Bahco 4750FB2W-24A

Bahco 4750FB2W-24A 24" Closed Bag-On Wheels Instruction Manual

Model: 4750FB2W-24A | Brand: Bahco

1. PRODUCT OVERVIEW

The Bahco 24" Closed Bag-On Wheels is designed for efficient tool organization and transport. Constructed from durable 600 denier polyester, it offers flexibility and lightweight portability while resisting damage. Its plastic hard bottom and double stitching reinforcement ensure 100% waterproof protection and easy cleaning. Heavy-duty PVC zippers provide quick and easy access to your tools. The bag features multiple pockets for organized storage, including large side pouches (one detachable, one fixed) and a special pocket for a 10" tablet. A telescopic handle extends up to 38" for comfortable rolling, complemented by smooth-rolling wheels.

Key Features:

- 600 denier polyester construction for durability and lightweight design.
- 100% waterproof plastic hard bottom with double stitching for easy cleaning.
- Heavy-duty PVC zippers for secure and quick access.
- Multiple internal and external pockets for organized tool storage.
- Large side pouches: one detachable, one fixed.
- Dedicated pocket for a 10" tablet.
- Telescopic handle extending up to 38" for convenient transport.
- Smooth-rolling wheels for easy mobility.

2. SETUP

Initial Inspection:

Upon unpacking, inspect the tool bag for any signs of damage. Ensure all zippers, handles, and wheels operate smoothly.

Attaching/Detaching Shoulder Strap:

The bag comes with a detachable shoulder strap for alternative carrying options. To attach, simply clip the metal hooks of the strap onto the D-rings located on each end of the bag. To detach, press the spring-loaded clip on each hook and remove it from the D-ring. The strap length can be adjusted using the buckle for personalized comfort.

Preparing for Use:

Unzip the main compartment and familiarize yourself with the internal pockets and dividers. The bag is ready for immediate use without complex assembly.

3. OPERATING INSTRUCTIONS

Packing Tools:

Utilize the various internal and external pockets to organize your tools efficiently. Heavier items should be placed at the bottom of the main compartment to maintain stability. Smaller items can be stored in the mesh pockets or zippered side compartments for easy access.

Transporting the Bag:

For easy transport, extend the telescopic handle by pressing the release button and pulling it upwards until it locks into place. Tilt the bag and roll it on its wheels. Ensure the path is clear of obstacles to prevent damage to the wheels or handle. When not rolling, the bag can be carried using the top handles or the detachable shoulder strap.

4. MAINTENANCE

Cleaning:

The bag's 100% waterproof plastic hard bottom and polyester material make it easy to clean. Wipe down the exterior and interior with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners that could damage the fabric or waterproof coating. Allow the bag to air dry completely before storing tools.

Zipper Care:

Periodically check the heavy-duty PVC zippers for any debris or obstructions. Clean them gently with a small brush if necessary. Lubricate with a zipper lubricant if they become stiff.

Wheel and Handle Maintenance:

Inspect the wheels and telescopic handle regularly for wear and tear. Keep the wheels free of dirt and debris to ensure smooth rolling. If the telescopic handle becomes difficult to extend or retract, clean any visible dirt from the mechanism.

5. TROUBLESHOOTING

Stuck Zipper:

- Check for fabric caught in the zipper teeth. Gently pull the fabric away while moving the zipper.
- Apply a small amount of graphite (from a pencil) or zipper lubricant to the teeth and try again.

Telescopic Handle Not Extending/Retracting:

- Ensure the release button is fully depressed.
- Check for any obstructions or dirt in the handle mechanism. Clean as necessary.
- Avoid forcing the handle, as this can cause damage.

Wheels Not Rolling Smoothly:

- Inspect wheels for trapped debris (e.g., hair, string, dirt). Remove any obstructions.
- Ensure the wheels are not damaged. If severely damaged, replacement may be necessary.

6. SPECIFICATIONS

Feature	Detail
Manufacturer	Bahco
Part Number	4750FB2W-24A
Item Weight	16.04 pounds
Product Dimensions	26.75 x 13 x 15.75 inches
Item Model Number	4750FB2W-24A
Size	24 inches
Material	Polyester
Item Package Quantity	1
Number Of Pieces	1
Measurement System	Metric
Included Components	Tool bag
Water Resistance Level	Waterproof
Number of Compartments	22
Global Trade Identification Number	07314150277650

7. WARRANTY AND SUPPORT
