Powermax AC063

Powermax ACDelco AA and AAA Super Alkaline Batteries - Instruction Manual

Model: AC063

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your Powermax ACDelco AA and AAA Super Alkaline Batteries. This combo pack includes 100 AA and 100 AAA 1.5-volt alkaline batteries, designed for reliable performance in a wide range of household devices. Please read these instructions carefully before use and retain them for future reference.

2. SAFETY INFORMATION

WARNING: Improper use of batteries may result in leakage, rupture, or explosion, causing personal injury or damage to property.

- Do not recharge these batteries. They are non-rechargeable alkaline batteries.
- Do not dispose of batteries in fire; they may explode.
- Do not mix old and new batteries, or different types of batteries (e.g., alkaline and carbon-zinc).
- Ensure correct polarity (+ and -) when inserting batteries into devices.
- Remove exhausted batteries promptly from devices.
- Remove batteries from devices that will not be used for extended periods.
- Keep batteries out of reach of small children. If swallowed, seek medical attention immediately.
- Store batteries in a cool, dry place, away from direct sunlight and extreme temperatures.

3. SETUP AND INSTALLATION

These batteries are designed for easy installation in compatible electronic devices.

1. **Identify Battery Type:** Confirm whether your device requires AA or AAA batteries. This combo pack provides both types.
2. **Open Battery Compartment:** Locate and open the battery compartment on your device. This often involves sliding a cover or unscrewing a small panel.
3. **Observe Polarity:** Carefully note the positive (+) and negative (-) markings inside the battery compartment.
4. **Insert Batteries:** Insert the new ACDelco batteries, ensuring that the positive (+) end of the battery aligns with the positive (+) terminal in the compartment, and the negative (-) end aligns with the negative (-) terminal.
5. **Close Compartment:** Securely close the battery compartment.

4. OPERATING INSTRUCTIONS

Once installed, your ACDelco Super Alkaline Batteries are ready for use. These batteries are suitable for a wide range of everyday household devices.

- **General Use:** Power devices such as remote controls, flashlights, clocks, game controllers, digital cameras, and electronic toys.
- **High-Drain Devices:** ACDelco alkaline batteries are engineered to perform effectively in both high-drain and super high-drain devices, providing consistent power output.

5. MAINTENANCE AND STORAGE

Proper maintenance and storage will help maximize the lifespan and performance of your batteries.

- **Storage Conditions:** Store unused batteries in their original reclosable packaging in a cool, dry place at room temperature. Avoid extreme heat or cold, which can reduce battery life.
- **Shelf Life:** ACDelco Super Alkaline Batteries have an impressive 10-year shelf life when stored correctly.
- **Cleaning:** If battery terminals become dirty, clean them with a dry cloth before insertion to ensure good electrical contact.
- **Disposal:** Dispose of used batteries according to local regulations. These batteries contain no mercury or cadmium.

6. TROUBLESHOOTING

If your device is not functioning correctly with new batteries, consider the following:

- **Check Polarity:** Ensure batteries are inserted with the correct positive (+) and negative (-) orientation.
- **Verify Battery Type:** Confirm that the device requires AA or AAA batteries, and that you are using the correct size.
- **Inspect Terminals:** Check for any corrosion or debris on the battery terminals or device contacts. Clean if necessary.
- **Test Batteries:** If possible, test the batteries in another device to confirm they are functional.
- **Device Malfunction:** If batteries are confirmed to be good and correctly installed, the issue may lie with the device itself.

7. SPECIFICATIONS

Feature	Detail
Battery Type	Super Alkaline
Battery Sizes Included	AA (100-count), AAA (100-count)
Voltage	1.5 Volts per battery
Shelf Life	10 Years (when stored in a cool, dry place)
Reusability	Single Use (Non-rechargeable)
Chemical Composition	No Mercury or Cadmium
Model Number	AC063
Manufacturer	Powermax
Product Dimensions	11 x 6.5 x 3 inches; 8.14 Pounds

MADE WITH ADVANCED TECHNOLOGY

- High-Energy Power Cores
- Leakage Safety Seal
- High-Conductive Needle Collector
- Thick Steel Casing
