

Walker Tape X46A

Walker's Max Hold Sport Instruction Manual

Brand: Walker Tape | Model: X46A

PRODUCT OVERVIEW

Walker's Max Hold Sport is an advanced skin preparation product designed to enhance the hold time of hair systems and wigs. It allows users to engage in activities such as showering or working out immediately after application, without compromising the adhesive bond. This product is formulated to provide maximum endurance for your hair system.

Image: A clear bottle of Walker's Max Hold Sport, a liquid skin prep product, with a dark grey cap. The label features blue and white text, indicating 'Max Hold Sport' and 'Prep for Instant Hold and Maximum Endurance'.

INGREDIENTS

The formulation of Max Hold Sport includes the following components:

- Isopropyl Alcohol
- Previous Methacrylate Film
- Dimethyl Phthalate

USAGE INSTRUCTIONS

Application (Setup & Operating)

Follow these steps for optimal application and performance:

1. **Preparation:** Ensure the skin area where the product will be applied is clean and dry.
2. **Application:** Apply Max Hold Sport directly to the skin. For precise and even distribution, it is recommended to use a makeup brush.
3. **Setting Time:** Allow the product to set for a few minutes after application. This allows the film to form properly.
4. **Post-Application:** Once the product has set, you may proceed with your hair system installation. The product allows for immediate showering or working out after installation.

Note: Exercise moderation during application to avoid excessive product buildup, which may lead to white flakes. Always ensure the cap is tightly secured after use to prevent drying and maintain product integrity. Applying a thin layer of baby oil or Vaseline to the bottle's rim can help maintain a good seal and ease opening.

Storage and Care (Maintenance)

To ensure the longevity and effectiveness of your Max Hold Sport, adhere to the following storage and care guidelines:

- **Temperature:** Do not store the product above 120 degrees Fahrenheit (49 degrees Celsius).
- **Flammability:** Keep away from open flames and high heat sources.
- **Container Seal:** Always ensure the bottle cap is tightly closed after each use to prevent the product from drying out.
- **Applicator Care:** If using a brush for application, clean the brush thoroughly after each use to prevent product residue from hardening.

Troubleshooting

If you encounter issues while using Walker's Max Hold Sport, consider the following:

- **Product Not Dispensing:** If the applicator tip appears dry or hard, ensure the bottle has been stored correctly. If the product is not flowing, try gently shaking the bottle or, if the tip is clogged, carefully clear it with a thin, non-abrasive tool.
- **White Flakes After Application:** This can occur from applying too much product. Use a minimal amount and spread it evenly.
- **Reduced Hold Time:** Ensure the skin is thoroughly clean and dry before application. Proper setting time is also crucial.

Product Specifications

Specification	Detail
Brand	Walker Tape
Model Number	X46A
UPC / GTIN	856459002801
Product Dimensions	3 x 1 x 1 inches; 1.1 ounces
Liquid Volume	1.4 Fluid Ounces
Hair Type Compatibility	All Hair Types

Material Type Free	Dye Free
Scent	Unscented
Product Benefits	Extends hold time of tape or glue, allows immediate showering/workout after install

Safety Information

Please observe the following safety precautions:

- **Flammable:** Do not use or store near open flames or sources of ignition.
- **Storage Temperature:** Do not store in temperatures exceeding 120 degrees Fahrenheit (49 degrees Celsius).
- **External Use Only:** This product is for external use only. Avoid contact with eyes. In case of contact, rinse thoroughly with water.
- **Keep Out of Reach:** Keep out of reach of children.
- **Discontinue Use:** If irritation or adverse reaction occurs, discontinue use immediately and consult a medical professional.

Warranty and Support

For information regarding product warranty, returns, or customer support, please visit the official Walker Tape website or contact their customer service directly. Specific warranty details may vary and are typically provided with the product packaging or on the manufacturer's official channels.
