Bush Furniture WC36894-03STGK

Bush Business Furniture Office in an Hour 65W L Shaped Cubicle Desk with Storage

Model: WC36894-03STGK

Overview Setup Operation Maintenance Troubleshooting Specifications Warranty & Support

1. Product Overview

The Bush Business Furniture Office in an Hour L Shaped Cubicle Desk with Storage is designed to create a functional and productive workspace. This unit features an L-shaped desk, privacy panels, a mobile file cabinet, and an overhead storage cabinet, providing a comprehensive solution for office environments. The design emphasizes ease of installation and durability.

Figure 2: An office environment featuring multiple L-shaped cubicle desks, demonstrating how units can be arranged to create a cohesive workspace.

Key Features:

- **Durable Work Surface:** The desktop is constructed with a thermally fused laminate finish, providing resistance against scratches, stains, and other cosmetic damage. It supports up to 200 pounds.
- **Privacy and Communication Panels:** Includes a 63-inch tall panel for enhanced privacy and a 48-inch panel designed to facilitate communication. These fabric-covered panels can be configured on either side to suit specific layout requirements.
- **Integrated Storage:** Features a mobile file cabinet with locking drawers for securing letter, legal, and A4-size documents, along with office supplies. An overhead storage cabinet with doors provides additional space for materials.
- **Cable Management:** Desktop grommets and removable leg panels are incorporated to organize and conceal cords and cables, maintaining a tidy workstation.
- **Adjustable Levelers:** Equipped with adjustable levelers to ensure stability on uneven floor surfaces.
- **Quality Standards:** This product meets or exceeds ANSI/BIFMA quality standards for safety and performance.

2. Setup and Assembly

Assembly of the L-shaped cubicle desk requires two individuals. All necessary assembly tools are included. Follow the instructions provided in the separate assembly guide for detailed, step-by-step procedures. Ensure all components are present before beginning assembly.

Assembly Overview:

1. **Unpack Components:** Carefully unpack all parts and hardware. Verify against the parts list in your assembly guide.
2. **Assemble Panels:** Connect the privacy and communication panels according to your desired layout. The panels can be installed on either side of the desk.
3. **Attach Desk Surface:** Secure the L-shaped desktop to the panel framework and support legs.
4. **Install Storage:** Mount the overhead storage cabinet to the tall cubicle panel. Position the mobile file cabinet as desired, ensuring its casters are locked for stability during use.
5. **Adjust Levelers:** Once assembled, adjust the levelers on the desk feet to ensure the workstation is stable and level on your floor.

Figure 3: Diagram illustrating the L-shaped cubicle desk with callouts for the 63-inch high privacy panel and 48-inch high communication panel, along with other key features like rolling file cabinets, locking drawers, desktop wire grommets, adjustable levelers, and removable leg panels.

