

## Philips Hue 929001180601

# Philips Hue Bridge 929001180601 User Manual

Model: 929001180601 | Brand: Philips Hue

## INTRODUCTION

---

The Philips Hue Bridge is the essential central component for establishing your Philips Hue smart lighting system. It acts as the brain of the system, enabling you to control all your Philips Hue lights and accessories through the dedicated Philips Hue application. Once the Bridge is installed and the application is downloaded on your smartphone or tablet, you can customize your lighting experience.

## WHAT'S IN THE BOX

---

Verify that all components are present in the packaging:

- 1 Philips Hue Bridge
- 1 Power Adapter
- 1 Ethernet Cable

Image: Philips Hue Bridge, power adapter, and Ethernet cable included in the box.

## SETUP

---

Follow these steps to set up your Philips Hue Bridge:

1. **Connect the Bridge:** Plug the power adapter into the Philips Hue Bridge and then into a power outlet. Connect one end of the Ethernet cable to the Bridge and the other end to an available port on your Wi-Fi router.
2. **Download the App:** Download the official Philips Hue app from your smartphone's app store (available for iOS and Android).
3. **Pair with the App:** Open the Philips Hue app and follow the on-screen instructions to connect to your Bridge. The app will guide you through the process of discovering your Bridge and pairing your Hue lights.
4. **Add Lights and Accessories:** Once the Bridge is connected, you can add up to 50 Philips Hue lights and accessories (sold separately) through the app.

## OPERATING

The Philips Hue Bridge allows for comprehensive control over your smart lighting system:

- **App Control:** Use the Philips Hue app to turn lights on/off, adjust brightness, change colors, and set scenes.
- **Voice Control:** The Bridge is compatible with voice assistants such as Amazon Alexa, Apple HomeKit, and Google Assistant, allowing you to control your lights with voice commands.
- **Automations:** Create custom routines and schedules for your lights, such as turning on at sunset or off when you leave home.
- **Entertainment:** Synchronize your lights with music, movies, and games for an immersive experience.

# Hue systeem

## Système Hue

De Hue bridge verbindt de Hue app met de Hue lampen. Sluit tot wel 50 Hue lampen aan op de bridge en verlicht je hele huis slimmer.

Le pont Hue relie l'application Hue aux lampes Hue. Connectez jusqu'à 50 lampes Hue au pont et éclairez votre maison plus intelligemment.

## MAINTENANCE

To ensure optimal performance and longevity of your Philips Hue Bridge:

- Keep the device clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the Bridge to extreme temperatures or humidity.
- Ensure proper ventilation around the device.
- Regularly check for firmware updates through the Philips Hue app to benefit from the latest features and security enhancements.

## TROUBLESHOOTING

If you encounter issues with your Philips Hue Bridge, consider the following:

- **No Connection:** Verify that the Bridge is properly connected to power and your router. Check the indicator lights on the Bridge.
- **App Issues:** Ensure your Philips Hue app is up to date. Try restarting the app or your smartphone.
- **Lights Unresponsive:** Confirm that your lights are powered on and within range of the Bridge. Try restarting the Bridge by unplugging it for 10 seconds and plugging it back in.
- **Factory Reset:** As a last resort, you can perform a factory reset on the Bridge. Refer to the Philips Hue support website for detailed instructions, as this will erase all settings and paired devices.

## SPECIFICATIONS

Brand	Philips Hue
Model Number	929001180601
Color	White
Connections	ZigBee, Ethernet
Special Features	Timer
Material	Plastic
Operating Temperature	0°C - 40°C
Plug Type	European (EU)
Voltage	230 Volts
