Bugaboo Compact Transport Bag Instruction Manual

Model: 80562TB03

1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Bugaboo Compact Transport Bag. Designed to protect your Bugaboo stroller during travel, this compact bag offers convenience and durability. Please read this manual thoroughly before first use and retain it for future reference.

2. SAFETY INFORMATION

- Always ensure the stroller is properly folded and secured within the transport bag before lifting or moving.
- Do not overload the transport bag beyond its intended capacity.
- Keep the bag away from sharp objects or extreme heat sources.
- When using the wheel-riding function, ensure the wheels are fully extended and locked to prevent accidental collapse.
- Store the bag in a dry, cool place when not in use.

3. SETUP: PACKING YOUR STROLLER

Follow these steps to correctly pack your Bugaboo stroller into the Compact Transport Bag. This process ensures maximum protection and ease of transport.

3.1. Prepare the Stroller

1. Remove any accessories from the stroller, such as cup holders or trays.
2. Fold the stroller according to its specific model instructions. Ensure it is in its most compact folded state.
3. Remove the front wheels of the stroller. Some models may require removing all four wheels. Store these wheels in the designated internal pouch of the transport bag.

3.2. Place Stroller in Bag

4. Unzip the main compartment of the transport bag.
5. Carefully place the folded stroller into the main compartment. Ensure it fits snugly and is centered.

6. Place the removed wheels into the dedicated red pouch. Zip the pouch closed.
7. Insert the red pouch containing the wheels into the designated internal pocket within the transport bag.
8. Zip the main compartment of the transport bag closed. Ensure all zippers are fully secured.

3.3. Video Guide: Packing the Bugaboo Compact Transport Bag

Your browser does not support the video tag.

Video: This official Bugaboo video demonstrates the complete process of folding a Bugaboo Bee3 stroller, removing its wheels, and

packing it into the Compact Transport Bag. It also shows how to utilize the bag's rolling and carrying features.

4. OPERATING THE TRANSPORT BAG

4.1. Carrying the Bag

The transport bag features a padded shoulder strap for comfortable carrying. Adjust the strap length to suit your preference. Ensure the bag is balanced when carrying to distribute weight evenly.

4.2. Rolling the Bag

For easier maneuverability, the bag is equipped with wheels. To use this feature:

1. Locate the zippered flaps at the bottom of the bag where the stroller's wheels are positioned.
2. Unzip these flaps and extend the stroller's wheels through the openings. Ensure the wheels are fully exposed and can rotate freely.
3. Pull the bag using the top handle, allowing it to roll on the extended wheels.
4. When finished rolling, retract the wheels and zip the flaps closed to protect them and prevent snagging.

Note: The wheel-riding function is not available when packing a Bugaboo Bee3 bassinet due to space constraints.

5. MAINTENANCE AND CARE

- **Cleaning:** Wipe the exterior of the bag with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners. Allow to air dry completely.
- **Storage:** When not in use, the transport bag can be folded into its self-contained pouch for compact storage. Store in a cool, dry place away from direct sunlight.
- **Inspection:** Regularly check zippers, straps, and seams for any signs of wear or damage. Address any issues promptly to maintain the bag's protective qualities.

6. TROUBLESHOOTING

- **Difficulty Zipping:** Ensure the stroller is correctly positioned and not over-packed. Adjust the stroller's components to allow for smooth closure.
- **Wheels Not Rolling Smoothly:** Check that the wheel flaps are fully unzipped and the wheels are completely extended. Clean any debris from the wheels.
- **Bag Feels Unbalanced:** Reposition the stroller and any accessories inside the bag to achieve an even weight distribution.

7. SPECIFICATIONS

Product Dimensions	14.37 x 9.06 x 3.94 inches
Item Model Number	80562TB03
Material Type	Polyester
Item Weight	8.8 ounces
Wheel Type	In-line Skate Wheels

8. WARRANTY AND SUPPORT

For warranty information, product registration, or further support, please refer to the official Bugaboo website or contact their customer service directly. Keep your proof of purchase for any warranty claims.
