# XtremeMac Soma Travel User Manual

Model: Soma Travel | Brand: XtremeMac

## INTRODUCTION

Thank you for purchasing the XtremeMac Soma Travel portable speaker system. This manual provides essential information for the safe and efficient operation of your device. Please read this manual thoroughly before use and retain it for future reference.

## SAFETY INFORMATION

- Do not expose the device to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble, repair, or modify the unit. Refer all servicing to qualified personnel.
- Use only the provided power adapter or a compatible replacement.
- Keep out of reach of children.
- Ensure proper ventilation around the device during operation.

## PACKAGE CONTENTS

Please check that all items listed below are present in your package:

- XtremeMac Soma Travel Portable Speaker Unit
- AC Power Adapter
- User Manual (this document)

## PRODUCT OVERVIEW

Figure 1: XtremeMac Soma Travel Retail Packaging.

This image shows the XtremeMac Soma Travel portable speaker system, highlighting its compact design and compatibility with Apple iPod devices. The packaging displays the product name, brand, and key features, including its function as a portable speaker with an Apple dock.

The XtremeMac Soma Travel is a compact and portable speaker system designed to enhance your audio experience. It features an integrated Apple dock connector for direct playback and charging of compatible iPod models. The unit also includes an auxiliary input for connecting other audio devices.

## Key Components:

- **Dock Connector:** For iPod/iPhone connection.
- **Power Button:** To turn the unit on/off.
- **Volume Controls:** Adjust audio output level.
- **Auxiliary Input (3.5mm):** For connecting external audio sources.
- **DC Input Jack:** For connecting the AC power adapter.

## SETUP

1. **Connect Power:** Insert the small end of the AC power adapter into the DC Input Jack on the back of the Soma Travel unit. Plug the other end of the adapter into a standard wall outlet.
2. **Dock Your Device:** Carefully align your compatible iPod or iPhone with the dock connector on the Soma Travel unit and gently push down until it is securely seated.
3. **Power On:** Press the Power Button located on the unit. The power indicator light should illuminate.
4. **Auxiliary Connection (Optional):** If using an external audio device without a dock connector, connect a 3.5mm audio cable (not included) from the headphone jack of your device to the Auxiliary Input on the Soma Travel.

## OPERATING INSTRUCTIONS

### Playing Audio:

- **From Docked Device:** Once your iPod/iPhone is docked and the unit is powered on, select and play music directly from your device. Audio will automatically play through the Soma Travel speakers.
- **From Auxiliary Input:** If an external device is connected via the auxiliary input, ensure your docked

device is paused or removed. Play audio from your external device.

## Volume Control:

Adjust the volume using the dedicated Volume Up (+) and Volume Down (-) buttons on the Soma Travel unit. You may also need to adjust the volume on your docked or auxiliary device.

## Charging Docked Device:

When your iPod or iPhone is properly docked and the Soma Travel unit is connected to power, your device will automatically begin charging.

## MAINTENANCE

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the exterior of the unit. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the Soma Travel in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power adapter not connected; outlet not active.	Ensure power adapter is securely plugged into the unit and a working wall outlet.
No sound from docked device	Device not properly docked; volume too low; device in silent mode.	Reseat the device on the dock; increase volume on Soma Travel and device; check device's silent/mute switch.
No sound from auxiliary input	Aux cable not connected; volume too low on external device.	Ensure 3.5mm cable is fully inserted; increase volume on external device.
Device not charging	Unit not powered; device not properly docked.	Ensure Soma Travel is powered on and connected to AC; reseat the device on the dock.
