Lamicall S-CA-S

Lamicall Cell Phone Stand S-CA-S Instruction Manual

Model: S-CA-S

1. INTRODUCTION

The Lamicall Cell Phone Stand (Model S-CA-S) is a versatile desktop accessory designed to securely hold your smartphone or small tablet, providing an optimal viewing angle for various activities. Constructed from high-quality aluminum alloy, it offers stability and durability. Its thoughtful design includes features for charging cable management and anti-scratch protection for your device and surfaces.

Image 1: Lamicall Cell Phone Stand with a smartphone in vertical orientation, connected to a charging cable.

2. SETUP

The Lamicall Cell Phone Stand comes pre-assembled and ready for immediate use. No complex installation is

required.

2.1 Adjusting the Viewing Angle

The stand features an adjustable hinge that allows you to customize the viewing angle. Gently push or pull the top support panel to achieve your desired tilt. The sturdy hinge is designed to maintain the set angle securely.

2.2 Placing Your Device

Place your smartphone or tablet (4-8 inches) onto the cradle. The stand supports both vertical and horizontal orientations. The rubber non-slip pads on the cradle and base protect your device from scratches and prevent the stand from sliding on your desk.

Considerate Details

Smooth edge and jet shine

Keep your phones from scratches

Anti-slip bottom rubber cushion

2.3 Charging Cable Management

A large, beveled cutout on the back of the stand allows you to route your charging cable neatly. This design prevents the cable from bending sharply or being damaged, ensuring your device can charge conveniently while on the stand.

3. OPERATING INSTRUCTIONS

The Lamicall Cell Phone Stand is designed for straightforward operation, enhancing your device usage experience.

3.1 Optimal Viewing

Position your device on the stand to enjoy hands-free viewing. This is ideal for watching videos, making video calls, following recipes, or monitoring notifications without needing to hold your phone.

4. MAINTENANCE

To ensure the longevity and appearance of your Lamicall Cell Phone Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, damp cloth to remove dust or smudges.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or rubber pads.
- **Storage:** When not in use, store the stand in a clean, dry place.

5. TROUBLESHOOTING

If you encounter any issues with your Lamicall Cell Phone Stand, consider the following:

- **Device Slipping:** Ensure your device is within the recommended 4-8 inch size range. Check that the rubber pads on the cradle and base are clean and intact.
- **Stand Not Holding Angle:** The hinge is designed to be firm. Apply gentle but consistent pressure when

adjusting the angle. If the hinge feels loose over time, ensure no debris is obstructing its movement.

- **Scratches on Device/Surface:** Verify that the rubber pads are properly positioned and not worn out. The stand is designed with smooth edges to prevent damage.

For further assistance, please refer to the support section.
