iTouchless OL13STV

iTouchless 50 Liter / 13 Gallon Open Top Kitchen Trash Can User Manual

Model: OL13STV

INTRODUCTION

Thank you for choosing the iTouchless 50 Liter / 13 Gallon Open Top Kitchen Trash Can. This manual provides essential information for the proper setup, operation, and maintenance of your new trash can. Please read these instructions carefully to ensure optimal performance and longevity of the product.

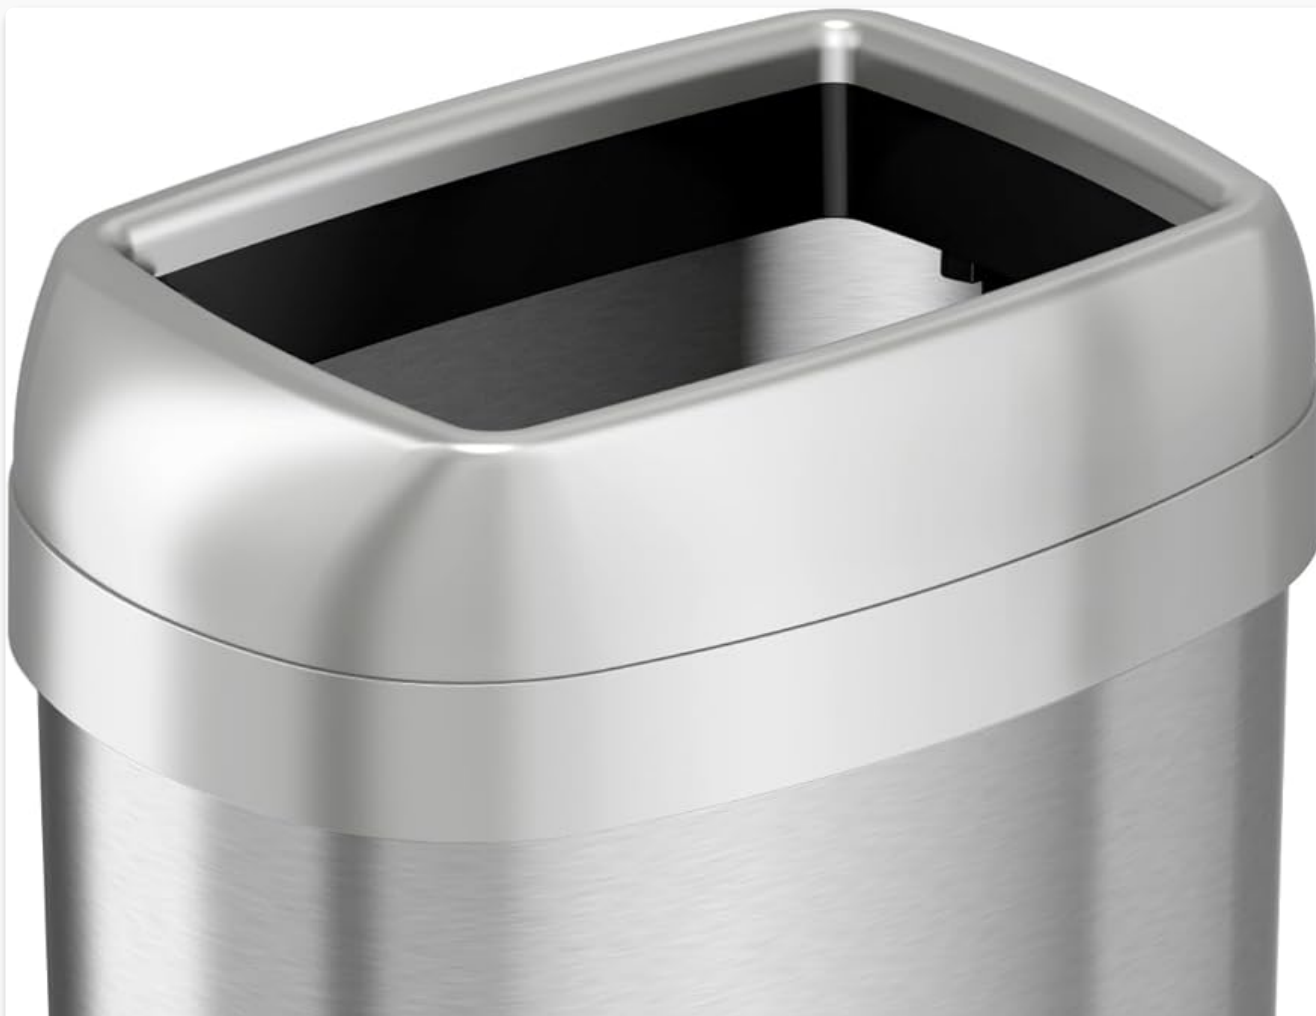

Image: The iTouchless 50 Liter / 13 Gallon Open Top Kitchen Trash Can, showcasing its sleek stainless steel design and oval shape.

SETUP

1. Unpacking and Component Check

Carefully remove all components from the packaging. Verify that all parts are present:

- 1 x Trash Can Body (Stainless Steel)
- 1 x Open Top Lid
- 2 x AbsorbX Odor Filters

2. AbsorbX Odor Filter Installation

The trash can includes two AbsorbX Odor Filters designed to absorb and neutralize garbage odors. Install them as follows:

1. Locate the filter compartments on the underside of the lid.
2. Insert one AbsorbX Odor Filter into each compartment. Ensure they are securely seated.

AbsorbX Odor filter eliminates trash odors

FRESH AIR

*Volatile ORGANIC COMPOUNDS (VOCs) common, naturally occurring chemicals that can cause illness.

Image: Diagram illustrating the placement of AbsorbX Odor Filters within the lid of the trash can to control odors.

3. Trash Bag Installation

This trash can is designed to fit standard tall kitchen trash bags (13-gallon or 50-liter capacity).

1. Lift the open top lid from the trash can body.
2. Place a trash bag into the can, ensuring the top edge of the bag is folded over the rim of the can body.
3. Carefully place the lid back onto the can, securing the trash bag in place. The lid's design helps conceal the bag for a neat appearance.

Odor-Free, Clean Air, Breathe Free

Experience the difference!

4. Placement

Position the trash can in your desired location. Its space-saving oval design allows it to fit snugly against walls or cabinets. The can also features a handle on one side for easy relocation.

