## Satco S3246

# Satco S3246 60W G16.5 Incandescent Silver Crown Globe Light Bulb User Manual

Model: S3246 | Brand: Satco

## INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Satco S3246 60 Watt G16.5 Incandescent Silver Crown Globe Light Bulb. Please read this manual thoroughly before installation and retain it for future reference.

Image: Satco S3246 Incandescent Silver Crown Globe Light Bulb. This image displays the bulb with its clear lower half and reflective silver crown top, featuring a candelabra base.

## SAFETY INFORMATION

To prevent personal injury or product damage, always follow these basic safety precautions:

- **Turn off power:** Always disconnect power to the fixture before installing, removing, or replacing the bulb.
- **Handle with care:** Incandescent bulbs can become very hot during operation. Allow the bulb to cool completely before touching or replacing it.
- **Proper wattage:** Do not exceed the maximum wattage rating of your fixture. This bulb is 60 Watts.
- **Dry location use:** Ensure the bulb is used in a fixture appropriate for its intended indoor/outdoor rating.

- **Disposal:** Dispose of used bulbs according to local regulations.
- **Avoid direct contact:** Do not touch the glass portion of the bulb with bare hands during installation, as oils can reduce bulb life. Use a clean cloth or gloves.

## SETUP AND INSTALLATION

1. **Verify Power Off:** Ensure the power supply to the light fixture is completely turned off at the circuit breaker or wall switch.
2. **Remove Old Bulb (if applicable):** Carefully unscrew the old bulb from the socket. If the old bulb is broken, use appropriate safety measures to remove it.
3. **Inspect Fixture:** Check the light fixture's socket for any damage or debris.
4. **Install New Bulb:** Gently screw the Satco S3246 bulb into the candelabra (E12) base socket. Turn clockwise until it is finger-tight. Do not overtighten.
5. **Restore Power:** Turn the power supply back on.
6. **Test:** Activate the light switch to confirm the bulb is functioning correctly.

This bulb is designed for use in 120 Volt systems with a candelabra (E12) base.

## OPERATING INSTRUCTIONS

The Satco S3246 incandescent bulb operates like a standard light bulb. Once properly installed in a compatible fixture and power is supplied, it will illuminate when the fixture's switch is turned on.

- **On/Off:** Use the wall switch or fixture switch to turn the light on or off.
- **Dimmability:** This incandescent bulb is dimmable when used with compatible dimmer switches. Ensure your dimmer switch is rated for incandescent loads.

## MAINTENANCE

Minimal maintenance is required for the Satco S3246 bulb.

- **Cleaning:** Ensure the power is off and the bulb is cool before cleaning. Wipe the bulb gently with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Replacement:** Replace the bulb when it burns out. Follow the "Setup and Installation" steps for safe replacement. The average rated life is 1500 hours.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Bulb does not light up.	No power to the fixture.	Check circuit breaker and wall switch.
	Bulb not screwed in properly.	Ensure bulb is securely tightened.
	Bulb is burnt out.	Replace the bulb.
	Faulty fixture or switch.	Consult a qualified electrician.
Bulb flickers.	Loose connection.	Tighten the bulb.
	Incompatible dimmer switch.	Ensure dimmer is rated for incandescent bulbs.
	Voltage fluctuations.	Consult an electrician if persistent.
