

## Zendure ZDA4P33

# Zendure A4 Portable Charger User Manual

MODEL: ZDA4P33

## Introduction

The Zendure A4 Portable Charger is an ultra-durable 13400mAh external battery power bank designed for reliable power on the go. It features a robust construction and intelligent charging capabilities to keep your devices powered.

- **Durability & Style:** Constructed from crush-proof composite material with dual-injection molding and a shock-absorbing central belt, ensuring exceptional durability.
- **High Energy Conversion:** Achieves an energy conversion rate of up to 80%, allowing for efficient power transfer to your devices.
- **ZEN+ Technology:** USB ports automatically detect your device and optimize output for maximum charging speed (up to 2.1A). The power bank turns on automatically when connected to compatible devices.
- **Charge-Through Feature:** Allows you to charge the Zendure A4 while simultaneously charging your devices using a single wall charger (10W+ power source recommended).
- **Long Standby Time:** Can maintain up to 95% of its charge after six months in standby mode (when USB disconnected), making it ideal for emergency backup.

## Product Overview

## Setup

Before first use, fully charge your Zendure A4 Portable Charger.

1. **Charging the Power Bank:** Connect the included Micro USB cable to the power bank's input port and plug the other end into a USB wall charger (not included). The LED indicators will show charging progress.
2. **Initial Device Connection:** Once the power bank is charged, connect your device (smartphone, tablet, etc.) to one of the USB output ports using your device's charging cable. The power bank will automatically begin charging.

## Operating Instructions

The Zendure A4 is designed for ease of use and efficient power delivery.

- **Automatic Activation:** The power bank automatically turns on when a compatible device is

connected, eliminating the need to press a power button.

- **Optimal Charging:** ZEN+ technology ensures your device receives the fastest possible charge by intelligently detecting its power requirements.
- **Pass-Through Charging:** You can charge the Zendure A4 and your connected devices simultaneously. This is useful for charging multiple items overnight with a single power adapter.
- **Dual Device Charging:** With two USB output ports, the Zendure A4 can charge two devices at the same time.

Figure 4: Illustration of the pass-through charging feature, showing the power bank being charged while simultaneously charging a smartphone.

## Maintenance

---

To ensure the longevity and optimal performance of your Zendure A4 Portable Charger, follow these maintenance guidelines:

- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cleaning:** Use a soft, dry cloth to clean the exterior. Avoid using harsh chemicals or abrasive materials.
- **Charge Retention:** Due to its excellent standby charge retention, you do not need to constantly recharge it if using it as an emergency backup. However, for best battery health, it is recommended to

fully charge and discharge the unit periodically.

- **Durability Features:** The crush-proof composite material and shock-absorbing belt provide significant protection, but avoid intentional drops or excessive force.

Figure 5: A visual representation of the Zendure A4's extreme durability, showing it withstanding pressure from a car tire.

## Troubleshooting

---

If you encounter issues with your Zendure A4, consider the following common solutions:

- **Device Not Charging:** Ensure the power bank is sufficiently charged. Try a different USB cable or a different output port. Verify your device's charging port is clean and undamaged.
- **Power Bank Not Charging:** Check the Micro USB input cable and the wall adapter. Try a different wall adapter or USB port. Ensure the cable is fully inserted.
- **Slow Charging:** Ensure you are using a high-quality USB cable. For pass-through charging, a 10W+ power source is recommended for optimal speed.
- **LED Indicators Not Working:** If the power bank is functioning otherwise, this might indicate a minor issue. Try fully discharging and recharging the unit. If the problem persists, contact customer service.

## Specifications

---

Feature	Detail
Product Dimensions	4.5 x 2.8 x 0.94 inches
Item Weight	9.3 ounces
ASIN	B014RBEEIQ
Item Model Number	ZDA4P33
Batteries	4 Lithium Ion batteries required
Color	Sliver Slim
Manufacturer	Zendure
Date First Available	August 31, 2015
Connector Type	lightning, usb, Micro USB
Voltage	3.7 Volts

## What's Included

---

Your Zendure A4 Portable Charger package includes:

- Zendure Portable Charger External Battery Power Bank
- Micro USB cable
- Travel pouch
- Thank you card
- Product guide

*Note: Does not include an Apple Lightning Cable.*