OPERATING INSTRUCTIONS

1. Waste Disposal

The open-top design provides quick and easy access for waste disposal. Simply drop items into the wide opening. The generous opening accommodates bulky waste, reducing the need to touch the can.

Image: An illustration highlighting the extra-wide opening of the trash can, designed for easy disposal of larger items.

2. Bag Removal

When the trash bag is full, lift the lid and remove the bag. The integrated air vents prevent a vacuum seal, making full bag removal effortless.

MAINTENANCE

1. Cleaning the Trash Can

The stainless steel exterior is fingerprint-proof, smudge-resistant, and rust-resistant. To clean:

- Wipe the exterior with a damp cloth and a mild, non-abrasive cleaner.
- Dry thoroughly with a soft cloth to prevent water spots.
- For the interior, if soiled, wipe with a damp cloth and disinfectant, then dry completely.

2. AbsorbX Odor Filter Replacement

AbsorbX Odor Filters are effective for approximately 3 months. Replace them regularly to maintain optimal odor control.

1. Remove the old filters from their compartments on the underside of the lid.
2. Insert new AbsorbX Odor Filters into the compartments.

You can sign up for a free text message reminder service to be notified when it's time to replace your filters.

TROUBLESHOOTING

If you encounter any issues with your iTouchless trash can, please refer to the following common solutions:

- **Odor Persistence:** Ensure AbsorbX Odor Filters are correctly installed and not expired. Replace filters every 3 months for optimal performance.
- **Trash Bag Slippage:** Verify that the trash bag is properly secured under the lid's rim. The lid should sit flush on the can body, holding the bag in place.
- **Lid Not Fitting Securely:** Check for any obstructions around the rim of the can or the underside of the lid. Ensure the lid is aligned correctly before placing it on the body.
