Xqisit 3000mAh Power Bank User Manual

Model: 21699

INTRODUCTION

This manual provides essential information for the safe and efficient use of your Xqisit 3000mAh Power Bank with integrated Lightning cable. Please read this manual thoroughly before using the device and retain it for future reference. The Xqisit 3000mAh Power Bank is a compact, portable external battery designed to charge smartphones and tablets. It features a durable aluminum casing and an integrated, detachable USB to Lightning cable for convenience.

PACKAGE CONTENTS

- 1x Xqisit 3000mAh Power Bank
- Integrated USB to Lightning Cable

PRODUCT OVERVIEW

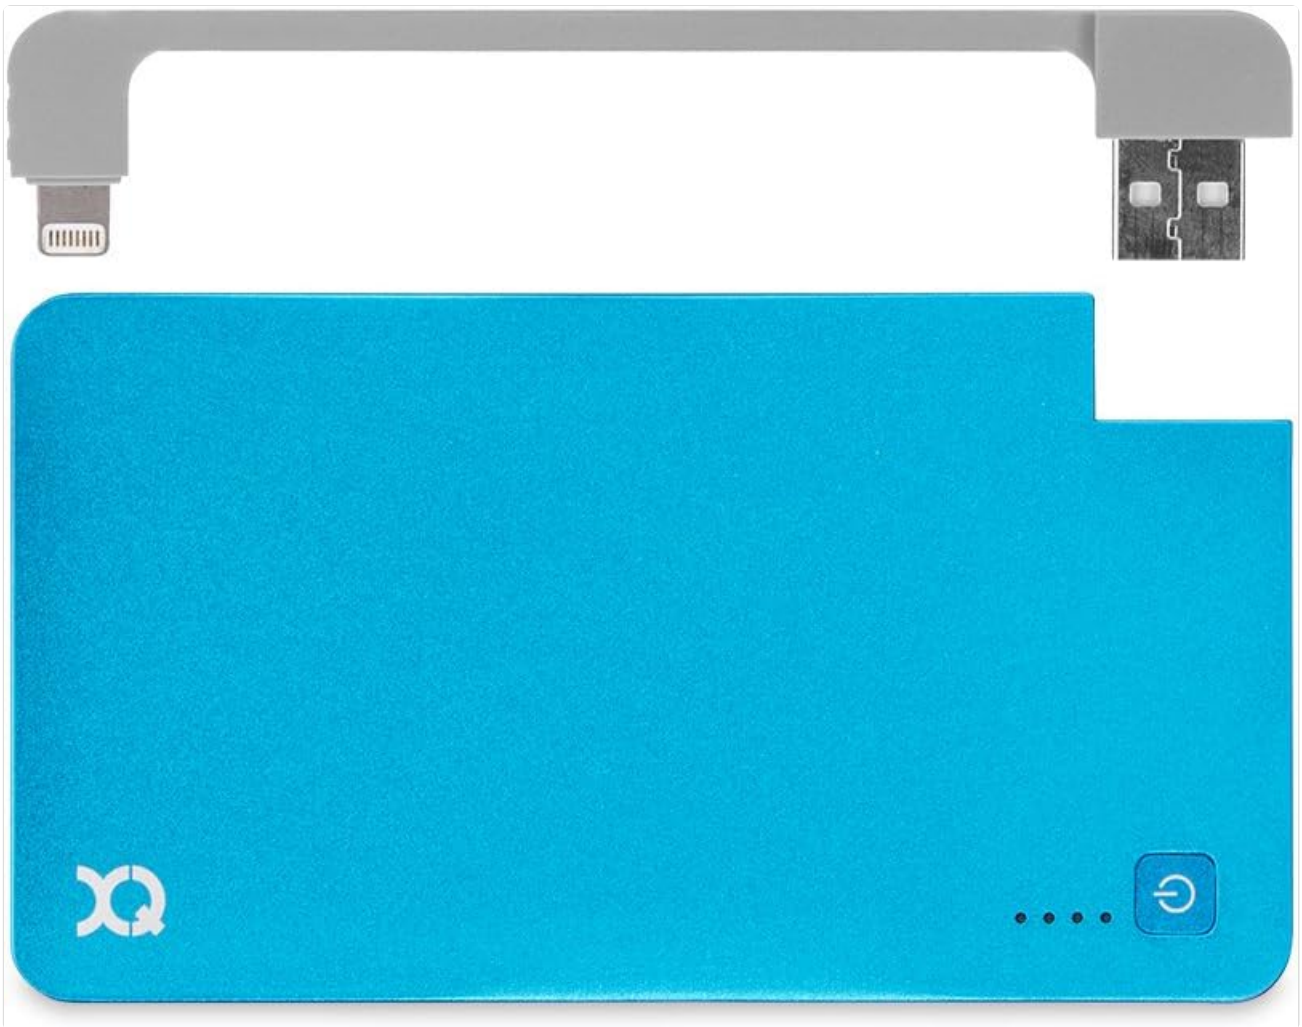

Figure 1: Front view of the Xqisit 3000mAh Power Bank, showing the main body and the integrated Lightning cable extended from its storage slot. The power button and LED indicators are visible on the front surface.

