Mattel Ant-Man #20

Mattel Hot Wheels Marvel Character Car Ant-Man #20

INSTRUCTION MANUAL

Product Overview

The Hot Wheels Marvel Character Car Ant-Man #20 is a die-cast toy vehicle designed to resemble the Marvel character Ant-Man. Reduced in size but boosted with extraordinary power, this compact all-terrain vehicle zooms forward with the augmented speed and agility of Marvel's Ant-Man. The pint-sized hero's face mask forms the overarching shape and futuristic design of the car, with Ant-Man's masked eyes providing increased visibility from the windshield. Antennae protrude from the back of the vehicle for enhanced communication and unmatched racing abilities. It is part of a collection of Marvel-themed Hot Wheels cars.

Package Contents

- One (1) Hot Wheels Marvel Character Car Ant-Man #20

Setup

The Hot Wheels Marvel Character Car Ant-Man #20 is ready for use directly out of its packaging. No assembly or batteries are required.

1. Carefully remove the car from its blister packaging.
2. Dispose of packaging materials responsibly.

Operating Instructions

This Hot Wheels car is designed for free-rolling play on various surfaces, including Hot Wheels tracks (sold separately) or flat, smooth areas.

1. Place the car on a flat, smooth surface or a compatible Hot Wheels track.
2. Push the car forward to initiate movement.
3. The car's design allows for imaginative play and racing scenarios.

Maintenance

- **Cleaning:** Wipe the car with a soft, dry cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive materials, as these may damage the finish.
- **Storage:** Store the car in a cool, dry place away from direct sunlight to prevent fading or material degradation.

Troubleshooting

Most issues with a die-cast toy car are minor and easily resolved.

- **Car not rolling smoothly:**

- Check wheels for any trapped debris (e.g., hair, lint).
- Ensure the axles are not bent. If bent, gentle straightening may be possible, but excessive force can cause breakage.
- Verify the surface the car is being used on is clean and smooth.

- **Paint chipping:** This is normal wear and tear for a toy car, especially with active play. It does not affect functionality.
