## Pyrex Meal Prep

# Pyrex Simply Store Glass Food Storage Set User Manual

Model: Meal Prep | Brand: Pyrex

## PRODUCT OVERVIEW

The Pyrex Simply Store 9-Pack Mixed Sized Glass Food Storage Set offers a versatile solution for your food storage needs. Crafted from durable, pure Pyrex glass, these containers are designed for convenience and longevity. The set includes a variety of round and rectangular containers with color-coded, BPA-free airtight lids, ensuring your food stays fresh and organized.

### Set Contents:

- (1) 7-Cup Round Glass Storage Container with Lid
- (1) 6-Cup Rectangular Glass Storage Container with Lid
- (2) 4-Cup Round Glass Storage Containers with Lids
- (2) 3-Cup Rectangular Glass Storage Containers with Lids
- (2) 2-Cup Round Glass Storage Containers with Lids
- (1) 1-Cup Round Glass Storage Container with Lid

This 18-piece set (9 containers and 9 lids) provides diverse sizes for meal prepping, storing leftovers, and organizing various food items.

**SET INCLUDES:**

## SETUP

---

Before first use, wash all glass containers and lids thoroughly with warm, soapy water or place them in the dishwasher. Ensure all components are completely dry before storing or using.

**Lid Application:**

To ensure an airtight seal, align the lid with the container and press down firmly around the edges until it is securely in place. The lids are designed to fit snugly to preserve food freshness.

Image: Various Pyrex containers with their plastic lids securely fitted, demonstrating the snug seal for food preservation.

## OPERATING INSTRUCTIONS

---

### Food Storage:

These containers are ideal for storing food in the refrigerator or freezer. The clear glass allows for easy visibility of contents, reducing food waste. The color-coded lids help with organization.

### Microwave Use:

Pyrex glass containers are microwave safe. For best results and to prevent pressure buildup, always loosen or remove the lid before microwaving. This allows steam to escape.

### Oven Use:

The glass containers are oven safe. **Do not use the plastic lids in the oven.** Always remove lids before placing containers in a preheated oven.

Image: Visual guide highlighting key features: freezer safe, dishwasher safe, microwave safe, and resistance to stains and odors.

## MAINTENANCE & CARE

---

### Cleaning:

Both the glass containers and the BPA-free plastic lids are top-rack dishwasher safe. For optimal longevity of the lids, hand washing is recommended, especially to prevent warping from high heat cycles.

### Stain and Odor Resistance:

Pyrex glass is inherently stain and odor resistant, ensuring your containers remain clean and do not transfer flavors between different foods. This makes them ideal for storing items like tomato-based sauces or strong-smelling foods.

## TROUBLESHOOTING

---

### Lid Sealing Issues:

If a lid does not seal properly, ensure both the container rim and the lid are clean and free of any food debris. Check the lid for any signs of warping or damage. If warped, hand wash with warm water and allow to cool completely before re-attempting to seal.

**Glass Breakage:**

While durable, Pyrex glass can break due to sudden temperature changes or impact. Avoid placing hot glass directly onto cold surfaces or vice-versa. Do not use if chipped or cracked.

**SPECIFICATIONS**

Feature	Detail
Product Dimensions	15"L x 10.25"W x 6.63"H
Recommended Uses	Meal Prep, Food Storage
Special Feature	Leak Resistant
Container Shape	Rectangular, Round
Closure Type	Snap
Dishwasher Safe	Yes
Material Type Free	BPA Free
Microwaveable	Yes
Material	Glass
Item Weight	11.91 pounds
Country of Origin	USA
