Bahco BHB219.017

Bahco B219.017 7-Piece Bahcofit Screwdriver Set User Manual

Comprehensive instructions for safe and effective use.

1. PRODUCT OVERVIEW

The Bahco B219.017 Bahcofit Screwdriver Set is a collection of seven high-quality hand tools designed for various fastening applications. This set includes both slotted and Phillips head screwdrivers, featuring ergonomic handles for comfortable and efficient use. Each screwdriver is crafted for durability and precision, making it suitable for both professional and home use.

This image displays the complete Bahco B219.017 7-Piece Bahcofit Screwdriver Set. The set includes seven screwdrivers with black and orange ergonomic handles, neatly arranged in a grey plastic storage tray. The screwdrivers feature both slotted and Phillips head types, designed for various fastening tasks.

2. SAFETY INFORMATION

Always observe the following safety precautions when using screwdrivers:

- Wear appropriate eye protection to prevent injury from flying debris.
- Ensure the screwdriver tip matches the screw head size and type to prevent stripping the screw or damaging the tool.
- Do not use screwdrivers as chisels, pry bars, or punches.
- Avoid using screwdrivers with damaged or worn tips, as this can lead to slippage and injury.
- Keep handles clean and free of oil or grease to maintain a secure grip.
- Store screwdrivers in a dry place to prevent rust and corrosion.

3. PACKAGE CONTENTS

The Bahco B219.017 set includes the following 7 screwdrivers:

- Slotted Screwdrivers: 3.5x75mm, 4x100mm, 5.5x125mm, 6.5x150mm
- Phillips Screwdrivers: PH1x75mm, PH2x100mm, PH3x150mm

4. SETUP

The Bahco B219.017 screwdriver set requires no assembly. Simply remove the desired screwdriver from its storage tray. Ensure the screwdriver tip is clean and free of any debris before use.

5. OPERATING INSTRUCTIONS

General Use

1. **Select the Correct Screwdriver:** Choose a screwdriver with a tip that precisely fits the screw head. A proper fit prevents damage to both the screw and the screwdriver.
2. **Position the Tip:** Place the screwdriver tip firmly into the screw head, ensuring full engagement.
3. **Apply Pressure and Turn:** Apply steady downward pressure while turning the screwdriver clockwise to tighten or counter-clockwise to loosen. Maintain consistent pressure to prevent the tip from slipping out of the screw head.
4. **Avoid Over-tightening:** Tighten screws until snug. Over-tightening can strip the screw threads or damage the material.

Slotted Screwdrivers

For slotted screws, ensure the blade width of the screwdriver matches the slot width of the screw and the blade thickness fits snugly into the slot.

Phillips Screwdrivers

For Phillips screws, select the screwdriver size (PH1, PH2, PH3) that corresponds to the screw head. The tip should sit deeply and securely in the cross-shaped recess.

6. MAINTENANCE

- **Cleaning:** Wipe screwdrivers clean after each use to remove dirt, grease, or debris. A damp cloth can be used, followed by thorough drying.

- **Storage:** Store the screwdrivers in their original tray or a suitable tool organizer to protect the tips and handles from damage. Keep them in a dry environment to prevent rust.
- **Inspection:** Periodically inspect screwdriver tips for wear or damage. Worn tips can lead to slippage and should be replaced if severely damaged.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Screwdriver tip slips out of screw head	Incorrect screwdriver size/type; insufficient downward pressure; worn screw head or screwdriver tip.	Ensure correct tip match; apply more downward pressure; replace screw or screwdriver if worn.
Screw head becomes stripped	Incorrect screwdriver size; excessive torque; angled insertion.	Use correct screwdriver size; apply appropriate torque; ensure straight insertion.
Screwdriver handle feels slippery	Grease, oil, or dirt on handle.	Clean handle thoroughly with a damp cloth and dry completely.

8. SPECIFICATIONS

Feature	Detail
Brand	Bahco
Model Name	BAHCOFIT Screwdriver Set, 7 Piece
Item Model Number	BHB219.017
Number of Items	7
Head Style	Flat (Slotted), Phillips
Recommended Uses	Tightening and loosening screws in various applications
Special Feature	Ergonomic handles
Product Dimensions (L x W x H)	1.5 x 8.66 x 14.29 inches
Item Weight	1.42 pounds (0.64 Kilograms)
Included Components	BAHCOFIT Screwdriver Set, 7 Piece
