Kraus KPF-2620CH

KRAUS Oletto Single Handle Pull Down Kitchen Faucet

Model: KPF-2620CH | Brand: Kraus

Introduction

The Kraus Oletto Pull Down Kitchen Faucet is designed to provide a clean, modern style for your kitchen. Its optimized 15-1/8 inch height allows it to fit under most kitchen cabinets, offering installation flexibility. This manual provides essential information for the setup, operation, and maintenance of your new faucet.

Setup and Installation

The Oletto faucet features QuickDock mounting technology, simplifying installation from above the countertop. It is designed for single-hole installation but can accommodate 3-hole sinks with the included deck plate.

Key Installation Features:

- **QuickDock Technology:** Allows for easy top-mount installation without needing to secure from underneath the sink.
- **Single Hole Installation:** Compatible with most kitchen sinks. A deck plate is included for 3-hole installations.
- **Installation-Ready:** Comes with pre-attached nylon water lines, QuickConnect sprayer hose, QuickWeight counterweight, and mounting hardware.

Dimensions:

Understanding the faucet dimensions is crucial for proper fit and function in your kitchen space.

- **Faucet Height:** 15 1/8 inches
- **Aerator Clearance:** 7 1/8 inches

- **Spout Reach:** 8 7/8 inches
- **Deck Plate:** 10 1/4 inches (length) x 2 1/2 inches (width)

Operating Instructions

The Oletto faucet is designed for ease of use and versatility in your daily kitchen tasks.

Single Handle Operation:

The single lever handle allows for easy control of water temperature and volume. It features a 90° forward rotation, enabling installation in tighter spaces without backsplash clearance issues.

Pull-Down Sprayer with Reach Technology:

The integrated pull-down sprayer offers superior maneuverability and an extended range of motion. The Reach Technology ensures the hose retracts easily and the swivel adapter provides full flexibility to reach all areas of your

kitchen sink.

Dual Function Sprayer:

Easily switch between two spray modes:

- **Aerated Stream:** Ideal for filling pots and general washing.
- **Powerful Spray:** Effective for blasting away stubborn food residue.

High-Arc Spout and 360° Swivel:

The high-arc spout provides ample space for oversized items, and it swivels 360 degrees for a full range of motion, enhancing convenience in your kitchen.

Maintenance

Proper care will ensure the longevity and appearance of your Kraus Oletto faucet.

Easy-Clean Nozzles:

The dual-function sprayhead is equipped with soft rubber nozzles. To maintain optimal performance and prevent mineral build-up, simply wipe away any deposits from the nozzles. The water-saving coin-slot aerator is also easy to replace without special tools.

Finish Care:

The faucet features a wear-resistant finish designed to resist corrosion, tarnishing, and fading. For chrome finishes, regular cleaning with a soft cloth and mild soap is recommended. Avoid abrasive cleaners or pads that could damage the finish. Spot-Free Finish options are available for other models to minimize water spots and fingerprints.

Troubleshooting

If you encounter any issues with your Kraus Oletto faucet, please refer to the following common solutions:

- **Low Water Flow:** Check if the aerator is clogged with debris or mineral deposits. Clean the rubber nozzles as described in the Maintenance section. Ensure water supply valves are fully open.
- **Leaking:** Verify all connections are tight. If leaking persists from the handle or spout, the ceramic cartridge may need inspection or replacement.
- **Sprayer Not Retracting:** Ensure the QuickWeight counterweight on the hose underneath the sink is not obstructed and can move freely.

For more complex issues, consult the full user manual or contact Kraus customer support.

Specifications

Feature	Detail
Brand	Kraus
Model Name	Oletto
