ZINUS 5 Inch Memory Foam Mattress

INSTRUCTION MANUAL

[Overview](#) [Features](#) [Setup](#) [Care & Maintenance](#) [Troubleshooting](#) [Specifications](#) [Warranty & Support](#)

1. PRODUCT OVERVIEW

The ZINUS 5 Inch Memory Foam Mattress is designed for versatility and comfort, making it an ideal choice for bunk beds, trundle beds, and day beds. This mattress features a multi-layered construction for optimal support and freshness. It incorporates a green-tea infused memory foam layer that actively works to eliminate odors and conforms precisely to the natural contours of your body, ensuring a personalized and restful sleep experience. Beneath this, a dense base foam layer with wave dynamics construction promotes increased airflow, contributing to a cooler and more sound sleep environment.

The mattress is encased in a soft terry fabric cover, available in various color options, which also includes a moisture barrier to protect the internal foam layers from accidental spills and messes. For convenient delivery and setup, the mattress is compressed and rolled into a single box, ready for easy unboxing and full expansion within 72 hours.

2. KEY FEATURES

- **Cooling Gel Swirled Memory Foam:** Designed to provide a comfortable sleep surface that helps regulate temperature.
- **Supportive Foam Layers:** Features green tea-infused memory foam and comfort foam that cradle your body, combined with durable base foam for pressure relief and support.
- **Moisture-Resistant Terry Fabric Cover:** The soft outer cover includes a moisture barrier to protect the mattress from spills and accidents, enhancing durability.
- **CertiPUR-US Certified:** The foam used in this mattress is CertiPUR-US certified, ensuring it meets rigorous standards for content, emissions, and durability. This means it is made without harmful chemicals like ozone depleters, PBDE flame retardants, mercury, lead, and other heavy metals.
- **Expertly Packaged:** Utilizes advanced compression technology to efficiently package the mattress into a compact box, simplifying shipping and maneuvering into your desired room.
- **10-Year Limited Warranty:** Comes with a worry-free 10-year limited warranty, providing peace of mind regarding product quality and longevity.

3. SETUP AND UNBOXING

Your ZINUS 5 Inch Memory Foam Mattress is delivered compressed and rolled in a box for ease of transport and setup. Follow these steps for optimal mattress expansion and readiness:

1. **Preparation:** Ensure you have a clean, flat surface where you intend to place the mattress, such as a platform bed, foundation, bed frame, or SmartBase®.
2. **Unbox and Unroll:** Carefully open the box and remove the compressed mattress. It is recommended to unbox and unroll the mattress within 72 hours of receipt to ensure proper expansion.
3. **Allow for Decompression:** Once unrolled, the mattress will begin to decompress. You may gently crawl, walk, or jump on the mattress to help facilitate this process.
4. **Full Expansion:** While the mattress will expand significantly within a few hours, it may take up to 72 hours to fully decompress and reach its original shape and firmness. Avoid using the mattress for extended periods until it has fully expanded.

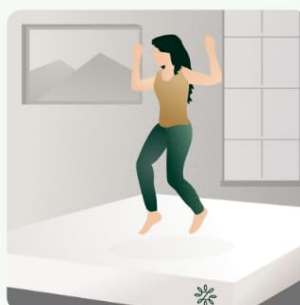

Unboxing your mattress

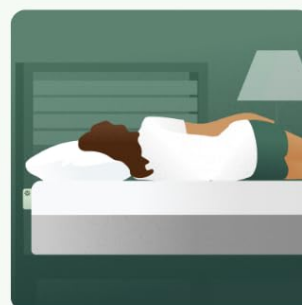

Use with platform beds, foundations, bed frames, and SmartBase®.

Open box within 72 hours and unroll mattress.

Crawl, walk, and jump on mattress to help decompress.

Sleep easy, our mattresses may take 72 hours to fully decompress.

4. CARE & MAINTENANCE

Proper care and maintenance will extend the life and comfort of your ZINUS Memory Foam Mattress.

- **Cover Care:** The mattress features a removable terry fabric cover. For cleaning, the care instructions specify **Hand Wash Only**. Do not machine wash or tumble dry, as this may damage the fabric or moisture barrier.
- **Spot Cleaning:** For minor spills or stains on the mattress foam (after removing the cover), gently spot clean with a mild detergent and water. Blot the area dry thoroughly. Avoid saturating the foam.
- **Ventilation:** To maintain freshness and prevent moisture buildup, periodically air out your mattress by removing bedding. The green tea infusion helps with odor control, but good ventilation is always beneficial.
- **Protection:** While the cover offers a moisture barrier, using a mattress protector is highly recommended for additional protection against spills, stains, and allergens, further extending the mattress's lifespan.
- **Rotation:** To ensure even wear and prolong the mattress's life, rotate it 180 degrees every 3-6 months. This helps distribute pressure evenly across the sleeping surface.

5. TROUBLESHOOTING

Most common issues with memory foam mattresses are related to initial setup and environmental factors. Here are some tips:

- **Mattress Not Fully Expanding:** If your mattress does not appear to have reached its full 5-inch thickness after 72 hours, ensure it was unboxed and unrolled on a flat surface in a room with a comfortable temperature (around 68-72°F or 20-22°C). Cooler temperatures can slow down the expansion process. Allow a few more days for full expansion,

especially in colder environments. Gentle walking or rolling on the mattress can also help stimulate air flow within the foam.

- **New Mattress Odor:** A slight, harmless odor (often described as a
