eKids Li-B33.FMv7

eKids Star Wars Li-B33.FMv7 Bluetooth Speaker Instruction Manual

Model: Li-B33.FMv7

1. Introduction

This manual provides instructions for the eKids Star Wars Li-B33.FMv7 Bluetooth Speaker, designed in the likeness of a First Order Star Destroyer. This portable speaker allows for wireless audio streaming and includes a speakerphone function for calls.

2. Product Overview

2.1 Key Features

- **Bluetooth Connectivity:** Wirelessly stream audio from compatible devices up to 30 feet away.
- **Speakerphone Function:** Answer and end calls directly through the speaker with an integrated microphone.
- **Pre-loaded Audio:** Includes the "Star Wars (Main theme)" song for instant playback.
- **Rechargeable Battery:** Features a built-in lithium-ion battery for portable use.
- **Auxiliary Input:** Connect devices via a 3.5mm headphone jack for wired audio.
- **Illuminated Design:** The Star Destroyer model lights up when in use.

2.2 What's in the Box

- Star Destroyer Bluetooth Speaker (Model: Li-B33.FMv7)
- Charging Cable (USB)
- Instruction Manual (This document)

2.3 Product Visuals

Figure 1: Front-side view of the eKids Star Wars Li-B33.FMv7 Bluetooth Speaker, showcasing its detailed Star Destroyer design on a clear display stand.

