## 2. IMPORTANT SAFETY INFORMATION

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

- Always unplug the appliance from the electrical outlet immediately after using and before cleaning.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Never use pins or other metallic fasteners with this appliance.
- Close supervision is necessary when this appliance is used by, on, or near children or invalids.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water.
- Keep the cord away from heated surfaces.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air

openings may be blocked. Keep the air openings free of lint, hair, and the like.

- Never use while sleeping or drowsy.
- Never drop or insert any object into any opening.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not stand on or in the foot spa. Use only while seated.
- Always disconnect the appliance before filling with water. Fill with water only.
- Do not operate without water.
- Do not use on sensitive skin, or in the presence of poor circulation, or any inflamed, swollen, or erupted areas, or skin eruptions.
- Do not use if you have any open wounds or cuts on your feet.
- Consult your doctor before using this foot spa if you have any medical conditions, including diabetes, heart disease, or circulatory problems.

### 4. PRODUCT OVERVIEW

---

#### Foot Spa Components

---

- **Main Basin:** Holds water for foot soaking.
- **Accunode Basin & Heel Pad:** Textured surface for acupressure massage and comfort.
- **Bubbling Function:** Provides a relaxing bubble massage.
- **Temperature Maintenance:** Helps keep water warm for extended comfort.
- **Foot Rest & Splash Guard:** Designed for comfortable foot placement and to prevent water splashing.
- **Waterproof Control:** Easy-to-use power button.

- **Removable Pumice Stone:** For exfoliating and softening rough skin on feet.
- **Removable Mechanical Rolling Massager:** For a deeper, invigorating foot massage.

## Nail Care Set Components

- **Nail Brush:** For cleaning under and around nails.
- **Nail Cleaner & Cuticle Stick:** Dual-purpose tool for cleaning and gently pushing back cuticles.
- **Bamboo Cuticle Pushers (2x):** Natural tools for safely pushing back cuticles.
- **Cuticle Scissors:** For trimming excess cuticles.
- **Toe Separators (2x):** To keep toes separated during nail polish application or drying.
- **Emery Board:** For shaping and smoothing nail edges.
- **Storage Pouch:** Conveniently stores all nail care accessories.

## 5. SETUP

1. **Placement:** Place the foot spa on a flat, stable, and waterproof surface. Ensure the power cord can reach an electrical outlet without being strained.
2. **Fill with Water:** Before plugging in, fill the foot spa with warm water up to the indicated maximum fill line. Do not overfill.
3. **Add Attachments (Optional):** If desired, attach the pumice stone or mechanical rolling massager to their designated slots in the center of the foot spa.
4. **Plug In:** Plug the power cord into a standard electrical outlet.
5. **Position Yourself:** Sit comfortably in a chair and place your feet into the foot spa.

## 6. OPERATING INSTRUCTIONS

### Using the Foot Spa

1. **Power On:** Press the waterproof control button to turn on the bubbling massage function. The foot spa will begin to bubble, providing a soothing sensation.
2. **Temperature Maintenance:** The foot spa is designed to maintain the temperature of the water you put in. It does not heat cold water.
3. **Utilize Accunode Basin:** Gently rub your feet over the Accunode basin and heel pad for an acupressure massage.
4. **Use Attachments:** If you have attached the pumice stone or mechanical rolling massager, gently move your feet over them to utilize their specific benefits. The pumice stone helps to soften rough skin, while the rolling massager helps to revive tired feet.
5. **Duration:** Enjoy your foot spa session for a comfortable duration, typically 15-30 minutes.
6. **Power Off:** When finished, press the waterproof control button again to turn off the foot spa.
7. **Unplug:** Always unplug the unit from the electrical outlet immediately after use.

## Using the Nail Care Set

The included 9-piece nail care set provides essential tools for a complete pedicure. Use these tools after soaking your feet in the foot spa for best results, as warm water helps soften nails and cuticles.

- **Nail Brush:** Use with soap and water to thoroughly clean your nails and feet.
- **Nail Cleaner & Cuticle Stick:** Carefully use the pointed end to clean under nails. Use the flat end to gently push back softened cuticles.
- **Bamboo Cuticle Pushers:** Use these natural sticks to gently push back cuticles after soaking.
- **Cuticle Scissors:** Trim only excess, dead cuticle skin. Do not cut live skin.
- **Emery Board:** Shape your toenails by filing in one direction to prevent splitting.
- **Toe Separators:** Place between your toes before applying nail polish to prevent smudging.

Image: Feet with toe separators in place, ready for nail polish application, with various nail care tools visible in the background.

## 7. MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and hygiene of your foot spa and nail care set.

### Cleaning the Foot Spa

1. **Drain Water:** After each use, unplug the unit and carefully pour out the water.
2. **Wipe Down:** Wipe the surface of the foot spa with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals.
3. **Rinse Attachments:** Rinse the removable pumice stone and rolling massager under running water.
4. **Dry Thoroughly:** Allow all parts to air dry completely before storing.

### Cleaning the Nail Care Set

- Clean all metal tools (scissors, nail cleaner) with rubbing alcohol after each use.
- Wash the nail brush and toe separators with soap and water, then air dry.
- The emery board and bamboo cuticle pushers are disposable and should be replaced when worn or after several uses for hygiene.

### Storage

Store the foot spa and nail care set in a cool, dry place, away from direct sunlight and moisture. Use the provided storage pouch for the nail care accessories to keep them organized and clean.

## 8. TROUBLESHOOTING

If you encounter any issues with your Revlon Pediprep Foot Spa, please refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Foot spa does not turn on.	Not plugged in correctly. Power outlet not working. Unit is damaged.	Ensure the power cord is securely plugged into a working electrical outlet. Test the outlet with another appliance. If damaged, do not use and contact customer support.
Bubbles are weak or absent.	Water level too high or too low. Air vents blocked.	Adjust water level to the indicated fill line. Check for and clear any obstructions from the air vents.
Water is not staying warm.	Foot spa only maintains temperature, does not heat.	Ensure you fill the foot spa with warm water initially. The unit is designed to maintain this temperature, not to heat cold water.
Attachments are not spinning/moving.	Attachments are not motorized.	The pumice stone and rolling massager are passive attachments. You need to move your feet over them to utilize their function.
