Yaheetech YT-923

Yaheetech Rolling Clothes Rack Instruction Manual

Model: YT-923 | Brand: Yaheetech

1. INTRODUCTION

Thank you for choosing the Yaheetech Heavy Duty Double Rail Rolling Clothes Rack. This manual provides detailed instructions for the safe and efficient assembly, operation, and maintenance of your new garment rack. Please read this manual thoroughly before use and retain it for future reference.

Figure 1: The Yaheetech Rolling Clothes Rack, fully assembled and holding various garments.

2. SAFETY INFORMATION

- Ensure all parts are securely fastened before loading the rack.
- Do not exceed the maximum weight capacity of 250 pounds (static) or 220 pounds (dynamic) to prevent tipping or damage.
- Distribute weight evenly on both rails to maintain stability.
- Engage wheel brakes when the rack is in a stationary position to prevent unintended movement.
- Keep hands clear of moving parts during assembly and folding.

3. PARTS LIST

Please verify that all components are present before beginning assembly:

1. Base Frame (1)
2. Vertical Support Poles (2)
3. Upper Horizontal Rod (1)
4. Lower Horizontal Rod (1)
5. Wheels (4, including 2 with brakes)
6. Connecting Hardware (pre-attached or minimal tools required)

4. SETUP AND ASSEMBLY

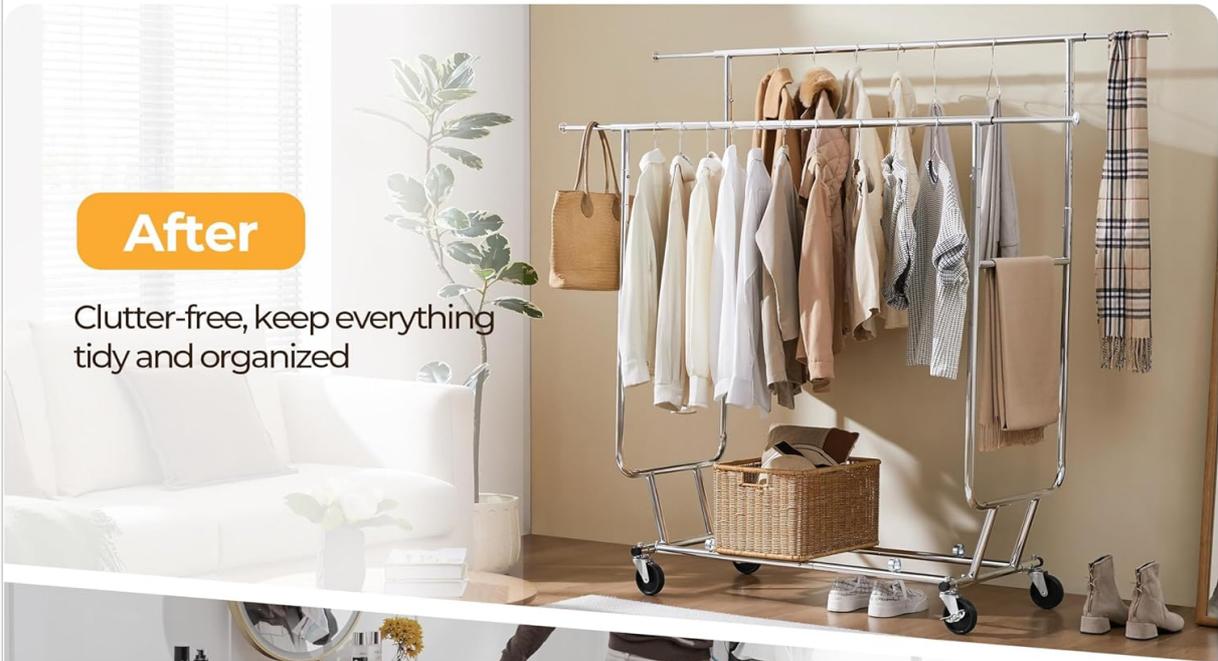

The Yaheetech Rolling Clothes Rack is designed for quick and easy assembly. No special tools are required.

1. **Attach Wheels:** Insert the four wheels into the designated sockets on the base frame. Ensure the two lockable wheels are placed on the same side for easier braking.
2. **Unfold Base:** Gently unfold the base frame until it locks into its open position.
3. **Insert Vertical Poles:** Slide the two vertical support poles into the upright receivers on the base frame.
4. **Attach Horizontal Rods:** Secure the lower horizontal rod to the vertical poles at the desired height. Then, attach the upper horizontal rod. Ensure all connections are firm.
5. **Adjust Height and Length:** The rack features adjustable height (55"-65") and extendable length (50.4"-74") for customizable hanging space. Adjust by pulling or pushing the rods and securing them in place.

Optimize Your Storage Space

After

Clutter-free, keep everything tidy and organized

Before

Messy rooms,
overflowing clothes,
no hanging space

Figure 2: Product dimensions and weight capacity details.

Strong Chromed Metal Rack

Crafted from durable chromed metal for enhanced strength and long-lasting use

Figure 3: Instructions for adjusting the height and length of the hanging rods.

For a visual guide, you may refer to the official installation manual available as a PDF on the product's Amazon listing page.

5. OPERATING INSTRUCTIONS

- **Moving the Rack:** To move the rack, ensure the wheel brakes are disengaged. The 360-degree rotating wheels allow for easy maneuverability.
- **Securing the Rack:** To keep the rack stationary, push down the levers on the two lockable wheels until they click into place.
- **Folding for Storage:** The rack features a collapsible design for convenient storage. Release the locking mechanisms (if any) and fold the vertical poles inwards towards the base. Use the integrated clamps on the base to secure the rods when folded.

Extendable Hanging Rod

Adjustable rods for customizable hanging space.

6. MAINTENANCE

To ensure the longevity and appearance of your Yaheetech Rolling Clothes Rack:

- Wipe down the chrome metal surfaces with a soft, damp cloth to remove dust and dirt.
- Avoid using abrasive cleaners or harsh chemicals, as they may damage the chrome finish.
- Periodically check all connections and tighten any loose bolts or screws.
- Keep the wheels free of debris to ensure smooth rolling.

Figure 6: The rack is constructed from strong chromed metal.

7. TROUBLESHOOTING

If you encounter any issues with your garment rack, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Rack is unstable or wobbly.	Loose connections; uneven weight distribution.	Check and tighten all connections. Redistribute clothes evenly on both rails.
Wheels do not roll smoothly.	Debris caught in wheels; brakes engaged.	Clear any debris from the wheels. Ensure brakes are disengaged.
Difficulty folding the rack.	Rods not fully retracted; locking mechanisms not released.	Ensure all adjustable rods are fully retracted. Release any locking pins or mechanisms before attempting to fold.

8. SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
Model Number	YT-923
Material	Metal, Zinc (Chromed)
Color	Silver
Product Dimensions (D x W x H)	21.5" x 74" x 65" (fully extended)
Adjustable Height	55" - 65"
Extendable Width	50.4" - 74"
Static Weight Capacity	330 Pounds
Dynamic Weight Capacity	220 Pounds
Item Weight	19.51 Pounds
Installation Type	Free Standing

Feature	Detail
Assembly Required	Yes