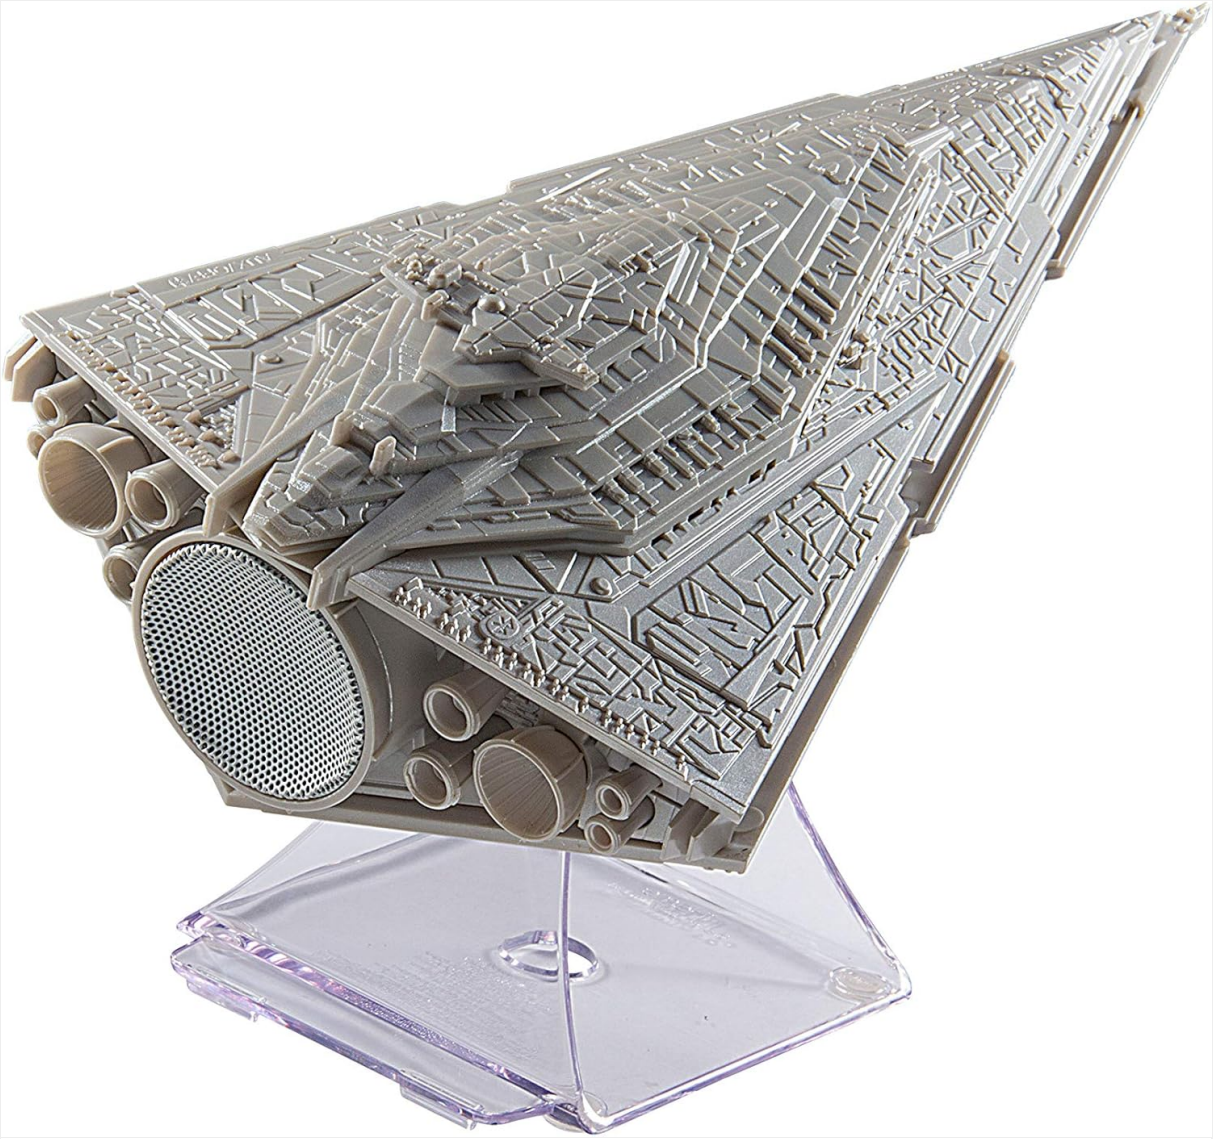

Figure 2: Rear-side view of the speaker, highlighting the integrated speaker grille and detailed engine thrusters.

