# Beautyrest Heated Electric Blanket Instruction Manual

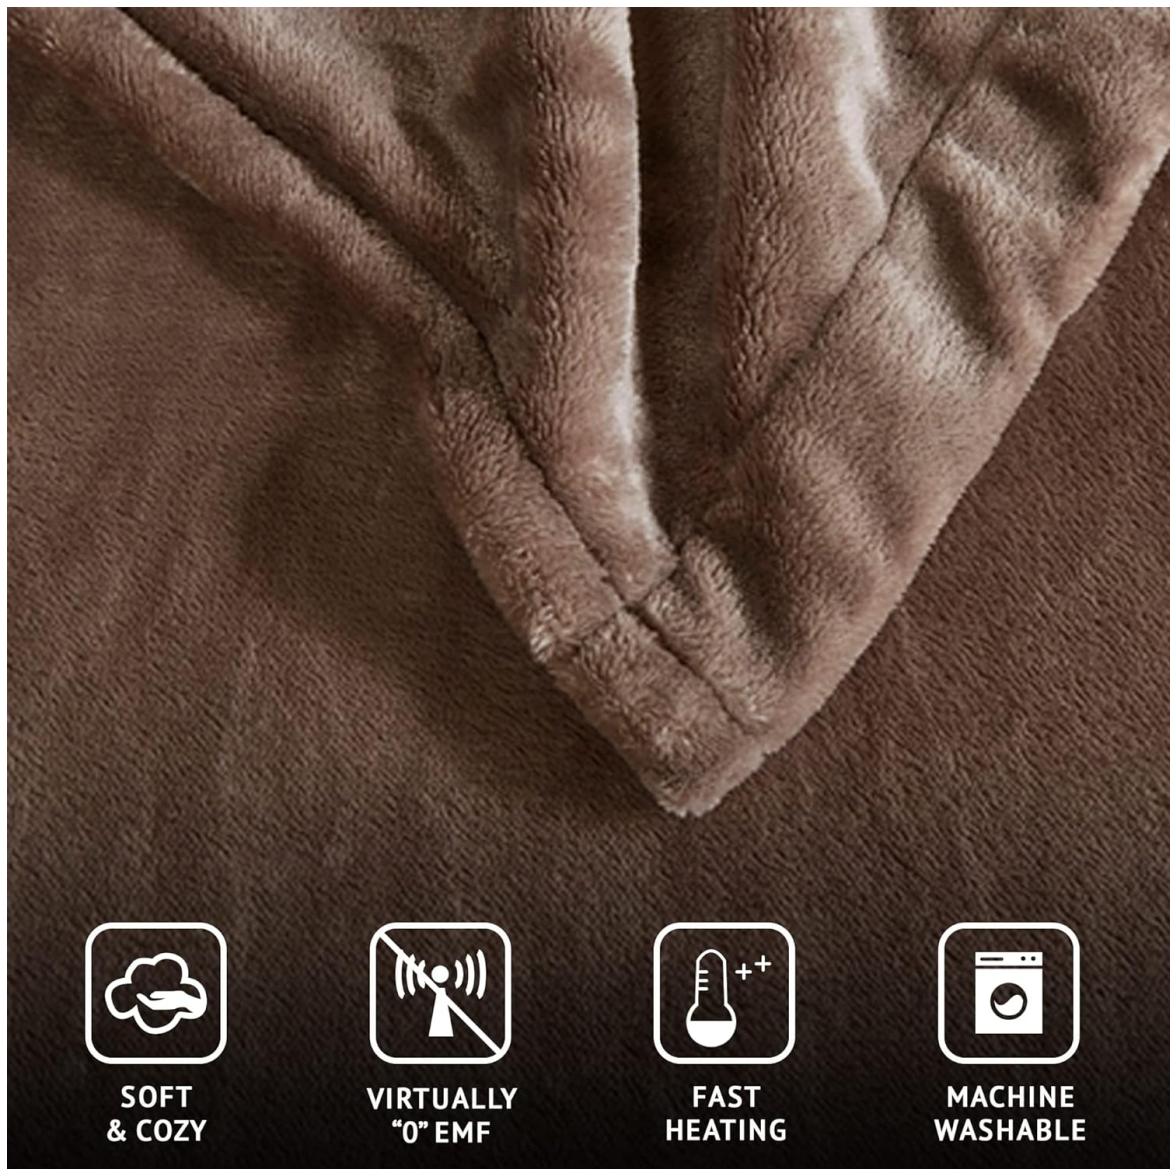

MODEL: BR54-0530

## 1. Introduction and Overview

This manual provides essential information for the safe and effective use of your Beautyrest Heated Electric Blanket. This oversized throw blanket (60 in x 70 in) features Secure Comfort heated technology, designed to adjust temperature based on overall, spot, and ambient room temperatures for consistent warmth. It is constructed from ultra-soft microlight plush fabric and is designed to emit virtually no EMF emissions.

