

Altec Lansing IMW257-AB

Altec Lansing Mini H2O User Manual

Model: IMW257-AB | Brand: Altec Lansing

INTRODUCTION

The Altec Lansing Mini H2O is a compact and portable Bluetooth speaker designed for clear and loud audio, perfect for various outdoor activities. Its robust construction ensures durability in diverse environments.

Key Features:

- **Compact & Loud:** Delivers clear and loud audio with balanced highs and lows.
- **Waterproof & Floats:** IP67 certified, making it suitable for beach, pool, boat, camping, and other wet environments. It floats for easy retrieval.
- **Ready for Travel:** Lightweight and sturdy design with an integrated carabiner clip for hands-free portability.
- **6 Hours of Playtime:** USB rechargeable battery provides up to 6 hours of continuous use.
- **Suitable for Most Devices:** Compatible with a wide range of Bluetooth-enabled devices including smartphones and tablets.

WHAT'S IN THE BOX

- Altec Mini H2O Bluetooth Waterproof Speaker (Aqua)
- USB Charging Cable
- Carabiner Clip

Note: The USB charging cable and carabiner clip are typically included with the speaker, though not always explicitly listed in the "What's in the Box" section of product descriptions.

SETUP

Charging the Speaker

Before first use, fully charge your Altec Lansing Mini H2O speaker. Connect the included USB charging cable to the speaker's charging port and a compatible USB power source. The charging time is approximately 6 hours for a full charge.

Powering On/Off

To power on the speaker, press and hold the Power button located on the top of the device. A light indicator will illuminate. To power off, press and hold the Power button again.

OPERATING INSTRUCTIONS

Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (indicated by a flashing light).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "Mini H2O" from the list of found devices to connect.
4. Once paired, the speaker will indicate a successful connection, and the light indicator will become solid.

The speaker maintains a stable connection for up to 30 feet. If you wish to switch devices, you may need to disconnect the currently paired device first.

Audio Playback

Control playback (play/pause, skip tracks) and volume directly from your connected Bluetooth device. The speaker also features physical volume buttons (+ and -) on its top surface for direct adjustment.

Hands-Free Calling

The Mini H2O speaker includes a built-in microphone, allowing you to answer calls directly through the speaker when connected to your smartphone. Incoming calls will pause music playback, and you can answer or end calls using the speaker's controls (refer to the specific button functions in the full user guide if available).

MAINTENANCE

Cleaning

To clean the speaker, use a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the speaker's finish and waterproof sealing. Ensure the charging port cover is securely closed before exposing the speaker to water.

Storage

When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. It is recommended to fully charge the battery before storing to maintain battery health.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not turn on.	Low battery.	Charge the speaker fully.
Cannot pair with device.	Bluetooth is off on device; speaker not in pairing mode; too far from device.	Ensure Bluetooth is on and speaker is in pairing mode. Move device closer to speaker (within 30 ft). Disconnect from other devices if necessary.
No sound or low volume.	Volume too low on speaker or device; speaker not connected.	Increase volume on both speaker and connected device. Ensure speaker is successfully paired.
Sound distortion at high volumes.	Volume too high, especially with bass-heavy audio.	Reduce volume on the speaker or connected device.

SPECIFICATIONS

Model Name: Mini H2O

Speaker Type: Outdoor

Special Feature: Wireless

Product Dimensions: 1"D x 4.5"W x 2.1"H

Item Weight: 0.11 Kilograms (3.87 ounces)

Is Waterproof: True (IP67 Certified)

Battery Life: 6 Hours

Charging Time: 6 Hours

Maximum Range: 30 Feet (Bluetooth)

Wireless Communication Technology: Bluetooth

Speaker Size: 1 Inches

Power Source: Battery Powered

Speaker Maximum Output Power: 3 Watts

Audio Output Mode: Stereo

Number of Batteries: 1 Lithium Ion batteries required. (included)