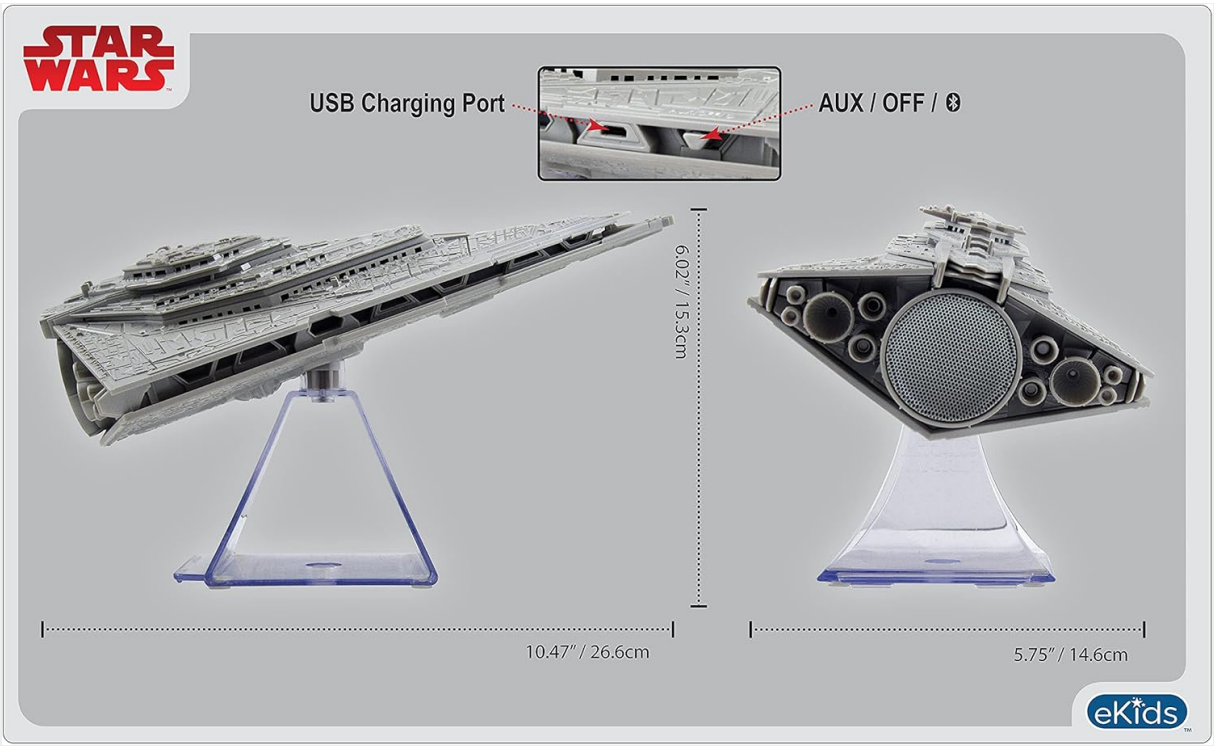

Figure 3: Close-up view of the speaker's side, indicating the USB charging port and the multi-function switch for AUX, OFF, and Bluetooth modes.

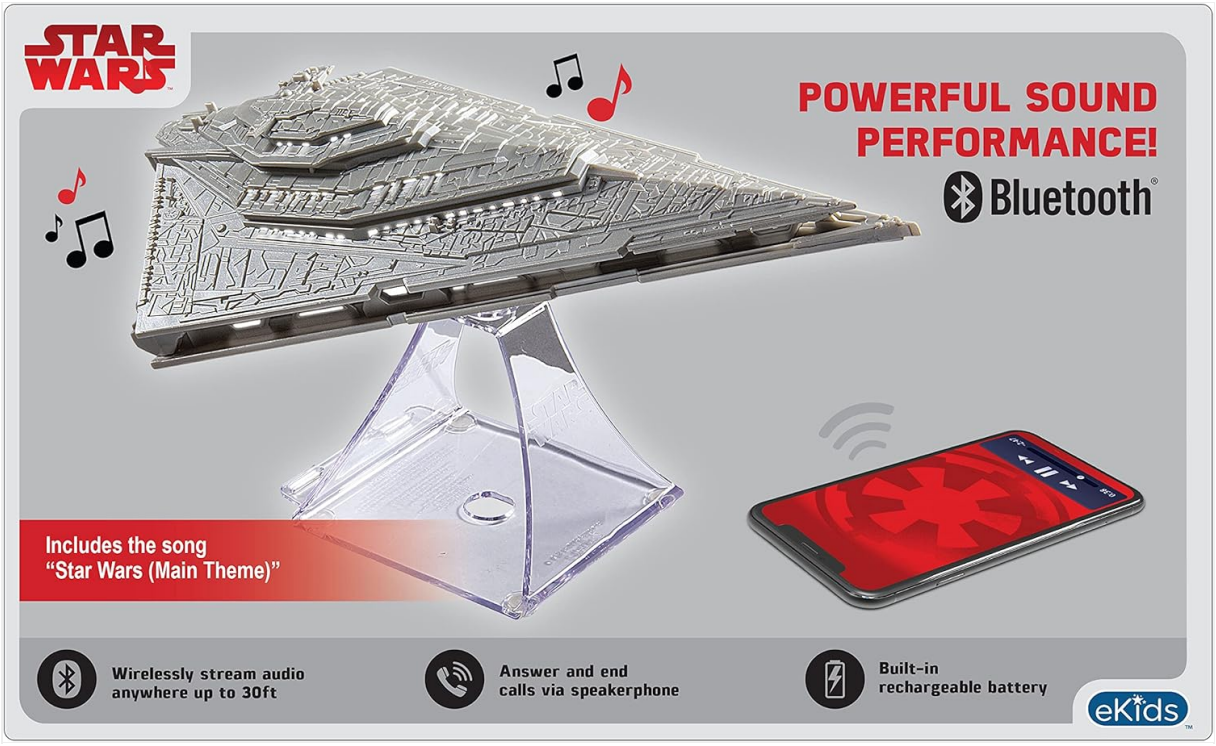

Figure 4: The Star Destroyer speaker in operation, with its lights illuminated and music notes indicating sound output, paired with a smartphone.

