

## Manfrotto MCLAMP

# Manfrotto MCLAMP Universal Smartphone Clamp Instruction Manual

## INTRODUCTION

---

The Manfrotto MCLAMP Universal Smartphone Clamp is designed to securely hold your smartphone for various photographic and videographic applications. It allows for attachment to tripods or camera mounts and can also function as a standalone desk stand.

## PRODUCT OVERVIEW

---

The MCLAMP features a robust design with key components for versatile use:

- **Adjustable Clamp:** Securely holds smartphones up to 8.4 cm (3.2 inches) wide, accommodating most phones with or without cases.
- **Silicone Rubber Pads:** Provides a firm, non-slip grip to protect your device.
- **1/4" Female Threads:** Two standard 1/4" threads are located at the base and on the back of the clamp for horizontal or vertical mounting on tripods or other accessories.
- **Self-Standing Bracket:** A foldable bracket on the back allows the clamp to function as a stable table stand.

## SETUP AND INSTALLATION

### Attaching Your Smartphone

1. Gently pull apart the two ends of the clamp to expand its width.
2. Carefully insert your smartphone between the silicone rubber pads. Ensure the phone is centered and held securely by the clamp's tension.
3. Release the clamp ends slowly to allow the pads to grip your phone firmly.

*Image: A user demonstrating how to expand the Manfrotto MCLAMP by pulling its ends apart to insert a smartphone.*

### **Mounting to a Tripod or Accessory**

1. Identify the desired mounting position: either the 1/4" thread at the base for horizontal orientation or the 1/4" thread on the back for vertical orientation.
2. Align the chosen thread on the MCLAMP with the screw on your tripod or mounting accessory.
3. Gently twist the MCLAMP onto the tripod screw until it is securely fastened. Do not overtighten.

## OPERATION

### Using the Self-Standing Bracket

1. With your smartphone secured in the clamp, locate the foldable bracket on the back.
2. Gently pull out the bracket until it locks into an open position.
3. Place the MCLAMP on a flat surface. The bracket will provide a stable base for hands-free viewing.

## MAINTENANCE

To ensure the longevity and optimal performance of your Manfrotto MCLAMP, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the clamp with a soft, dry cloth to remove dust and debris. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the clamp in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check the silicone rubber pads for wear and tear. Ensure the 1/4" threads are free from obstruction and damage.

## SPECIFICATIONS

<b>Model Name</b>	Universal Smartphone Clamp with 1/4 inch thread connections
<b>Item Model Number</b>	MCLAMP
<b>Product Dimensions</b>	5 x 5 x 5 inches
<b>Item Weight</b>	0.952 ounces (27 Grams)
<b>Material</b>	Silicone
<b>Color</b>	Black
<b>Compatible Devices</b>	Cellphone (up to 8.4 cm / 3.2 inches wide)
<b>Weight Limit</b>	2.2 Pounds
<b>Tripod Head Type</b>	1/4" thread
