Bush Furniture SRE016MR

Bush Business Furniture Series C Elite Desk Shell with Return - User Manual

Model: SRE016MR

Introduction

This manual provides essential information for the proper assembly, operation, and maintenance of your Bush Business Furniture Series C Elite 60W x 43D Right Hand Bowfront Desk Shell with 42W Return. This desk is designed to enhance your workspace with its durable construction and functional features.

Key features include:

- Durable Thermally Fused laminate work surfaces with superior resistance to scratches and stains.
- 1-inch thick work surfaces and leg end panels for strength and long-term use.
- Integrated wire management grommets to conceal cables.
- Adjustable levelers to compensate for uneven floor surfaces.

Safety Information

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Always assemble this desk on a stable, level surface.
- Use the adjustable levelers to compensate for uneven floors and ensure stability.
- Do not exceed the maximum weight recommendation of**200 pounds** on the desk surface to maintain stability and safety.
- Ensure the desk is properly anchored if required by local regulations or if there is a risk of tipping.

Setup and Assembly

Assembly of this desk is required. Please refer to the detailed assembly instructions included in the product packaging for step-by-step guidance. While some tools may be included, it is recommended to have a standard set of household tools

available.

Preparation

- Clear a spacious area for assembly.
- Unpack all components and verify against the parts list in the included instructions.
- Keep all hardware organized to prevent loss.

Assembly Steps Overview

1. Attach the leg panels to the desk shell.
2. Secure the 42W return to the main bowfront desk shell.
3. Install any additional components such as modesty panels or support brackets as per instructions.
4. Adjust the levelers on the bottom of the desk legs to ensure the desk is stable and level on your floor surface.

Operating Instructions

Your Series C Elite desk is designed for optimal functionality in a home or professional office environment.

Wire Management

The desk features integrated wire management grommets on the desktop. These grommets allow you to neatly route power cords, data cables, and other wires, keeping your work surface clear and organized. Simply feed the cables through the grommet openings.

This video provides a general overview of the Bush Business Furniture Series C collection, showcasing various desk formats, sizes, coordinating storage, and available finishes. It highlights the commercial quality construction and design versatility.

Maintenance

Proper care and maintenance will ensure the longevity and appearance of your Bush Business Furniture Series C Elite desk.

Cleaning

- For general cleaning, wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the thermally fused laminate finish.
- For stubborn marks or to maintain the finish, a furniture polish designed for laminate surfaces can be used.
- Consider using desk mats or large mouse pads to protect the desktop from scratches and fingerprints, especially in high-use areas.

General Care

- Periodically check all fasteners and tighten if necessary to ensure structural integrity.
- Avoid placing hot items directly on the surface without protective coasters.
- Keep the desk away from direct sunlight or extreme temperature changes to prevent warping or fading.

Troubleshooting

This section addresses common issues you might encounter with your desk.

Desk is Unstable or Wobbly

- **Solution:** Ensure the desk is on a level surface. Use the adjustable levelers located at the bottom of each leg to compensate for uneven flooring. Turn the levelers clockwise or counter-clockwise until the desk is stable.
- **Solution:** Check all assembly hardware to ensure screws and bolts are securely tightened.

Components Do Not Align Properly During Assembly

- **Solution:** Carefully review the assembly instructions to ensure all parts are oriented correctly. Sometimes, a slight misalignment can occur if a piece is installed backward or upside down.
- **Solution:** Loosen the fasteners on the affected sections, adjust the components into proper alignment, and then re-tighten securely.

Damaged or Missing Parts

- **Solution:** If you receive a product with damaged or missing parts, do not proceed with assembly. Contact Bush Business Furniture customer support immediately with your model number and a description of the issue. Refer to the 'Warranty and Support' section for contact information.

Specifications

Feature	Specification
