2. What's in the Box

- Edifier P180 Earbud Headset
- Cable

3. Key Features

- **Classic Comfort:** Ergonomic design for comfortable wear without irritating the ear canal.
- **Superb Sound Quality:** Equipped with 16mm neodymium magnetic monomers for high-fidelity audio playback.
- **Integrated Microphone and Control:** 3.5mm stereo earphones with a built-in microphone and remote button for mobile phone communication.
- **Functionality:** Single button control for picking up/hanging up calls and skipping songs (device dependent for iOS/Android).
- **Durable Design:** Constructed with quality materials for longevity.

4. Setup

1. **Unpack:** Carefully remove the Edifier P180 headset from its packaging.
2. **Inspect:** Check the earbuds and cable for any visible damage.
3. **Connect:** Insert the 3.5mm audio jack into the headphone port of your compatible device (smartphone, tablet, computer, etc.). Ensure the jack is fully inserted for proper audio and microphone function.
4. **Position:** Place the earbuds comfortably in your ears. The ergonomic design is intended to rest well without causing irritation.

5. Operating Instructions

The Edifier P180 features an inline control button for easy management of calls and music playback.

Figure 3: Inline microphone and control button.

- **Answering/Ending Calls:** Press the control button once to answer an incoming call. Press it again to end an active call.
- **Playing/Pausing Music:** Press the control button once to play or pause audio playback.
- **Skipping Tracks:** Double-press the control button to skip to the next track. Triple-press to go to the previous track (functionality may vary by device and operating system).
- **Voice Assistant:** Long-press the control button to activate your device's voice assistant (e.g., Siri, Google Assistant).

6. Maintenance

- **Cleaning:** Gently wipe the earbuds and cable with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headset in a clean, dry place, away from extreme temperatures and direct sunlight. Avoid tangling the cable.
- **Avoid Moisture:** Do not expose the headset to water or excessive moisture, as this can damage the internal components.

7. Troubleshooting

- **No Sound:**
 - Ensure the 3.5mm jack is fully inserted into your device's audio port.
 - Check your device's volume settings.
 - Test the earbuds with another device to rule out a device-specific issue.
- **Microphone Not Working:**

- Ensure the 3.5mm jack is fully inserted.
- Check your device's microphone input settings.
- Test the microphone with another device or application.

- **Intermittent Audio:**

- Check the cable for any kinks or damage.
- Ensure the audio jack is clean and free of debris.
