Sunbeam SC49158

Sunbeam SC49158 Storage Closet with Shelves

INSTRUCTION MANUAL

1. Important Safety Instructions

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- Ensure all components are present and undamaged before beginning assembly.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Do not overload shelves or hanging rod. Distribute weight evenly.
- Keep small parts away from children during assembly.
- Do not climb on or hang from the closet structure.
- Periodically check all connections to ensure they remain secure.

2. Package Contents

Verify that all the following parts are included in your package:

- Heavy-duty frame poles (various lengths)
- Plastic connectors
- Non-woven fabric cover with zipper
- Non-woven fabric shelves (multiple pieces)
- Hanging rod

Storage Closet with Shelving

HIDE AWAY
Roll-down cover

CONSTRUCTION**
heavy duty
non-woven cover
material with
durable plastic
poles and coated
non-woven shelves

**EASY TO
ASSEMBLE**
no tools need

Image 1: Overview of the storage closet highlighting its durable construction, ample storage with 6 levels of shelves and a hanging rod, a hide-away roll-down cover with zipper, and easy, tool-free assembly.

3. Setup (Assembly Instructions)

No tools are required for the assembly of this storage closet.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble the Base Frame:** Connect the shortest poles using the plastic connectors to form the base rectangle of the closet. Ensure all poles are fully inserted into the connectors for stability.
3. **Build Vertical Supports:** Attach longer vertical poles to the base connectors.
4. **Install Shelves:** Slide the non-woven fabric shelves onto the frame at the desired levels. The shelves are designed to rest on horizontal poles. Ensure they are taut and flat.
5. **Continue Building Upwards:** Add more vertical poles and horizontal poles, inserting shelves as you build each level.
6. **Attach Hanging Rod:** Insert the hanging rod into the designated connectors at the top section of the closet.
7. **Complete Top Frame:** Finish the top section of the frame with the remaining poles and connectors.
8. **Drape the Cover:** Carefully drape the non-woven fabric cover over the assembled frame. Ensure the zipper aligns correctly with the front opening. Secure the cover to the frame as indicated by any ties

or fasteners.

4. Operating Instructions

The Sunbeam Storage Closet is designed for convenient organization of clothing and other items.

- **Using Shelves:** Place folded garments, shoes, bags, or other accessories on the non-woven shelves. Distribute weight evenly across each shelf.
- **Using Hanging Rod:** Hang clothes such as shirts, jackets, or dresses on hangers from the sturdy hanging rod. Do not exceed the weight limit of the rod to prevent bending or collapse.
- **Roll-Down Cover:** Utilize the roll-down cover with its zipper to protect your items from dust and keep them out of sight. The cover can be rolled up and secured at the top for easy access.

5. Maintenance

To ensure the longevity of your storage closet, follow these maintenance guidelines:

- **Cleaning:** Wipe the non-woven fabric cover and shelves with a damp cloth and mild soap if necessary. Allow to air dry completely. Do not use harsh chemicals or abrasive cleaners.
- **Frame Inspection:** Periodically check all pole connections to ensure they are tight and secure. Re-insert any loose poles firmly into their connectors.
- **Zipper Care:** If the zipper becomes stiff, apply a small amount of zipper lubricant or a graphite pencil to the teeth.

6. Troubleshooting

Refer to this section for solutions to common issues:

- **Closet is Unstable/Wobbly:** Ensure all poles are fully inserted into their connectors. Check that the frame is assembled squarely. Reduce the weight if overloaded.
- **Shelves Sagging:** This indicates overloading. Reduce the weight on the affected shelf and distribute items more evenly.
- **Zipper Not Closing Smoothly:** Check for any fabric caught in the zipper teeth. Apply lubricant as described in the Maintenance section.
- **Missing Parts:** If you find any parts missing upon unpacking, please contact customer support immediately.

7. Specifications

Feature	Detail
Brand	Sunbeam
Model Number	SC49158
Dimensions (L x W x H)	43" x 18" x 70"
Material	Alloy Steel (frame), Non-woven Fabric (cover, shelves)

Item Weight	6.3 Pounds
Assembly Required	Yes (No tools needed)
GTIN/UPC	886466491589
