KAWADA NBC-175

KAWADA nanoblock Phoenix Collection Series Building Kit Instruction Manual

Model: NBC-175

Introduction

Welcome to the world of nanoblock! This manual provides essential information for assembling and caring for your KAWADA nanoblock Phoenix Collection Series Building Kit. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

Product Overview

The nanoblock Phoenix is part of the Fantastic Animals Collection Series. This kit allows you to construct a detailed miniature model of a phoenix using micro-sized building blocks. The assembled model stands approximately 3.5 inches tall and consists of 140 pieces.

- **Model Height:** Approximately 3.5 inches (8.9 cm)
- **Number of Pieces:** 140
- **Block Size:** Bricks as small as 4mm x 4mm x 5mm
- **Difficulty Level:** Level 2 (on a scale of 1 to 5, 1 being easiest)
- **Recommended Age:** 8 years and older

Safety Information

WARNING: CHOKING HAZARD - Small Parts.
This product contains very small building blocks and is not suitable for children under 3 years of age. Keep all components out of reach of infants and young children to prevent accidental ingestion. Adult supervision is recommended during assembly for younger users.

Assembly Instructions

The nanoblock Phoenix kit includes detailed, step-by-step visual instructions to guide you through the assembly process. Follow these general guidelines:

1. **Unpack Components:** Carefully open the packaging and lay out all the block bags.
2. **Organize Blocks:** Sort the blocks by color and shape to make them easier to find during assembly. Due to their small size, it is recommended to work on a clean, flat surface.
3. **Follow Included Instructions:** Refer to the instruction sheet provided in the box. Each step will show which blocks to use and where to place them. Pay close attention to the orientation of the blocks.
4. **Precision is Key:** nanoblocks are tiny, requiring precision. Use gentle pressure to connect blocks. If a piece

doesn't fit easily, double-check the instructions.

5. **Utilize Extra Pieces:** Some kits include a few extra pieces. Do not be concerned if you have a few blocks remaining after completing the model.

Displaying Your Model

Once assembled, your nanoblock Phoenix is designed for display. Place it on a stable, flat surface where it will not be easily knocked over. While nanoblock models are sturdy when correctly assembled, they are not intended for rough play.

Maintenance

To keep your nanoblock Phoenix model in excellent condition:

- **Cleaning:** Gently dust the model with a soft brush or a can of compressed air. Avoid using water or chemical cleaners, as these may damage the plastic or loosen connections.
- **Handling:** Handle the model carefully, especially when moving it. Avoid applying excessive force, which could cause pieces to detach.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss.

Troubleshooting

- **Pieces do not fit:** Ensure you are using the correct pieces as indicated in the instructions. Sometimes, similar-looking pieces have subtle differences. Apply gentle, even pressure.
- **Model is unstable:** Double-check all connections. Ensure blocks are fully pressed together. If a section feels loose, carefully retrace the steps for that section.
- **Missing pieces:** While rare, if you believe you are missing a crucial piece, first thoroughly check your work area and packaging. nanoblock kits often include a few extra small pieces. If a critical piece is genuinely missing, contact KAWADA customer support.

Specifications

Brand	KAWADA
Model Name	Phoenix [Fantastic Animals], nanoblock Collection Series
Model Number	NBC-175
Number of Pieces	140
Material Type	Plastic
Item Dimensions (L x W x H)	0.98 x 1.18 x 1.38 inches (2.49 x 3.00 x 3.51 cm)
