FDW Room Divider 6FT

FDW 6FT 4-Panel Wood Mesh Room Divider Instruction Manual

Brand: FDW | Model: Room Divider 6FT

1. INTRODUCTION

This manual provides detailed instructions for the FDW 6FT 4-Panel Wood Mesh Room Divider. Designed for indoor use, this portable partition offers a flexible solution for dividing spaces, enhancing privacy, or adding a decorative element to your home or office. Its hand-woven wood mesh design combines modern aesthetics with natural textures.

Key Features:

- **Flexible Panel Design:** Composed of four panels, allowing for versatile arrangement and space division.
- **Easy Storage:** Folds completely for compact storage when not in use.
- **Hand-Crafted Quality:** Features a professional hand-woven wood mesh design.
- **Optimal Dimensions:** Each panel measures approximately 71 inches (H) x 18 inches (W), with an unfolded dimension of 71 inches (H) x 70.5 inches (W), suitable for most standard room heights.
- **Durable Material:** Constructed with an environmentally friendly wood frame and metal hinges.
- **Lightweight and Portable:** Weighs approximately 15.4 pounds, making it easy to move and reposition.

2. SETUP AND ASSEMBLY

The FDW 6FT 4-Panel Wood Mesh Room Divider requires no assembly. It arrives fully assembled and ready for immediate use. Simply unpack the product and unfold the panels to your desired configuration.

To set up:

1. Carefully remove the room divider from its packaging.
2. Place the folded divider in your desired location.

3. Gently unfold the panels to create the desired shape or barrier. Ensure the panels are positioned to provide stable support.

3. OPERATING INSTRUCTIONS

The room divider is designed for ease of use and versatility. Its hinged panels allow for various configurations to suit your needs.

Folding and Unfolding:

- The panels are connected by durable metal hinges, allowing them to fold in both directions.
- To unfold, gently extend the panels until the desired width and shape are achieved.
- To fold for storage, collapse the panels accordion-style until they are stacked compactly.

Positioning and Stability:

- For optimal stability, position the panels in a zig-zag or accordion pattern rather than a straight line. This distributes weight and prevents tipping.
- The lightweight design makes it easy to move the divider to different locations as needed.

Versatile Applications:

- Use to create distinct zones within an open-plan living area, such as a sitting room, office, or dining area.
- Provide privacy in bedrooms, dressing areas, or during video calls.
- Conceal storage areas or clutter.

4. MAINTENANCE

To maintain the appearance and longevity of your FDW Room Divider, follow these simple care instructions:

- **Cleaning:** Wipe with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which may damage the wood finish.
- **Storage:** When not in use, fold the divider compactly and store it in a dry place away from direct sunlight or extreme temperatures to prevent warping or fading.
- **Inspection:** Periodically check the metal hinges for any signs of wear or looseness. Tighten screws if necessary to ensure continued smooth operation and stability.

5. TROUBLESHOOTING

While the FDW Room Divider is designed for stability and durability, minor issues can sometimes arise. Here are solutions to common concerns:

Issue: Divider is unstable or tips easily.

- **Solution:** Ensure the panels are arranged in a zig-zag or accordion pattern. A straight-line configuration offers less stability. Adjust the angle of the panels to create a wider base for improved balance.
- **Solution:** Verify that the divider is placed on a flat, even surface. Uneven flooring can affect stability.

Issue: Hinges are stiff or noisy.

- **Solution:** Apply a small amount of silicone-based lubricant or a drop of household oil to the hinges. Move the panels back and forth to distribute the lubricant evenly.

Issue: Minor damage to woven material.

- **Solution:** For small fraying or loose strands, carefully trim with scissors. Avoid pulling on loose pieces to prevent further damage.

6. SPECIFICATIONS

| Feature | Detail |
|---------------------------------|-------------------------------------|
| Brand | FDW |
| Model Number | Room Divider 6FT |
| Number of Panels | 4 |
| Material | Wood Frame, Wood Mesh, Metal Hinges |
| Color | Black |
| Product Dimensions (Each Panel) | 18" W x 71" H |