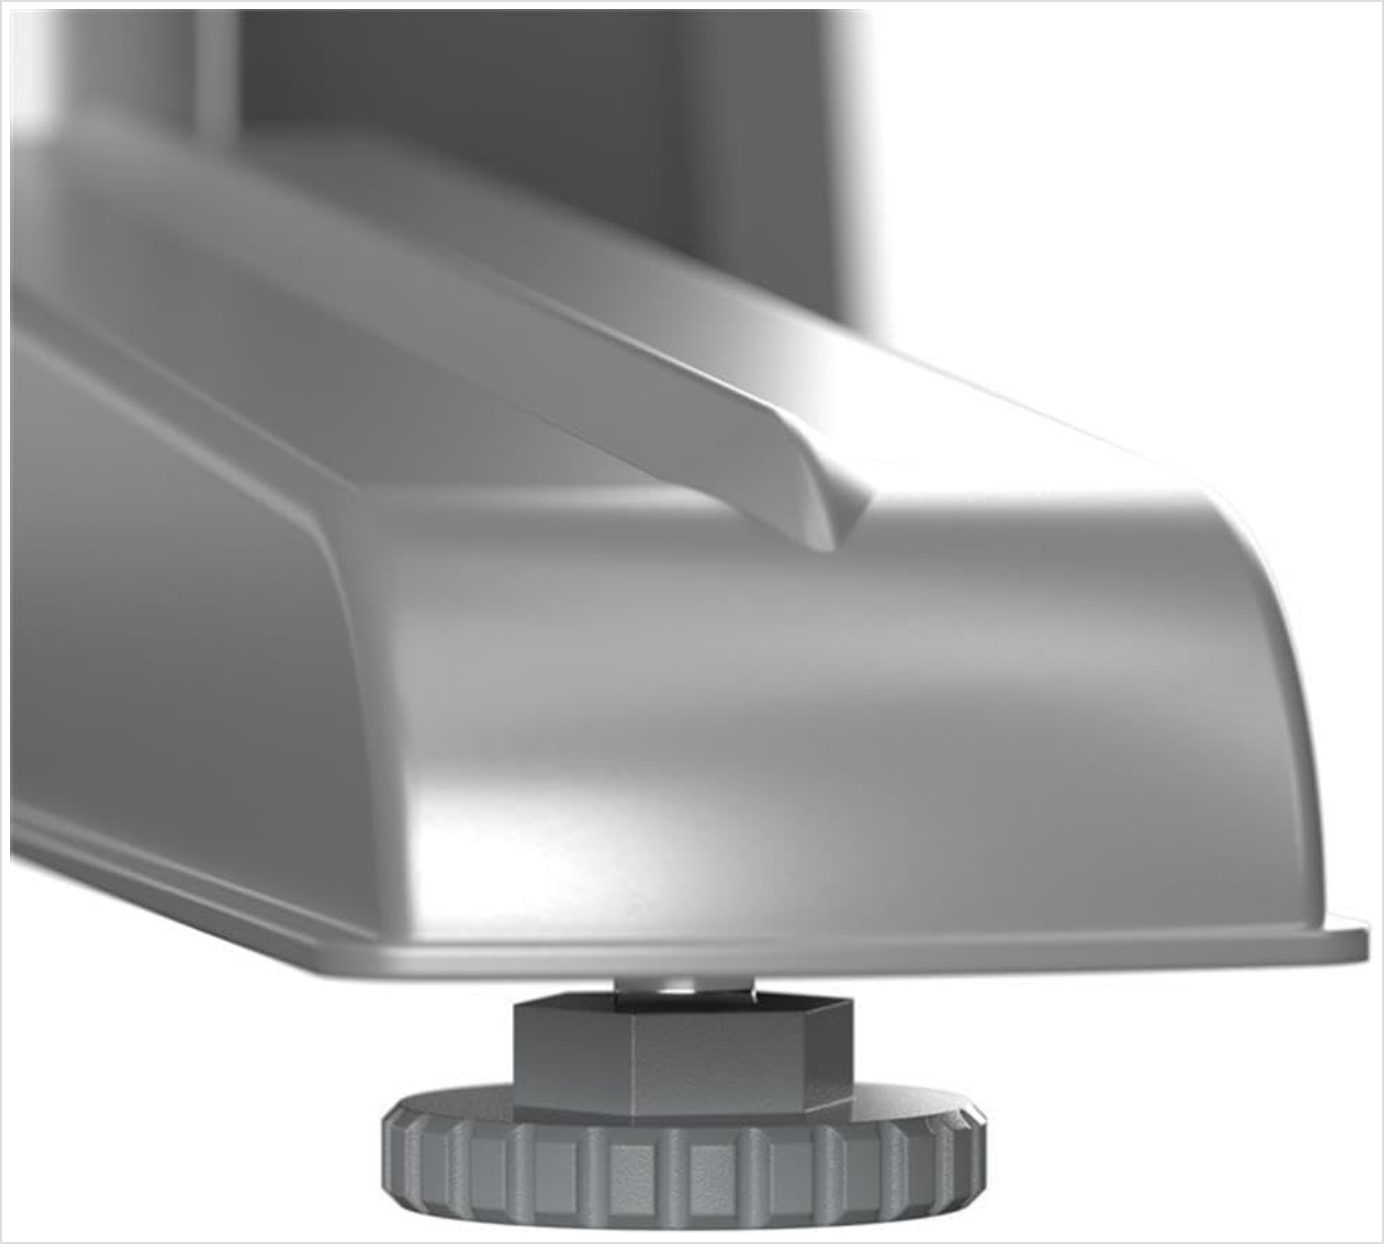

Figure 4: Detail of the adjustable leveler located at the base of the desk leg, used for stabilizing the unit on uneven surfaces.

3. Operation and Usage

Workstation Use:

- **Desktop:** Utilize the spacious L-shaped desktop for your computer, monitor, and other work essentials. The thermally fused laminate surface is designed for durability.
- **Cable Management:** Route power cords and data cables through the desktop grommets to keep your work surface clear. Use the removable leg panels to conceal and organize cables vertically.

Figure 5: A desktop grommet in use, demonstrating how cables can be passed through the desk surface for organization.

Figure 6: The removable leg panel allows for discreet routing of cables from the desktop to the floor, maintaining a clean aesthetic.

Figure 7: An example of under-desk cable management, showing how cables are secured and organized beneath the work surface.

Storage Features:

- **Mobile File Cabinet:** The mobile file cabinet can be positioned under the desk or elsewhere in your workspace. Its locking drawers provide secure storage for sensitive documents and personal items. The dual-wheeled casters allow for easy repositioning.
- **Overhead Storage Cabinet:** Use the overhead cabinet for storing items that need to be easily accessible but off the main work surface.
- **Paper Tray and Pencil Holder:** Utilize the included paper tray and pencil holder to keep work-in-progress and writing utensils organized.

Figure 9: The overhead storage cabinet with both doors open, revealing internal storage space.

4. Maintenance

Regular maintenance ensures the longevity and appearance of your Bush Business Furniture workstation. Follow these general furniture care guidelines:

- **Cleaning Surfaces:** Wipe down all laminate surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth.
- **Spills:** Clean spills immediately to prevent staining, especially on the laminate surfaces.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Tighten if necessary to maintain structural integrity.
- **Caster Care:** Keep the mobile file cabinet casters free of debris to ensure smooth movement.

5. Troubleshooting

This section addresses common issues you might encounter with your cubicle desk.

Common Issues and Solutions:

- **Desk Wobbles:**
  - Ensure all assembly hardware is securely tightened.
  - Adjust the levelers on the bottom of the desk feet to compensate for uneven flooring.
- **Drawers Stick or Don't Close Properly:**
  - Check for any obstructions inside the drawer or along the drawer slides.
  - Verify that the mobile file cabinet is on a level surface and its casters are locked.
  - Ensure the drawer slides are properly aligned and free of debris.
- **Panels are Loose:**
  - Check the connections between the panels and the desk frame. Tighten any loose fasteners.
- **Cable Management Issues:**
  - Ensure cables are not kinked or pinched within the grommets or leg panels.
  - Re-route cables if they are causing strain or preventing components from sitting flush.
