## Accutime USP9035

# U.S. Polo Assn. Men's White Sport Watch USP9035 Instruction Manual

Model: USP9035

## INTRODUCTION

Thank you for choosing the U.S. Polo Assn. Men's White Sport Watch, Model USP9035. This manual provides essential information for the proper setup, operation, and maintenance of your new timepiece. Please read these instructions carefully to ensure optimal performance and longevity of your watch.

## SETUP

### 1. Setting the Time

- 1. Pull out the crown:** Gently pull the crown (the small knob on the side of the watch case) out to its outermost position.
- 2. Adjust the hands:** Turn the crown clockwise or counter-clockwise to move the hour and minute hands to the correct time.
- 3. Push in the crown:** Once the time is set, push the crown back into its original position. This will start the watch movement.

## 2. Adjusting the Strap

The silicone strap features a traditional buckle closure for an adjustable fit. To adjust:

1. **Unbuckle the strap:** Open the buckle.
2. **Select a hole:** Choose the strap hole that provides a comfortable and secure fit on your wrist. The strap is designed to fit wrist sizes from 5.5" to 8.25".
3. **Fasten the buckle:** Insert the pin of the buckle into the selected hole and secure it.

## OPERATING INSTRUCTIONS

---

### Timekeeping

This watch is powered by an analog quartz movement, providing accurate and reliable timekeeping. Once the time is set as described in the Setup section, the watch will continuously display the current time. No further regular adjustments are typically needed unless the battery is replaced or the time zone changes.

## MAINTENANCE

---

### Cleaning

To maintain the appearance of your watch, wipe the case and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the finish. The silicone strap can be gently cleaned with mild soap and water.

### Battery Replacement

The watch is powered by a product-specific battery (included). When the watch stops running, it indicates that the battery needs to be replaced. Battery replacement should be performed by a qualified watch technician to ensure proper sealing and function.

### Storage

When not in use, store your watch in a cool, dry place, away from direct sunlight and extreme temperatures. The original gift box can be used for safe storage.

## TROUBLESHOOTING

---

- **Watch not running:**
  - Check if the crown is fully pushed in.
  - The battery may need replacement. Consult a professional watch technician.
- **Incorrect time:**
  - Reset the time as described in the "Setting the Time" section.
  - If the time continues to be inaccurate after resetting, the watch may require servicing.