Figure 2: Front and back views of the Xqisit 3000mAh Power Bank. The back view displays product information such as model number, capacity, input, and output specifications, along with regulatory marks.

Figure 3: Side profile of the Xqisit 3000mAh Power Bank, highlighting its slim design. The Micro-USB input port for charging the power bank is visible on the side.

SETUP

Charging the Power Bank

1. Locate the Micro-USB input port on the side of the power bank.
2. Connect a Micro-USB cable (not included) to this port.
3. Connect the other end of the Micro-USB cable to a USB power source (e.g., wall adapter, computer USB port) with a 5V/1A output.
4. The LED indicators on the power bank will illuminate to show the charging status. When all LEDs are solid, the power bank is fully charged.

EDEL UND SCHÖN

Gehäuse aus eloxiertem Aluminium mit Metallic-Effekt.

ABNEHMBARES KABEL

Mit USB- und Lightning-Stecker.

Figure 4: The Xqisit 3000mAh Power Bank with its integrated cable detached, showing both the USB-A and Lightning connectors. This cable is used for charging compatible devices and can be stored neatly within the power bank when not in use.

Note: For optimal charging, use a 5V/1A USB power adapter.

OPERATING INSTRUCTIONS

Charging Your Mobile Device

1. Gently pull out the integrated Lightning cable from its storage slot on the power bank.
2. Connect the Lightning connector to your compatible Apple device (iPhone, iPad, iPod).

3. Press the power button on the power bank to initiate charging. The LED indicators will light up to show the remaining battery level of the power bank.
4. Your device should begin charging.
5. Once charging is complete, disconnect the Lightning cable from your device and carefully re-insert it into the power bank's storage slot.

Figure 5: The Xqisit 3000mAh Power Bank actively charging an iPhone. The integrated Lightning cable is connected to the phone, demonstrating the device's primary function of portable charging.

Checking Battery Level

Press the power button once to check the remaining battery level of the power bank. The LED indicators will light up:

- **4 LEDs:** 75-100% charged
- **3 LEDs:** 50-75% charged
- **2 LEDs:** 25-50% charged
- **1 LED:** 0-25% charged (recharge soon)

- Keep the power bank dry. Do not expose it to moisture or liquids.
- Clean the power bank with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid dropping or subjecting the power bank to strong impacts.
- If the power bank will not be used for an extended period, charge it fully at least once every three months to maintain battery health.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging.	Cable not connected properly; faulty charging cable; power source issue.	Ensure Micro-USB cable is securely connected. Try a different Micro-USB cable. Try a different USB power source.
Device not charging from power bank.	Power bank battery low; cable not connected properly; device not compatible; power button not pressed.	Recharge the power bank. Ensure Lightning cable is securely connected to both power bank and device. Press the power button on the power bank. Verify device compatibility (Apple devices with Lightning port).
Slow charging.	Low power bank charge; device drawing high current; cable issue.	Ensure power bank is fully charged. Close background apps on your device. Ensure the integrated cable is not damaged.

SPECIFICATIONS

Feature	Detail
Model Number	21699
Battery Capacity	3000 mAh (3.7 V)
Input	Micro-USB, 5V / 1A
Output	Lightning, 5V / 2.1A (max)
Connector Type	Integrated Lightning cable
Dimensions (L x W x H)	16.89 x 8.79 x 1.19 cm
Weight	99.79 grams
Color	Blue
Material	Aluminum casing

WARRANTY AND SUPPORT

For warranty information and support, please refer to the official Xqisit website or contact your retailer. Keep your proof of

purchase for any warranty claims.

Information regarding the EU directive on the recycling of waste electrical and electronic equipment can be found [here](#).

SAFETY INFORMATION

- Do not disassemble, open, or shred the battery pack.
- Do not expose the power bank to heat or fire. Avoid storage in direct sunlight.
- Do not short-circuit the power bank. Do not store power banks haphazardly in a box or drawer where they may short-circuit each other or be short-circuited by conductive materials.
- In the event of a leak, do not allow the liquid to come into contact with the skin or eyes. If contact has been made, wash the affected area with copious amounts of water and seek medical advice.
- Keep the power bank out of reach of children.
- Do not use any charger other than that specifically provided for use with the equipment.
- Do not use a power bank that is damaged or has been modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- Dispose of the power bank according to local regulations. Do not dispose of it with household waste.
