3. SETUP

3.1. Charging Your Headphones

Before initial use, it is recommended to fully charge your Jaybird X2 headphones. Locate the micro USB charging port on the earbud that shares the same side as the inline controller. Gently remove the back cover to expose the port. Insert the provided micro USB charging cable into the port and connect the other end to a USB power source.

- A red LED light indicates the headphones are charging.
- A green LED light indicates a full charge.
- A full charge typically takes approximately 2 hours and provides up to 8 hours of music and call time.
- A 30-minute charge can provide approximately 90 minutes of playtime.

3.2. Pairing with a Bluetooth Device

To connect your Jaybird X2 headphones to your device:

1. Ensure your headphones are charged and within 1 meter (3 feet) of your Bluetooth device.
2. Press and hold the middle button on the inline controller for at least four seconds until the LED status indicator flashes red and green. A voice prompt will announce "Searching for your music device."
3. On your phone or music device, enable Bluetooth and search for available devices.
4. Select "Jaybird X2" from the list. If prompted for a passcode, enter "0000".
5. Once successfully paired, a voice prompt will confirm "Headphones connected."

The Jaybird X2 can remember up to eight paired devices.

4. FIT AND COMFORT

Achieving the perfect fit is crucial for optimal sound quality and comfort. The Jaybird X2 includes various ear tips and Secure-Fit Ear Fins to customize your experience.

4.1. Selecting Ear Tips

The package includes three sizes of Comply Premium Sport Memory Foam Ear Tips (small, medium, large) and three sizes of silicone ear tips. Comply tips offer superior noise isolation and comfort:

1. Choose a size that comfortably seals your ear canal. Start with medium and try other sizes if needed.
2. Roll the foam tip between your thumb and finger to compress it.
3. Insert the compressed foam tip into your ear and hold it in place for 15-30 seconds while it expands to create a custom seal.

4.2. Secure-Fit Ear Fins & Over/Under-Ear Fit

The patented Secure-Fit Ear Fins ensure your earbuds stay in place during activity. You can wear your X2 buds in two configurations:

- **Under-Ear Fit:** The traditional method where the cable hangs down. The ear fins should be positioned to fit into the top bowl of your ear.
- **Over-Ear Fit (X-Fit):** For a more secure fit and to keep the cable off your neck, route the cable over your ears. For this, install the ear fins in the reverse direction, with the pointed end facing the cable. Use the included cord management clips to shorten any excess cable slack.

5. OPERATING INSTRUCTIONS

The inline controller provides full control over your music and calls.

5.1. Controller Functions

- **Volume Up:** Press the '+' button.
- **Volume Down:** Press the '-' button.
- **Play/Pause/Answer Call/End Call:** Press the middle button.
- **Skip Track Forward:** Press and hold the '+' button for one second.
- **Skip Track Backward:** Press and hold the '-' button for one second.
- **Reject Call/Switch Between Calls/Voice Dial:** Press and hold the middle button for one second.
- **Redial:** Press the middle button twice.
- **Mute/Unmute:** Press the '+' and '-' buttons simultaneously.
- **Power Off:** Press and hold the middle button for at least four seconds.

Weight	Approx. 13g / 0.45 oz.
Water Resistance Level	Sweat-proof
Noise Control	Active Noise Cancellation (via ear tips)
Audio Driver Type	Dynamic Driver
Impedance	16 Ohms

7. MAINTENANCE

To ensure the longevity and optimal performance of your Jaybird X2 headphones:

- The headphones are sweat-proof. After intense workouts, wipe them clean with a dry cloth.
- Avoid exposing the headphones to extreme temperatures or direct sunlight for extended periods.
- Store the headphones in their provided carrying case when not in use to protect them from damage.
- Regularly clean the ear tips and ear fins to maintain hygiene and sound quality.

8. TROUBLESHOOTING

If you encounter issues with your Jaybird X2 headphones, try the following:

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the headphones are in pairing mode (red and green flashing LED). Try resetting the headphones by holding the middle button for 8 seconds until the LED flashes red 3 times, then release and re-enter pairing mode.
- **Poor Sound Quality/Low Volume:** Check the fit of the ear tips and ear fins. Ensure a tight seal in your ear canal. Adjust volume on both the headphones and your connected device.
- **Intermittent Connection:** Ensure your device is within the effective Bluetooth range (10 meters/30 feet) and there are no major obstructions.

For further assistance, refer to the official Jaybird support resources.

9. WARRANTY AND SUPPORT

The Jaybird X2 Sport Wireless Bluetooth Headphones come with a **lifetime warranty against sweat**. This warranty covers damage caused by sweat during normal use.

For warranty claims, technical support, or additional product information, please visit the official Jaybird website or contact their customer service.
