to 120°C.

### Basic Operation:

1. **Add Ingredients:** Ensure the appliance is unplugged. Add your desired ingredients to the cooking bowl. Do not exceed the 2-liter maximum capacity.
2. **Secure Lid:** Place the lid on the bowl and lock it securely. The appliance will not operate if the lid is not properly closed.
3. **Power On:** Plug the appliance into the power outlet. The display will illuminate.
4. **Select Function/Settings:** Use the control panel dials and buttons to select your desired function (e.g., mixing, cooking), set the speed (1-10), and temperature (up to 120°C).
5. **Start/Stop:** Press the Start button to begin operation. Press it again to pause or stop.
6. **Pulse/Blender Function:** For short bursts of high-speed blending, use the dedicated Pulse/Blender button. Hold for desired duration.
7. **Monitor Progress:** Observe the cooking process through the lid (if transparent) or by pausing the appliance and carefully opening the lid.
8. **Finish:** Once cooking or processing is complete, press the Stop button and unplug the appliance. Carefully remove the lid and bowl.

**Note:** Always refer to specific recipe instructions for optimal speed, temperature, and time settings.

## 6. CLEANING AND MAINTENANCE

---

Proper cleaning and maintenance will extend the life of your appliance.

- **Unplug:** Always unplug the appliance before cleaning.
- **Cool Down:** Allow the appliance to cool completely before cleaning, especially after cooking functions.
- **Hand Wash:** The cooking bowl, lid, and blades should be washed by hand with warm soapy water. Rinse thoroughly and dry immediately.
- **Dishwasher:** Do not place the cooking bowl, lid, or blades in a dishwasher.
- **Main Unit:** Wipe the main unit with a soft, damp cloth. Do not immerse the main unit in water or any other liquid.
- **Stubborn Residue:** For stubborn food residue, soak the bowl and blades in warm soapy water for a short period before cleaning.
- **Storage:** Store the appliance in a dry place, away from direct sunlight and out of reach of children.

## 7. TROUBLESHOOTING

---

If you encounter issues with your E.Zichef & Mix Classic, refer to the following common problems and solutions.

- **Appliance does not turn on:**

- Check if the power cord is securely plugged into a working electrical outlet.
- Ensure the lid is correctly closed and locked. The appliance has a safety mechanism that prevents operation if the lid is not secured.

- **Motor stops during operation:**

- The appliance may have overheated. Unplug it and let it cool down for at least 30 minutes before attempting to use it again.
- Check if the bowl is overloaded. Reduce the amount of ingredients.

- **Unusual noise or vibration:**

- Ensure the appliance is on a stable, flat surface.
- Check that the blades are correctly installed and not obstructed by large pieces of food.

- **Food not processing evenly:**

- Ensure ingredients are cut into appropriate sizes before adding to the bowl.
- Adjust the speed setting or use the Pulse function for better control.

If the problem persists after trying these solutions, please contact customer support.
