

The ONE SP-PLAY

The ONE Digital Piano User Manual

Model: SP-PLAY

INTRODUCTION

Welcome to the world of music with The ONE Digital Piano. This instrument combines the authentic feel of a traditional piano with cutting-edge smart technology to make learning and playing an enjoyable experience. With its unique lighted-up teaching keys and comprehensive app integration, you can embark on your musical journey at your own pace.

The ONE Digital Piano in white, showcasing its elegant design and full 88-key layout.

KEY FEATURES

88 Hammer Action Keys

The PLAY electronic keyboard features 88 hammer progressive weighted keys, designed to precisely match finger strength changes, restoring the authentic feel of a traditional piano. Keys are heavier in the low end and lighter in the high end, providing a pleasant and authentic playing experience.

Intelligent Light-up Keys & Beginner Friendly

Equipped with advanced teaching light technology, the keys can be synchronized with music scores on the exclusive app to light up, guiding beginners to quickly master playing skills. This feature transforms the piano into a personal teacher.

Intelligent Light-up Keys

Guided by LED Lights, learn to play piano in minutes

Outstanding Sound Quality

Built-in 4 Hi-Fi speakers (two 20W-tweeters and two 25W-woofers), grand piano sound sampling, and 16-bit stereo sampling techniques ensure that the PLAY electric piano restores the real piano tone with exceptional clarity and richness.

What You Get

Home digital piano*1

Tool kit*1

Power cord*1

Cable*1

User guide*1

Contents of the product packaging, including the piano, accessories, and manual.

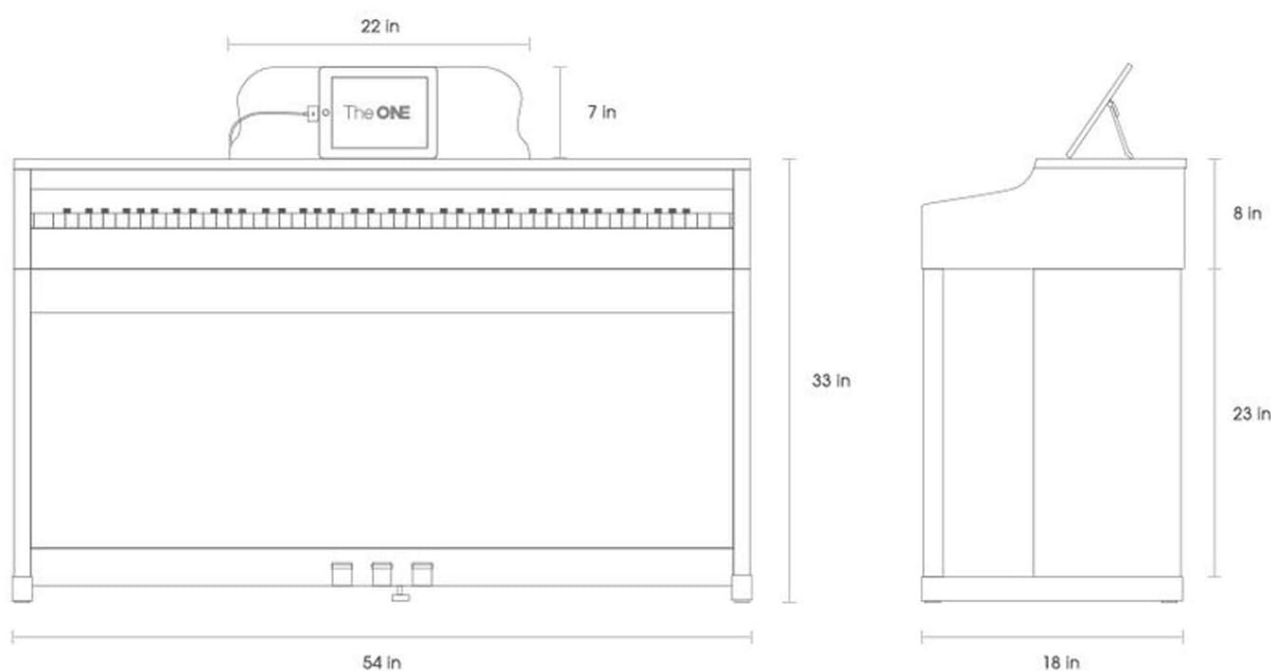

Assembly:

Assembly typically involves attaching the main piano unit to the stand and connecting the pedal unit. A detailed tool kit and user guide are provided for step-by-step instructions. It is recommended to have two people for lifting the main piano unit due to its weight (approximately 116.8 pounds).

Length = 54 in

Width = 18 in

Height = 33 in

Dimensions of the piano: 54.3 inches (Length) x 18.1 inches (Width) x 33.1 inches (Height).

OPERATING INSTRUCTIONS

The ONE Digital Piano is designed for intuitive operation, primarily through its dedicated mobile application. Follow these steps to get started:

1. Power On:

Locate the power button on the side of the keyboard and press it to turn on the piano. A red indicator light will confirm it is powered on.

2. Connect to App:

Download 'The ONE Smart Piano' app from your device's app store (iOS and Android compatible). Connect your phone or tablet to the piano via Bluetooth or the provided cable. The app will guide you through the connection process.

A young user engaging with the piano and its smart app for an interactive learning experience.

3. Using the App Features:

- **Light-up Keys:** Select a song or lesson in the app, and the keys on the piano will light up, indicating which notes to play.
- **Tones & Volume:** Adjust the piano's tone and master volume directly through the app for a customized sound experience.
- **Metronome & Tempo:** Utilize the built-in metronome and adjust the tempo to practice at your desired speed.
- **Recording:** Record your performances directly through the app to track your progress and share with others.
- **Dual Headphone Jacks:** Connect two sets of headphones for silent practice or duet lessons.

- **USB-MIDI & AUX:** Use the USB-MIDI port for music editing software or connect external audio devices via AUX in/out.

MAINTENANCE

Proper care will ensure the longevity and optimal performance of your ONE Digital Piano.

- **Cleaning:** Use a soft, dry cloth to wipe down the piano's surface. For keys, a slightly damp cloth can be used, but avoid excessive moisture.
- **Placement:** Place the piano on a stable, level surface away from direct sunlight, extreme temperatures, and high humidity to prevent damage.
- **Key Care:** Avoid placing heavy objects on the keys or applying excessive force, which could damage the hammer action mechanism.
- **Pedals:** Ensure the pedals are free from obstructions and operate smoothly.

TROUBLESHOOTING

If you encounter any issues with your ONE Digital Piano, please refer to the following common solutions:

- **No Sound:** Check that the piano is powered on, the master volume is turned up, and any connected headphones are properly plugged in. Ensure the app's volume is also adjusted.
- **App Connectivity Issues:** Verify Bluetooth is enabled on your device and the piano. Try restarting both the app and the piano. Ensure your app is updated to the latest version.
- **Keys Not Lighting Up:** Confirm the piano is connected to the app and you have selected a song or lesson that utilizes the light-up key feature.
- **Unresponsive Keys/Pedals:** Power cycle the piano. If the issue persists, contact customer support.