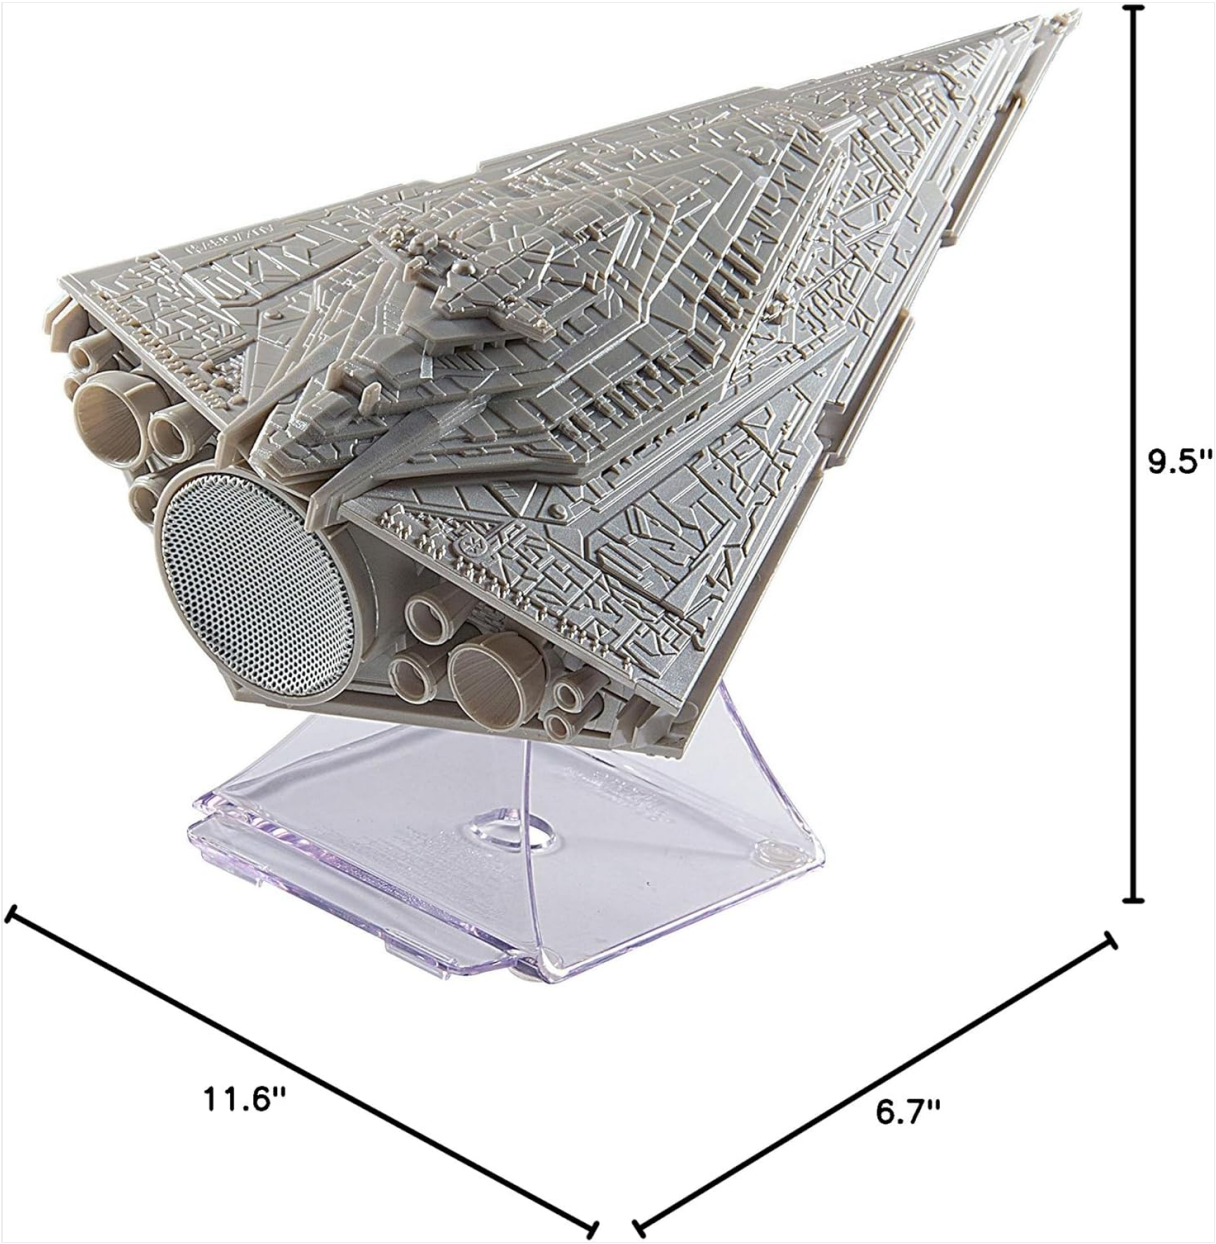

Figure 5: Diagram showing the dimensions of the Star Destroyer speaker: 6.7 inches (D) x 11.6 inches (W) x 9.5 inches (H).

3. Setup

3.1 Charging the Speaker

1. Locate the USB charging port on the side of the speaker (refer to Figure 3).
2. Connect the provided USB charging cable to the speaker's USB port.
3. Plug the other end of the USB cable into a powered USB port (e.g., computer, USB wall adapter - not included).
4. The speaker's indicator light will show charging status (refer to product packaging or quick start guide for specific light behavior).
5. Allow the speaker to charge fully before first use.

3.2 Powering On/Off

- To power on the speaker, slide the multi-function switch (refer to Figure 3) to the "Bluetooth" or "AUX" position.
- To power off the speaker, slide the multi-function switch to the "OFF" position.

4. Operating Instructions

4.1 Bluetooth Pairing

1. Ensure the speaker is charged and powered on (switch set to "Bluetooth").
2. The speaker will automatically enter pairing mode, indicated by a flashing LED light (refer to product packaging for specific light patterns).
3. On your Bluetooth-enabled device (smartphone, tablet, computer), go to the Bluetooth settings.
4. Search for available devices and select "iHome Li-B33.FMv7" or similar from the list.
5. Once paired, the speaker will emit a confirmation tone, and the LED light will become solid.
6. The speaker will automatically attempt to re-pair with the last connected device when powered on.

4.2 Playing Music

- **Via Bluetooth:** After successful pairing, play audio from your connected device. The speaker will output the sound.
- **Via Auxiliary Input:** Connect a 3.5mm audio cable (not included) from your audio device's headphone jack to the speaker's AUX-in port. Slide the multi-function switch to "AUX".
