hauck T90502

hauck Hurricane Pedal Go Kart

MODEL: T90502 - INSTRUCTION MANUAL

Introduction

The hauck Hurricane Pedal Go Kart provides an authentic driving experience for children aged 4 to 10 years. This pedal-powered vehicle is designed for outdoor use, offering a blend of fun and physical activity. It features a robust steel frame, low-profile rubber tires for traction, an adjustable bucket seat for comfort, and a handbrake system for safe speed control.

Pedal Go-Kart

Perfect Pedal Car for Beginners

The Hurricane provides an authentic driving experience and allows the driver to control their speed. It is designed to be the perfect pedal go-kart for young drivers and can be used indoors and outdoors.

Age recommendation:
4–10 years

Safety Information

WARNING: Adult supervision is required at all times. This product is not suitable for children under 4 years due to small parts and potential hazards. Always ensure the child wears appropriate safety gear, including a helmet, knee pads, and elbow pads.

- Do not use in traffic.
- Ensure the operating area is clear of obstacles and hazards.
- Check all bolts, nuts, and fastenings are secure before each use.
- The maximum user weight is 55 kg (121 lbs).
- Only one rider at a time.
- Avoid steep slopes and uneven terrain.

What's in the Box

The package for your hauck Hurricane Pedal Go Kart includes:

- Pedal Go Kart components (frame, wheels, seat, steering wheel, pedals, handbrake mechanism)
- Assembly hardware (screws, nuts, washers)
- Basic tools for assembly (if provided)
- Instruction Manual

Setup and Assembly

Assembly of the hauck Hurricane Pedal Go Kart is straightforward and typically takes about 15-30 minutes. It is recommended to have a Phillips head screwdriver and possibly a wrench on hand, in addition to any tools supplied.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify all components are present against the parts list in the manual.
2. **Attach Front Axle and Steering:** Secure the front axle to the main frame. Install the steering column and steering wheel, ensuring smooth rotation.
3. **Install Wheels:** Attach the rubber wheels to the axles, ensuring they are securely fastened with the provided hardware.
4. **Mount Seat:** Position the adjustable bucket seat onto the frame. Secure it at the desired length for the rider using the adjustment mechanism.
5. **Connect Pedals and Handbrake:** Attach the pedals to the crank arms. Connect the handbrake lever to the braking mechanism, ensuring it engages both rear wheels effectively.
6. **Final Inspection:** Double-check all connections, bolts, and moving parts to ensure they are tight and functioning correctly before first use.

Operating Instructions

The hauck Hurricane Pedal Go Kart is designed for intuitive operation, promoting physical activity and coordination.

- **Getting Started:** The rider sits in the adjustable bucket seat. Ensure their feet can comfortably reach the pedals. Adjust the seat position as needed.
- **Pedaling:** To move forward, pedal in a circular motion. The direct drive system allows for easy propulsion.
- **Steering:** Use the steering wheel to control direction. The responsive steering allows for precise navigation.
- **Braking:** The handbrake lever, located conveniently near the seat, controls both rear wheels. Squeeze the lever to slow down or stop the Go Kart.
- **Reverse:** The pedal system allows for backward movement by pedaling in reverse, which can be useful for maneuvering in tight spaces.

Maintenance

Regular maintenance ensures the longevity and safe operation of your Go Kart.

- **Cleaning:** Clean the Go Kart with a damp cloth and mild soap. Avoid harsh chemicals.
- **Tire Pressure:** Periodically check the air pressure in the rubber tires and inflate to the recommended PSI if necessary.
- **Lubrication:** Apply a small amount of lubricant to moving parts such as the chain (if applicable) and axle points to ensure smooth operation.
- **Fasteners:** Regularly inspect all nuts, bolts, and screws. Tighten any loose fasteners to prevent parts from detaching during use.
- **Storage:** Store the Go Kart in a dry, covered area to protect it from weather elements when not in use.

Troubleshooting

Problem	Possible Cause	Solution
Difficulty pedaling	Loose chain, low tire pressure, obstruction in pedal mechanism.	Check and tighten chain, inflate tires, remove any obstructions.
Steering is stiff or unresponsive	Loose steering column, bent steering rod, lack of lubrication.	Check and tighten steering connections, inspect for damage, apply lubricant.
Brake not engaging effectively	Loose brake cable, worn brake pads, misaligned brake mechanism.	Inspect and adjust brake cable tension, check brake pads for wear, ensure proper alignment.
Unusual noises during operation	Loose parts, lack of lubrication, foreign object.	Inspect all components for looseness, lubricate moving parts, remove any debris.

Specifications

Specifications

Length from Middle of Seat to Pedal

Front position: 48 cm; back position: 55.9 cm

Maximum User Weight

55 kg/121 lbs.

Dimensions

46.10" x 20.50" x 28.30"
