TECKNET Mouse Pad with Wrist Support User Manual

Model: B013WW0B5G

INTRODUCTION

Thank you for choosing the TECKNET Mouse Pad with Wrist Support. This ergonomic mouse pad is designed to provide comfort and support during extended computer use, reducing wrist strain and enhancing mouse control. Its durable construction and thoughtful features make it an ideal accessory for office, gaming, and everyday computing.

KEY FEATURES

Ergonomic Design

The TECKNET Mouse Pad features an ergonomic design with a comfortable wrist rest, providing optimal support to your wrist. This design helps to alleviate pain and prevent conditions like Repetitive Strain Injury (RSI) by maintaining a natural wrist posture.

Ergonomic Design

Image: A comparison diagram illustrating the improved ergonomic wrist position when using the mouse pad with wrist support, compared to a flat surface.

Premium Memory Foam

The integrated wrist rest is made from comfortable memory foam, offering a soft touch and effective support for your wrist. This material ensures all-day comfort, is breathable, soft, and non-toxic.

Premium Memory Foam

All Day Comfort

Breathable

Soft

Non-Toxic

Image: A hand comfortably resting on the mouse pad's memory foam wrist support while operating a mouse next to a laptop, highlighting the comfort features.

Smooth & Waterproof Surface

The mouse pad features a silk-processed surface that ensures accurate tracking and easy control for your mouse. Additionally, its waterproof coating protects against accidental spills, making it easy to clean and maintain.

Waterproof Coating

Not afraid of drinks and water

Image: Water droplets beaded on the surface of the mouse pad, demonstrating its waterproof coating and resistance to liquids.

Powerful Non-slip Base

Equipped with a unique wave-designed rubber underside, the mouse pad firmly grips the desktop. This non-slip base increases friction resistance by 70% compared to standard mouse pads, ensuring stability during use.

No Slip Rubber Base

Image: The underside of the mouse pad, revealing the textured non-slip rubber base designed for enhanced grip on surfaces.

Optimal Shape & Size for Portability

With dimensions of 9.44 x 8.46 inches (24cm x 21.5cm), the mouse pad offers ample space for arbitrary mouse movement while remaining compact and portable. It's an excellent choice for travel and can easily fit into bags.

High-Quality Detail

The mouse pad features reinforced edges designed to prevent deformation or damage from prolonged use, ensuring its longevity and durability.

SETUP

Setting up your TECKNET Mouse Pad is straightforward:

1. **Unpack:** Carefully remove the mouse pad from its packaging.
2. **Placement:** Place the mouse pad on a clean, flat, and stable surface where you typically use your computer mouse. Ensure the wrist rest portion is positioned comfortably for your wrist.
3. **Adjust:** Adjust the position of the mouse pad and your mouse to achieve the most comfortable and ergonomic setup for your hand and arm.

OPERATING INSTRUCTIONS

The TECKNET Mouse Pad is designed for intuitive use. Simply place your mouse on the smooth surface and rest your wrist on the memory foam support. The silk-processed surface ensures fast and accurate tracking for all types of mice, enhancing your productivity and gaming experience.

CARE AND MAINTENANCE

To ensure the longevity and cleanliness of your TECKNET Mouse Pad:

- **Cleaning:** Due to its waterproof surface, spills can be easily wiped away. For general cleaning, use a damp cloth with mild soap and water. Gently wipe the surface and wrist rest.
- **Drying:** Allow the mouse pad to air dry completely before reuse. Do not machine wash or tumble dry.

- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these may damage the surface or the memory foam.
- **Storage:** Store the mouse pad flat to prevent creasing or deformation of the wrist rest.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mouse pad slides on desk	Desk surface is too smooth or dusty.	Ensure the desk surface is clean and dry. The non-slip rubber base requires a clean surface for optimal grip.
Wrist rest feels less supportive over time	Normal wear and tear; prolonged compression.	Allow the memory foam to decompress by not using it for a period. If support significantly degrades, consider replacement.
Stains on surface	Liquid or dirt not wiped immediately.	Clean with a damp cloth and mild soap as per maintenance instructions. For stubborn stains, a gentle scrub might be needed.

PRODUCT SPECIFICATIONS

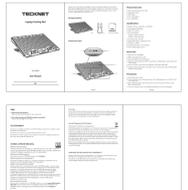

Feature	Detail
Brand	TECKNET
Model Number	B013WW0B5G
Color	Black
Material	Silk surface, Memory Foam wrist rest, Rubber base
Dimensions (L x W)	9.44 x 8.46 inches (24cm x 21.5cm)
Special Features	Non-slip, Ergonomic, Waterproof, Wrist Support