- **Star Wars Theme Song:** Press the dedicated button on the speaker to play the "Star Wars (Main theme)" song.
- Volume control is managed directly from your connected audio device.

4.3 Speakerphone Function

- When a call is received on a paired Bluetooth device, the music will pause.
- Press the "Talk" button (refer to product diagram if available) on the speaker to answer the call.
- Speak into the integrated microphone on the speaker.
- Press the "End" button to end the call. Music playback will resume automatically.

5. Maintenance

- Keep the speaker clean by wiping it with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.
- Do not expose the speaker to extreme temperatures, direct sunlight, or moisture.
- Store the speaker in a cool, dry place when not in use.

6. Troubleshooting

6.1 No Power / Not Charging

- Ensure the charging cable is securely connected to both the speaker and the power source.
- Verify the USB power source is active and providing power.
- Try a different USB cable or power adapter.

6.2 Cannot Pair via Bluetooth

- Make sure the speaker is in Bluetooth mode and within 30 feet of your device.
- Ensure Bluetooth is enabled on your device.
- Turn off and on both the speaker and your device, then try pairing again.
- If previously paired, "forget" or "unpair" the speaker from your device's Bluetooth list and attempt to pair again.
- Ensure no other devices are currently connected to the speaker.

6.3 No Sound Output

- Check the volume level on both the speaker (if applicable, though primarily controlled by device) and your connected audio device.
- Ensure the speaker is correctly paired via Bluetooth or the AUX cable is fully inserted.
- If using AUX, ensure the switch is set to "AUX".
- Verify that the audio source on your device is playing.

7. Specifications
