HON BL 66-inch Rectangle Laminate Desk Shell Instruction Manual

Model: BSXBL2102ESES

INTRODUCTION

This manual provides essential information for the assembly, safe operation, and maintenance of your HON BL 66-inch Rectangle Laminate Desk Shell. Please read these instructions carefully before beginning assembly or use to ensure proper setup and longevity of your product.

SAFETY INFORMATION

Always assemble this desk according to the provided instructions. Ensure the desk is properly anchored or placed on a stable, level surface to prevent tipping, especially when using heavy equipment or placing objects on the desk. Do not exceed the desk's weight limit to maintain stability and prevent damage. Keep small parts away from children during assembly.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. The package typically includes:

- Desk Top Panel (1)
- Side Panels (2)
- Back Panel (1)
- Assembly Hardware (cam locks, wood pegs, screws)
- Stickers for screw hole covers

SETUP AND ASSEMBLY

Assembly of the HON BL Desk Shell is designed to be straightforward, utilizing a metal-to-metal fastening system for a precise fit. Due to the weight and size of the components, **two people are recommended for assembly**, particularly when lifting the top panel.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Attach Side Panels:** Connect the side panels to the back panel using the provided cam locks and wood pegs. Ensure all connections are secure.
3. **Position Desk Top:** With assistance, carefully lift and align the desk top panel onto the assembled side and back panels. Ensure the pre-drilled holes align correctly.
4. **Secure Desk Top:** Fasten the desk top to the side and back panels using the remaining hardware. Tighten all screws firmly but do not overtighten.
5. **Apply Hole Covers:** Use the provided matching stickers to cover any visible screw holes for a finished appearance.

This desk shell is designed to be non-handed and can be combined with other HON BL components (such as a return shell, bridge, or credenza shell) to create L-shaped or U-shaped workstations. Storage pedestals are sold separately and can be integrated as needed.

OPERATING INSTRUCTIONS

The HON BL Desk Shell provides a spacious and durable work surface. Utilize the integrated desktop grommets to organize power and data cables, maintaining a tidy and efficient workspace. Avoid placing excessively heavy items on the desk, especially near the edges, to prevent strain on the structure.

MAINTENANCE

The desk's laminate surface is scratch-, spill-, and stain-resistant, designed for heavy use. To clean, wipe the surface with a soft, damp cloth and a mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive materials that could damage the finish. Regularly check all fasteners and tighten if necessary to ensure continued stability.

TROUBLESHOOTING

- **Desk Wobbles:** Ensure the desk is placed on a level surface. Check all assembly fasteners (cam locks, screws) and tighten them securely.
- **Components Do Not Align:** Disassemble the affected section and carefully re-align components, ensuring all wood pegs and cam lock pins are correctly seated before tightening.
- **Surface Damage:** While resistant, severe impacts can cause damage. For minor scratches, touch-up kits may be available from the manufacturer.

SPECIFICATIONS

Brand	HON
Model Number	BSXBL2102ESES
Shape	Rectangular
Desk Design	Desk Shell
Product Dimensions (D x W x H)	30"D x 66"W x 29"H
Color	Espresso
Base Material	Engineered Wood
Top Material Type	Engineered Wood
Finish Type	Espresso Laminate
Special Feature	Cable Management
Item Weight	115.7 pounds
Mounting Type	Freestanding

WARRANTY

This HON BL Desk Shell is backed by the basyx by HON limited 5-year warranty. For specific details regarding coverage and terms, please refer to the official warranty documentation included with your purchase or visit the HON website.
