

## Plantronics BT600

# Plantronics BT600 Bluetooth Adapter User Manual

Model: BT600

## INTRODUCTION

The Plantronics BT600 Bluetooth Adapter is designed to provide seamless wireless connectivity for your Plantronics Bluetooth headset or headphones with your desktop computer, whether it's a PC or a Mac. This compact USB adapter enhances your communication and music experience by offering a reliable Bluetooth connection, making it ideal for professional and personal use. Its small form factor allows it to remain discreetly plugged into your computer for always-ready connectivity.

## PRODUCT OVERVIEW

*Image: The Plantronics BT600 Bluetooth USB Adapter, a small, black USB dongle with the 'plantronics' logo visible on its side. It features a standard USB-A connector for desktop computer compatibility.*

## SETUP

### System Requirements

- Compatible with PC and Mac computers.
- Available USB-A port.

### Connecting the Adapter

1. Locate an available USB-A port on your desktop computer.
2. Insert the Plantronics BT600 adapter firmly into the USB port.
3. Your computer should automatically detect the adapter and install necessary drivers. This process may take a few moments.

4. Once installed, the adapter will be ready for pairing with your Plantronics Bluetooth headset.

## OPERATING THE BT600

---

### Pairing with a Headset

The BT600 adapter is designed to work specifically with Plantronics Bluetooth headsets. To pair your headset with the BT600:

1. Ensure your Plantronics headset is in pairing mode. Refer to your headset's user manual for specific instructions on how to activate pairing mode.
2. The BT600 adapter typically enters pairing mode automatically when first connected or when a new headset needs to be paired.
3. Once both devices are in pairing mode, they should automatically connect. A solid blue light on the BT600 usually indicates a successful connection.

### Audio and Communication

After successful pairing, your Plantronics headset will function as the primary audio input and output device for your computer. This includes:

- High-quality audio for calls, video conferences, and multimedia playback.
- Enhanced range and stability compared to standard built-in Bluetooth connections.
- Optimized performance for unified communications applications like Skype, Microsoft Teams, and other softphones.

## MAINTENANCE

---

The Plantronics BT600 adapter requires minimal maintenance to ensure its longevity and optimal performance:

- **Keep Dry:** Avoid exposing the adapter to moisture or liquids.
- **Clean Gently:** If necessary, wipe the adapter with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Store Properly:** When not in use, store the adapter in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handle with Care:** Avoid dropping or subjecting the adapter to strong impacts.

## TROUBLESHOOTING

---

If you encounter issues with your Plantronics BT600 adapter, try the following troubleshooting steps:

- **Adapter Not Recognized:**
  - Try inserting the adapter into a different USB port on your computer.
  - Restart your computer.
  - Ensure your operating system is up to date.
- **Pairing Issues:**
  - Ensure your Plantronics headset is fully charged and in pairing mode.
  - Move the headset closer to the BT600 adapter.

- If previously paired, try unpairing and re-pairing the headset.
- **Important Note:** The Plantronics BT600 adapter is designed to work exclusively with Plantronics headsets. It will not add general Bluetooth functionality to your PC for other non-Plantronics devices.
- **Poor Audio Quality or Disconnections:**
  - Ensure there are no physical obstructions between the adapter and the headset.
  - Move away from potential sources of interference (e.g., Wi-Fi routers, microwaves, other Bluetooth devices).
  - Check your computer's audio settings to ensure the Plantronics headset is selected as the default input/output device.

## SPECIFICATIONS

Feature	Detail
Model Number	BT600
Product Dimensions	6.25 x 4 x 0.1 inches
Item Weight	0.02 ounces
Wireless Communication	Bluetooth
Connectivity Technologies	USB
Hardware Interface	Bluetooth, USB
Compatible Devices	Desktop Computers
Data Link Protocol	Bluetooth, USB
Data Transfer Rate	433 Megabits Per Second
Manufacturer	Plantronics
Date First Available	October 8, 2015
Compatible OS Family	MacOS (and PC)
UPC	017229149946, 197497572575

## WARRANTY AND SUPPORT

For information regarding the warranty of your Plantronics BT600 Bluetooth Adapter, please refer to the warranty documentation provided with your original purchase or visit the official Plantronics (now Poly) website. Warranty terms and conditions may vary by region and purchase date.

If you require further assistance or technical support, please visit the Plantronics (Poly) support website or contact their customer service. You may need your product model number (BT600) and proof of purchase when seeking support.