*Image: A woman comfortably wrapped in the Beautyrest heated electric blanket on a sofa. The blanket offers 3 heat settings and includes a 2-hour auto shut-off feature for safety and convenience. It is UL certified and independently tested to meet high safety standards.*

*Image: Visual representation of key features: soft and cozy fabric, virtually zero EMF, fast heating capability, and machine washable design.*

## 2. Setup Instructions

1. **Unpack:** Carefully remove the heated blanket and controller from its packaging.
2. **Placement:** Lay the blanket flat on a bed or sofa. Ensure it is not bunched, pinched, or tucked under heavy objects, as this can affect heating performance and safety. Avoid using on movable furniture like rocking chairs or recliners.
3. **Connect Controller:** Securely plug the controller cord into the blanket's connector. Ensure a firm connection.
4. **Power Connection:** Plug the power cord into a standard 110V-120V AC electrical outlet.

# CONTROLLER FEATURES

## 3. Operating Instructions

Your Beautyrest Heated Electric Blanket is designed for ease of use with its intuitive controller.

1. **Power On/Off:** Press the 'ON/OFF' button on the controller to turn the blanket on or off.
2. **Adjust Heat Settings:** Use the 'HIGH', 'MED', and 'LOW' buttons to cycle through the 3 available heat settings. Select the desired warmth level.
3. **Auto Shut-Off:** The blanket features a built-in 2-hour auto shut-off for safety. After 2 hours of continuous operation, the blanket will automatically turn off. To restart, simply press the 'ON/OFF' button again.

## 4. Maintenance

Proper care ensures the longevity and performance of your heated blanket. Always follow these instructions:

1. **Disconnect Power:** Before cleaning, always unplug the controller from the blanket and the power cord from the wall outlet.
2. **Machine Wash:** Wash by hand or use a delicate cycle in cold water with minimal detergent.
3. **Rinse:** Rinse thoroughly in cold water.
4. **Remove Promptly:** Remove the blanket immediately after the spin cycle to prevent creasing.
5. **Tumble Dry:** Tumble dry on medium or low heat for no more than 5 minutes.
6. **Air Dry:** Gently stretch the blanket and hang it to finish drying. Do not hang with clothespins.
7. **Do Not Iron:** Never iron the heated blanket.

## WASHING

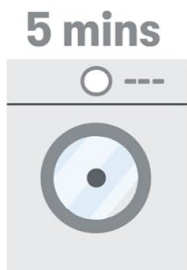

Wash by Hand or  
With Delicate Cycle

Wash & Rinse in Cold Water,  
Minimal Detergent

Remove Immediately  
After Spin Cycle

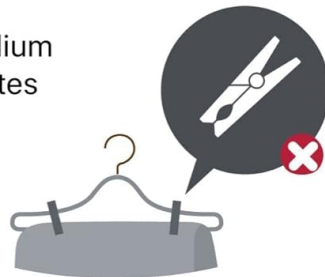

Tumble Dry on Medium  
or Low for 5 Minutes

## DRYING

Gentle Stretch and  
Hang to Finish Drying

Do Not Hang with  
Clothespins

Do Not Iron

## 5. Troubleshooting

If you encounter any issues with your heated blanket, please refer to the following common solutions:

• **Q: Why is my light blinking?**

A: Unplug and reconnect the controller, ensuring it is properly connected. If the issue persists, contact customer support.

• **Q: Why does my blanket not heat well?**

A: Ensure the blanket is powered on and set to the maximum level. Allow sufficient time for it to heat up.

• **Q: Only parts of my blanket are getting warm.**

A: This is usually caused by a bunched or pinched heating element. Lay the blanket flat, untucked, and free from heavy objects. Straighten the heating wires as needed to restore function. Lay the blanket flat and run your fingers along the wire, paying special attention to the top and bottom of the blanket where the wire bends. If any portion of the wire is twisted on itself, manually twist it back.
